Auxier, Phil Seng, 2011-08-31 From the bedtime story by L Frank Baum to the classic 1939 film no story has captured the imaginations of generations of children and adults like *The Wizard of Oz* The story of Dorothy's journey through Oz the colorful characters places songs and dialogue have permeated popular culture around the world The contributors to this volume take a very close look at *The Wizard of Oz* and ask the tough questions about this wonderful tale They wonder if someone can possess a virtue without knowing it and if the realm of Oz was really the dream or if Kansas was the dream Why does water melt the Wicked Witch of the West and why does Toto seem to know what the other characters can't seem to figure out The articles included tackle these compelling questions and more encouraging readers to have discussions of their own

Anticapitalism and Culture Jeremy Gilbert, 2008-09-01 What does anticapitalism really mean for the politics and culture of the twenty first century Anticapitalism is an idea which despite going global remains rooted in the local persisting as a loose collection of grassroots movements and actions Anticapitalism needs to develop a coherent and cohering philosophy something which cultural theory and the intellectual legacy of the New Left can help to provide notably through the work of key radical thinkers such as Ernesto Laclau Stuart Hall Antonio Negri Gilles Deleuze and Judith Butler Anticapitalism and Culture argues that there is a strong relationship between the radical tradition of cultural studies and the new political movements which try to resist corporate globalization Indeed the two need each other whilst theory can shape and direct the huge diversity of anticapitalist activism the energy and sheer political engagement of the anticapitalist movement can breathe new life into cultural studies A PDF version of this book is available for free in open access via the OAPEN Library platform www.oapen.org

have become dominant forces in contemporary worldwide culture Our fascination with the near angelic powers of new technology its benefits and dangers its potential for obsession and catastrophe raises vital questions that this work explores about human nature and the cosmos about man's image of himself and where he is going and why he seeks to go there

Seduction Catherine Gildiner, 2010-05-21 During her decade in prison Kate Fitzgerald has learned a few things The best way to survive is to absorb yourself in your own world Never make eye contact with your fellow inmates And the last person you can trust is your prison psychiatrist not only is he likely to be lazy and incompetent really why else wouldn't he be getting rich off of well heeled clients instead but if you complain about him you're going to be labelled as a permanent malcontent and denied parole So when Dr Gardonne offers Kate a temporary absence and a job working for him she only takes it because she knows that turning him down could be worse for her in the long run counted in prison years of course But the real challenge is figuring out why he would choose her On the surface it's pretty clear Kate has spent her incarceration immersing herself in the writings of Sigmund Freud and has become a recognized expert on his work Dr Gardonne represents the members of a psychoanalytic organization that is being attacked at its core Anders Konzak the hand picked director of the Freud academy has been boasting to the media that his new research on Freud will bring the entire profession of psychoanalysis to its knees He's also been receiving death threats And Kate as an outsider is the only one Konzak will talk to Though she doesn't trust Gardonne Kate accepts his offer and she races to uncover Konzak's secrets before he publishes his work Never one to work well with others Kate is less than thrilled to find out Gardonne has hired a private detective to be her partner Jackie Lawton is a hardened ex con who has spent most of his life in prison and only recently turned things around by starting his own business From the moment the two meet Kate sees that it won't be easy working with a man who isn't really interested in the intellectual battle at hand and who keeps her prison time at the forefront of every conversation And can he really be trusted When key players who were all last seen with Kate begin to turn up dead there's the very real possibility she's being set up by Gardonne After all who would believe the word of a convict serving time for murdering her husband All she can hope is that following the threads of Konzak's research to his sources will keep her one step ahead of Gardonne and lead her to the real killer With *Seduction* Catherine Gildiner gives us not only a gripping detective story full of shifting characters and fast paced twists but a remarkable intellectual thriller Through the letters and papers of Sigmund Freud Charles Darwin and the venerable Wedgwood family Gildiner brings the personalities and ideological conflicts of the past to life in the present Along the way we meet an assortment of characters from social misfits to the demure but resolute Anna Freud who is still living in the London house where she brought her ailing father for the last year of his life and where she actively guards his legacy The story takes us from Toronto to Vienna London the Isle of Wight New York and back again to Toronto each locale seen through the eyes of Kate who relishes in the beauty of a world that has been denied to her for a decade
