Dutch Novels Translated into English Rita Vanderauwera, 2022-06-20

World War II in Contemporary German and Dutch Fiction Jan Lensen, 2021-03-04 World War II in Contemporary German and Dutch Fiction The Generation of Meta Memory offers a comparative study of the construction of World War II memory in contemporary German Flemish and Dutch literature More specifically it investigates in what ways the large temporal distance to the historical events has impacted how literary writers from these three literatures have negotiated its meaning and form during the last decades To that end this book offers analyses of nine novels that demonstrate a pronounced reflexivity on the conditions of contemporary remembering Rather than a dig for historical truth or a struggle with historical trauma these novels reflect on the transmission the narrative shapes the formation processes and the functions of World War II memory today while asserting a self conscious and often irreverent approach toward established mnemonic routines practices and rules As the analyses show this approach is equally articulated through the novels poetics which are marked by a large formal diversity and a playfulness that highlights mnemonic agency a posttraumatic positioning and the ascendancy of the literary over the historiographical Based on these findings this book proposes the emergence of a new paradigm within the postwar cultural assessment of World War II the generation of meta memory

De ijdele façade Marc van Zoggel, 2018 Harry Mulisch werd zijn leven lang beticht van arrogantie Nu deed de auteur ogenschijnlijk weinig moeite om het imago dat aan hem kleefde bij te sturen getuige een kenmerkende uitspraak als Ik ben een groot schrijver daar helpt geen moedertjelif aan Volgens Mulisch was dit echter zelfironie In De ijdele façade onderzoekt

Marc van Zoggel het mechaniek van de zelfvergroting en de dynamiek van de ironie in het oeuvre van Mulisch Hij gaat op zoek naar de literaire traditie waarin Mulisch schrijversfiguur valt te situeren en beschrijft de ontwikkeling van de ironieopvatting van de auteur Dit leidt tot nieuwe interpretaties van de novellen *De pupil* 1987 en *Het beeld en de klok* 1989 en de romans *De ontdekking van de hemel* 1992 en *Siegfried* 2001 vier werken waarin Mulisch hoog spel speelde door de zelfvergroting en zelfironie tot inzet van zijn scheppende werk te maken 0

De romans Harry Mulisch, 1997 *Holocaust Literature: Lerner to Zychlinsky, index* S. Lillian Kremer, 2003 Review This encyclopedia offers an authoritative and comprehensive survey of the important writers and works that form the literature about the Holocaust and its consequences The collection is alphabetically arranged and consists of high quality biocritical essays on 309 writers who are first second and third generation survivors or important thinkers and spokespersons on the Holocaust An essential literary reference work this publication is an important addition to the genre and a solid value for public and academic libraries The Top 20 Reference Titles of the Year American Libraries May 2004

Narratives of Trauma, 2015-06-29 Over the last decade German culture has been engaged in a re examination of the traumatic events of the Second World War and their post war legacy in the public and private sphere This shift in German memory culture from a focus on responsibility for the Holocaust to a focus on wartime suffering has attracted a lot of critical attention over the past decade in both Cultural and Literary Studies and History This volume brings together British German Dutch and American scholars from the fields of Cultural Studies History and Sociology to address the national and international significance of discourses of German wartime suffering in post war and contemporary Germany The focus of this interdisciplinary volume is both on the historical roots of the Germans as victims narratives and the forms of their continuing existence in contemporary public memory and culture The first three sections of this volume explore the conditions of German victim discourses in a variety of media and public arenas from historiography sociology literature and film to monuments civil defence bunkers and local public memory The final section sets the contemporary re articulation of German wartime suffering in an international context with respect to its reception and its reflection in both Western and
