Go And Do Likewise Jesus And Ethics:

Go and Do Likewise William Spohn, 2000-09-01 What does Jesus have to do with ethics There are two brief answers given by believers everything and not much While evangelical or fundamentalist Christians would find authoritative guidance in the words and commands of Jesus as recorded in the New Testament many mainstream Christian ethicists would say that Jesus is too concrete or narrowly particular to have any direct import for ethics In this book Williams Spohn takes a middle way showing how Jesus is the concrete universal of Christian ethics By forming a bridge from the lives of contemporary Christians to the words and deeds of Jesus Jesus story as a whole exemplifies moral perception motivation and Christian identity In addition Spohn shows how the practices of Christian spirituality specifically prayer service and community train the imagination and reorient emotions to produce a character and a way of life consonant with Christian New Testament moral teaching

Conscience and Prayer Dennis Joseph Billy, James Keating, 2001 Conscience and Prayer takes the new conversation between Christian spirituality and moral theology to a deeper level of precision and focus The authors argue that the relationship between moral theology and spirituality can best be explored by looking at how conscience is related to prayer In exploring this relationship both historically and theologically Billy and Keating open new ways to approach the fundamental aspects of Catholic moral theology

Exploring Ordinary Theology Leslie J. Francis, 2016-04-15 Ordinary theology characterizes the reflective God talk of the great majority of churchgoers and others who remain largely untouched by the assumptions concepts and arguments that academic theology takes for granted Jeff Astley coined the phrase in his innovative study Ordinary Theology Looking Listening and Learning in Theology arguing that speaking statistically ordinary theology is the theology of God s Church A number of scholars have responded to this and related conceptualizations exploring their theological implications Other researchers have adopted the perspective in examining a range of Church practices and contexts of Christian discipleship using the tools of empirical study Ordinary theology research has proved to be key in uncovering people s everyday lay theology or ordinary dogmatics Exploring Ordinary Theology presents fresh contributions from a wide range of authors who address the theological empirical and practical dimensions of this central feature of ordinary Christian existence and the life of the Church

reconfigure undergraduate education as a journey toward life purpose It ties together the liberal arts personal development and preparation for life all through the exploration of vocation *Thinking of Christ* Tatha Wiley,2003-10-22 This is a textbook on Christology for the undergraduate graduate and seminary market written by eleven distinguished North American Roman Catholic theologians The structure of the book and of the individual essays follows a pattern of recovery analysis of the tradition critique consideration of special problems and reconstruction distinctive Christologies in the contemporary American context Part I devoted to historical recovery treats Jesus of Nazareth and the significance of historical Jesus research for Christology today Christological developments resulting in the conciliar definitions of Nicaea and Chalcedon and diverse conceptions of Christ s redemption in the early and medieval church Part II treats four problems in modern debate religious pluralism and Christian exclusivist claims theological anti-Semitism embedded in Christological formulations legitimization of male privilege via appeals to the masculinity of Jesus and Christ s headship of the church the use of the Christ symbol to legitimate colonialism and racial exploitation Finally Part III offers two examples of contemporary Christologies of social transformation mujerista Christology and black Christology Contributors Lisa Sowle Cahill Elisabeth Schussler Fiorenza Roger Haight Ada Maria Isasi Diaz Robert Lassalle Klein William Loewe John Pawlikowski Jamie Phelps Rosemary Radford Ruether Gerard Sloyan and Tatha Wiley **Living Wisely and Well in the Evening of Life** Duncan S. Ferguson,2024-03-29 *Living Wisely and Well in the Evening of Life* addresses the increasing difficulty of those in our culture who are in the evening of life who must manage a rapidly changing society and a new world being born almost daily There are several dimensions of life which have become especially difficult for those in this position including loneliness the sense of being set aside in a changing culture the cost of medical care the deep conflicts in our political life and the increasing sense of not being able to cope Deep universal values articulated by the apostle Paul in his letter to the Corinthian church must be claimed and internalized Paul artfully guides those from this church in a complex setting by suggesting a more excellent way in which to live with complexity and challenge Then and now we need to cultivate a thoughtful and credible faith in our mature years second we must sustain the well founded hope rooted in our faith in a loving God especially necessary in the evening of life In keeping with the teaching of Jesus we should make unconditional love the central value in life It is possible to flourish in the evening of life undergirded by faith hope and love *A History of Catholic Moral Theology in the Twentieth Century* James F. Keenan,2010-01-17 This is an historical survey of 20th Century Roman Catholic Theological Ethics also known as moral theology The thesis is that only through historical investigation can we really understand how the most conservative and negative field in Catholic theology at the beginning of the 20th could become by the end of the 20th century the most innovative one The 20th century begins with moral manuals being translated into the vernacular After examining the manuals of Thomas Slater and Henry Davis Keenan then turns to three works and a crowning synthesis of innovation all developed before during and soon after the Second World War The first by Odon Lottin asks

whether moral theology is adequately historical Fritz Tillmann asks whether it is adequately biblical and Gerard Gilman whether it is adequately spiritual Bernard Haering integrates these contributions into his Law of Christ Of course people like Gerald Kelly and John Ford in the US are like a few moralists elsewhere classical gate keepers censoring innovation But with Humanae vitae and successive encyclicals bishops and popes reject the direction of moral theologians At the same time moral theologians like Josef Fuchs ask whether the locus of moral truth is in continuous universal teachings of the magisterium or in the moral judgment of the informed conscience In their move toward a deeper appreciation of their field as forming consciences they turn more deeply to local experience where they continue their work of innovation Each continent subsequently gives rise to their own respondents In Europe they speak of autonomy and personalism in Latin America liberation theology in North America Feminism and Black Catholic theology and in Asia and Africa a deep post colonial interculturatism At the end I assert that in its nature theological ethics is historical and innovative seeking moral truth for the conscience by looking to speak crossculturally

