**Curriculum Materials** Janine T. Remillard,Ok-Kyeong Kim,2020-03-16 The book presents comparative analyses of five elementary mathematics curriculum programs used in the U S from three different perspectives the mathematical emphasis the pedagogical approaches and how authors communicate with teachers These perspectives comprise a framework for examining what curriculum materials are comprised of what is involved in reading and interpreting them and how curriculum authors can and do support teachers in this process Although the focus of the analysis is 5 programs used at a particular point in time this framework extends beyond these specific programs and illuminates the complexity of curriculum materials and their role in teaching in general Our analysis of the mathematical emphasis considers how the mathematics content is presented in each program in terms of sequencing the nature of mathematical tasks cognitive demand and ongoing practice and the way representations are used Our analysis of the pedagogical approach examines explicit and implicit messages about how students should interact with mathematics one another the teacher and the textbook around these mathematical ideas as well as the role of the teacher In order to examine how curriculum authors support teachers we analyze how they communicate with teachers and what they communicate about including the underlying mathematics noticing student thinking and rationale for design elements The volume includes a chapter on curriculum design decisions based on interviews with curriculum authors *Guide to Math Materials* Phyllis J. Perry,1997-02-15 Now it s easy to locate the

materials you need to implement the new NCTM math standards Organized by such math topics as problem solving estimation number sense and numeration and geometry and spatial relationships this book shows users where to find manipulatives and materials such as attribute blocks pattern blocks clocks scales multilink cubes and prisms calculators and sorting toys It also lists specialized math books computer software and a host of other learning materials e g activity cards puzzles posters games reproducibles The author briefly describes each product cites grade level when given and explains possible applications Products of exceptional quality and value are highlighted and the addresses of publishers and suppliers are given A real time saver Grades K 4 **The Arithmetic Teacher** ,1993 **Nutrition and the Elderly** Shirley King
