Glory Days And Tragedy:

Lycurgan Athens and the Making of Classical Tragedy Johanna Hanink, 2014-06-19 Through a series of interdisciplinary studies this book argues that the Athenians themselves invented the notion of classical tragedy just a few generations after the city's defeat in the Peloponnesian War. In the third quarter of the fourth century BC and specifically during the Lycurgan Era 338-322 BC a number of measures were taken in Athens to affirm to the Greek world that the achievement of tragedy was owed to the unique character of the city. By means of rhetoric, architecture, inscriptions, statues, archives and even legislation the classical tragedians Aeschylus, Sophocles and Euripides and their plays came to be presented as both the products and vital embodiments of an idealised Athenian past. This study marks the first account of Athens' invention of its own theatrical heritage and sheds new light upon the interaction between the city's literary and political history. *The Broadview Anthology of Drama, Volume 1: From Antiquity Through the Eighteenth Century* Craig S. Walker, Jennifer Wise, 2003-07-09 The Broadview Anthology of Drama Plays from the Western Theatre is a chronological presentation of 43 plays in two volumes ranging from the ancient theatre world to the present day. Each chapter focuses on a specific period and begins with an insightful introduction sketching the historical and theatrical landscape of that period. Contextualization for each play is provided through a thorough account of the literary and dramatic background of the play along with clear and comprehensive annotation. In addition the editors have provided a glossary of terms used in the anthology to better equip students with a vocabulary for discussing the world of the stage. **The Siren and the Sage** Steven Shankman, Stephen Durrant, 2003-09-16 The cultures of ancient China and ancient Greece have exerted immeasurable influence on later civilizations. The texts and cultural values of classical China spread throughout East Asia and became the foundation of learning in Korea, Japan and Vietnam. Greek learning and culture receive credit for many of the intellectual paradigms of the West. Probably the one which is most distinctly Western is the tradition of logical proof and the related assumption that as Aristotle put it in *Metaphysics* 980 we all desire to know. In contrast the Chinese tradition as exemplified by Laozi's *Dao de jing* cautions that through our desire to know we may forfeit wisdom, thus engendering a split between knowledge and wisdom. *The Siren and the Sage* is a comparative study of what some of the most influential writers of ancient China and ancient Greece thought it meant to know and whether they distinguished knowledge from wisdom. It surveys selected works of poetry, history and philosophy from roughly the eighth through the second centuries BCE, focusing on the *Odyssey*, the ancient Chinese *Classic of Poetry*, Thucydides' *History of the Peloponnesian War*, Sima Qian's *Records of the Historian*, Plato's *Symposium*, Laozi's *Dao de jing* and the writings of Zhuangzi. The intention through such juxtaposition is to introduce foundational texts of each tradition, texts which continue to influence most of the world's peoples. It is intriguing to ask what awareness, if any, these distinctive cultures had of each other. A considerable body of scholarship comparing ancient Greece and ancient China now exists. Scholars are presenting evidence that the two cultures may actually have been aware of

each other's presence even though that awareness was presumably indirect perhaps mediated by the nomadic peoples of Central Asia While not directly contributing evidence the authors argue that comparing the cultures of Greece and China will continue to be an irresistible and important scholarly debate The book offers a provocative study which is accessible to students and general readers and at the same time contributes to the debate **Questioning Racinian Tragedy** John Campbell, 2005 Noting significant differences between the individual tragedies of Racine and the many current notions of what Racinian tragedy is deemed to imply John Campbell explores the identity and meaning of the modern Racine He asks if any one critical paradigm Tragedy and the Witness Fred Parker, 2025-04-15 As he dies Hamlet pleads with Horatio to report me aright tell my story This book deals with the task of bearing witness to anguish atrocity and madness as these are staged in the tragic theatre Focusing on the relationship between the protagonist and the onlooker or witness it explores how the tragic figure often and understandably viewed as alien or culpable or profoundly strange struggles to be understood Centred on Shakespeare its wide ranging approach also introduces works by among others the Greeks Racine Ibsen Pirandello Kafka Beckett and Kane The discussion intersects with trauma studies and with psychoanalytic theory especially around how subjective experience is held by others The challenge of entering into such difficult experience is likened to the offering of hospitality to the foreigner or stranger the challenge of overcoming xenophobia Another large concern is with how tragedy represents madness and how far such states of mind may be shared with an audience particularly through the lens of King Lear Written in an accessible style this book grounds tragedy in matters that resonate in common experience from mental breakdown and our need to be heard to questions around grieving trauma and the ethics of telling someone's story **Dead Vessel** Amanda Fasciano, 2023-04-30 What are you supposed to do when the spirit of someone alive suddenly appears Having died in the line of duty Detective Cadence Riley has been recruited to help police haunted locations so that the spirits don't give too much away to the living She and her partner have also helped protect the living from non human evil spirits All is going according to procedure until someone alive appears before her Cadence has been reunited with her brother who died ten years before when the majority of coeds in his dorm were slaughtered Restoration of the old Victorian style dorm has begun as the college is intent on opening the building up once more The construction does more than disturb the spirits of the dead however The spirit of an old classmate one not killed in the massacre appears out of the blue As Cadence and Snow begin to put the pieces of the puzzle regarding his sudden appearance in place it becomes clear that more is at stake This case for both the living and the dead is as dangerous as a raging fire Someone is bound to get burned **Lords of the Ring** Doug Moe, 2005-09-14 Annotation Revives the exciting era when college boxing attracted huge crowds outdrawing the professional bouts This book tells the whole extraordinary story of how and why this popular college sport abruptly ended in 1960 based on dozens of interviews and extensive examination of newspaper microfilm boxing records and memorabilia