Public Worship and Public Work Christian Batalden Scharen, 2004 Description In a time

of increasing cultural pluralism and vast religious restructuring in the United States Christian social ethics must take account of how values and commitments shape Christian communities In *Public Worship and Public Work* Christian Scharen examines theological claims about the relationship of worship and ethics by means of ethnographic study of the life worship and work of three vibrant congregations *Public Worship and Public Work* moves beyond two caricatures of the relationship between worship and social ethics Rather than resolute portrayals of the Church as a reflection of its culture and context and causal accounts of the Church's liturgy forming a Christian witness over and against culture this book lifts up congregational identity as an area of dynamic interaction between worship social ethics and culture Chapters in Part One are Liturgy and Social Ethics Characterizing a Debate and Sociologizing the Debate Identity Ritual and Public Commitment Chapters in Part Two Three Case Studies in Atlanta's Old Downtown are People Living Church The Catholic Shrine of the Immaculate Conception Jesus Saves Big Bethel African Methodist Episcopal Church and The Church at Work Central Presbyterian Church Part Three concludes with The World in the Church in the World **Because You Bear This Name** Bonnie Howe, 2006 This study uses conceptual metaphor theory and methodology to analyze the cultural logic and symbolic context moral content and ethical implications of 1 Peter Conceptual metaphor study helps explain how people generate ethical understandings it can help us recognize and account for lively moral discourse between the NT and contemporary readers

Virtue and the Moral Life William Werpehowski, Kathryn Getek Soltis, 2014-07-22 The scope of interest and reflection on virtue and the virtues is as wide and deep as the questions we can ask about what makes a moral agent's life decent or noble or holy rather than cruel or base or sinful or about the conditions of human character and circumstance that make for good relations between family members friends workers fellow citizens and strangers and the sorts of conditions that do not Clearly these questions will inevitably be directed to more finely grained features of everyday life in particular contexts *Virtue and the Moral Life Theological and Philosophical Perspectives* takes up these questions In its ten timely and original chapters it considers the specific importance of virtue ethics its public significance for shaping a society's common good the value of civic integrity warfare and returning soldiers sense of enlarged moral responsibility the care for and agency of children in contemporary secular consumer society and other questions involving moral failure humility and forgiveness

Becoming Nonviolent Peacemakers Eli Sasaran McCarthy, 2012-07-11 Why do many U S residents Catholics and Catholic leaders among them too often fall short of adequately challenging the use of violence in U S policy The opportunities and developments in approaches to peacemaking have been growing at a significant rate However violent methods continue to hold significant sway in U S policy and society as the commonly assumed way to peace Even when community organizers policymakers members of Catholic leadership and academics sincerely search for alternatives to violence they too often think about nonviolence as primarily a rule or a strategy Catholic Social Teaching has been moving toward transcending the limits of these approaches but it still has significant room for growth In order to contribute to this growth and to impact U S policy McCarthy draws on Jesus Gandhi Ghaffar Khan and King to offer a virtue based approach to nonviolent peacemaking with a corresponding set of core practices This approach is also set in conversation with aspects of human rights discourse to increase its possible impact on U S policy As a whole Becoming Nonviolent Peacemakers offers an important challenge to contemporary accounts of peacemaking in the U S

Worlds at War, Nations in Song Kendra Haloviak Valentine, 2015-01-12 Rather than representing the book of Revelation as a single apocalyptic genre Kendra Haloviak Valentine demonstrates that the work in fact reflects several genres apocalyptic prophetic and liturgical within the overall framework of an epistle This study focuses on the sixteen hymns a largely neglected part of the literary construction of the work Responding to the insight of Mikhail Bakhtin that literary genres carry ways of thinking about the world this important study calls attention to the multiple voices within the text that need to be heard voices that soften the book's transcendent future focus so that it is not

allowed complete dominance Hymns as the sites of colliding and collaborating genres engage the reader Worlds at War Nations in Song explores the role of these liturgical elements within the moral enterprise to suggest that the book of Revelation provides readers with a moral vision linking the future with the present Readers are called to respond in worship and witness By calling attention to the multiple voices within Revelation Haloviak Valentine demonstrates the invalidity of seeking one correct interpretation Recognizing this dialogic approach may help prevent the misinterpretations that led to such tragedies as Waco and Jonestown

The Early Christian Community Douglas A. Hume, 2011 Douglas A Hume offers a narrative ethical reading of the passages depicting the early Christian community in Acts 2 41 47 and 4 32 35 He begins with a methodological exploration of how contemporary scholars may examine the impact of biblical narratives upon reader s moral imaginations Given the presence of friendship language in Acts the work subsequently launches into an examination of this idiom in Greco Roman philosophical and literary works by Aristotle Plutarch Diogenes Laertius and Iamblichus The author then proceeds to an exegetical examination of how friendship language is employed by Luke in the narrative summaries of Acts This ethical reading of the Acts 2 41 47 and 4 32 35 incorporates multiple features of narrative criticism and asks such wide ranging questions as the use of emotion point of view and characterization to shape the reading audience s perception of God the early Christian community and other characters within the story of Luke Acts This study has implications for biblical studies practical theology and contemporary understandings of ecclesiology
