

Goal Setting Part 3: Set Some Goals!

When I'm older, I really want to be a:

Doctor

This is a long-term goal because it is far far into the future.

Why do I want to achieve this goal? Why is it important to me?	Why do I want to achieve this goal? because I want other people and it is kind this job is important to me because I want to help people.
---	--

If I want to achieve this long-term goal, I have to achieve smaller short-term goals that come first.

Learn about bones and all about medicine.	Go to college	not to get easily distracted
---	---------------	------------------------------

To achieve these goals, I need to make a plan. These are the steps I need to take for each goal.

1. Watch TV about bones 2. Ask people that know about all about medicine. 3. Ask teachers and if possible books and medicine and figure out my bones.	1. Improve my grades 2. Study hard about every subject 3. Go to middle school and high school and go to the best college.	1. When my brother gets hurt try to help him 2. Watch good doctor shows on T.V. with my mom 3. Try to help people when they get hurt.
---	---	---

Visualize yourself taking these steps (visualize means to imagine a picture of it in your head). Pick 4 of the steps you're going to take and draw them here.

Achieving your goals might be hard. There might be obstacles (things that get in my way), but you won't let them stop you.

Obstacle	How You Can Tackle It
1. My parents not have in enough money to let me go to college.	Help them get money.
2.

Goal Setting For First Graders:

The Essentials of Teaching Health Education Sarah Benes, Holly Alperin, 2025-02-18 The Essentials of Teaching Health Education has become the benchmark instructional textbook on developing successful health education programs. Now in a third edition that incorporates the 2024 SHAPE America National Health Education Standards and performance indicators, it sets the foundation for employing a skills-based approach that will teach students to become health literate, develop self-efficacy, and lead health-promoting lifestyles so that they can thrive at school and throughout life. Written by seasoned and highly credentialed authors with experience in both university and preK-12 settings, The Essentials of Teaching Health Education Third Edition With HKPropel Access provides health education teacher education (HETE) students and in-service teachers all they need to build and teach a successful health education program. How to teach and develop health-related skills with a focus on integrating the National Health Education Standards. Practical strategies for accentuating strengths and skill development in curriculum design. Real-world examples that demonstrate how the concepts are applied. Advice and reflections from educators who have implemented a skills-based approach. In addition, the book features learning aids that help readers better understand and apply the content, including chapter summaries, discussion questions, and key points. Related materials delivered online through HKPropel include activities, flash cards, key term quizzes, worksheets, and skill cue posters. The Essentials of Teaching Health Education is arranged into four parts. Part I delves into the skills-based approach to health education, explaining the importance of the approach and how to understand student motivation. Part II takes an in-depth look at the National Health Education Standards. Each chapter focuses on one standard and provides steps for skill development, suggested cues for each skill, strategies for teaching and modeling the skill developmentally appropriate skill-based learning activities, activities for skill practice, suggested ways to assess mastery of the skill, and other health topics that could also be taught in conjunction with that skill. Part III explores how to use data to inform curriculum planning, outlines the eight steps for curriculum development, and shows how to design meaningful assessments. In part IV, readers learn how to create a positive learning environment, implement a skills-based approach, meet the unique needs of elementary health education, grow as a professional, and advocate for skills-based health education in schools. The Essentials of Teaching Health Education Third Edition offers evidence-informed strategies as it guides health educators through the critical process of supplying students with the know-how they need for lifelong health and well-being. With this essential resource, current and future educators are set to deliver a complete, well-rounded, and successful health education curriculum. Human Kinetics is proud to publish this book in association with SHAPE America, the national organization that defines excellence for school-based health and physical education professionals across the United States.
