Learned from Research on Mathematics Curriculum Denisse R Thompson, Mary Ann Huntley, Christine
Suurtamm, 2024-09-01 This volume focuses on research related to mathematics curriculum But rather than focusing on
results of research it focuses on lessons learned about conducting research on curriculum whether about design and
development analysis of curriculum in the form of official standards or textbook instantiations teacher intentions related to
curriculum implementation or actual classroom enactment For scholars interested in curriculum research the volume offers
lessons about conducting curriculum research that have been learned by others engaged in such work including frameworks
tools and techniques as well as challenges and issues faced with solutions to address them Sharing lessons from authors of
different countries strengthens the broader mathematics research community and provides insights that can help
researchers make important strides forward in research on mathematics curriculum **Big Ideas Math** Ron Larson, Laurie
