## **Going Native Going Native:**

**Going Native** Shari M. Huhndorf, 2001-02-15 Since the 1800s many European Americans have relied on Native Americans as models for their own national racial and gender identities. Displays of this impulse include world's fairs, fraternal organizations and films such as *Dances with Wolves*. Shari M. Huhndorf uses cultural artifacts such as these to examine the phenomenon of going native, showing its complex relations to social crises in the broader American society, including those posed by the rise of industrial capitalism, the completion of the military conquest of Native America, and feminist and civil rights activism. Huhndorf looks at several modern cultural manifestations of the desire of European Americans to emulate Native Americans. Some are quite pervasive, as is clear from the continuing if controversial existence of fraternal organizations for young and old which rely upon Indian costumes and rituals. Another fascinating example is the process by which Arctic travelers went Eskimo, as Huhndorf describes in her readings of Robert Flaherty's travel narrative *My Eskimo Friends* and his documentary film *Nanook of the North*. Huhndorf asserts that European Americans' appropriation of Native identities is not a thing of the past and she takes a skeptical look at the tribes beloved of New Age devotees. *Going Native* shows how even seemingly harmless images of Native Americans can articulate and reinforce a range of power relations, including slavery, patriarchy, and the continued oppression of Native Americans. Huhndorf reconsiders the cultural importance and political implications of the history of the impersonation of Indian identity in light of continuing debates over race, gender, and colonialism in American culture. *Going Native in Murcia* Debbie Jenkins, Marcus Jenkins, 2012

EVERYTHING YOU EVER WANTED TO KNOW ABOUT THE MURCIA REGION Full of useful tips straight from a British couple who now call this region their home. Let Debbie and Marcus be your guides as they share their love for Murcia, its people, and its surrounds with intimate details, personal stories, and hot tips for visitors, home buyers, and new natives alike. This third edition has been carefully revised and is packed full of 300% more information, including all town guides and selected maps. *Going Native in Murcia*, the most comprehensive guide in print, is now even better. *Allopathy Goes Native*

Agnes Loeffler, 2017-03-30 Allopathy is often described as western medicine, the antithesis of homeopathy, yet all medical systems are infused with culture-specific values, ideas, and beliefs. Agnes Loeffler's insightful and original book investigates how allopathic knowledge, theories, and practice guidelines come to be understood and applied by practitioners in a non-western context. Based on research amongst doctors in Iran, Loeffler describes how the system of allopathic medicine has adapted to local explanations of health and disease and to the economic, social, and religious-political realities framing contemporary Iranian life and culture. This approach simultaneously problematizes the view of allopathic medicine as a western entity exerting a hegemonic influence over non-western cultures and provides a rare glimpse of the complexities of modern Iran society, exploring the interfaces between culture, health, and the experience of illness. **Empire Islands**

Rebecca Weaver-Hightower, 2007 Through a detailed unpacking of the castaway genre's appeal in English literature, *Empire*

Islands forwards our understanding of the sociopsychology of British Empire Rebecca Weaver Hightower argues convincingly that by helping generations of readers to make sense of and perhaps feel better about imperial aggression the castaway story in effect enabled the expansion and maintenance of European empire Empire Islands asks why so many colonial authors chose islands as the setting for their stories of imperial adventure and why so many postcolonial writers write back to those island castaway narratives Drawing on insightful readings of works from Thomas More's Utopia to Caribbean novels like George Lamming's Water with Berries from canonical works such as Robinson Crusoe and The Tempest to the lesser known A Narrative of the Life and Astonishing Adventures of John Daniel by Ralph Morris Weaver Hightower examines themes of cannibalism piracy monstrosity imperial aggression and the concept of going native Ending with analysis of contemporary film and the role of the United States in global neoimperialism Weaver Hightower exposes how island narratives continue not only to describe but to justify colonialism Rebecca Weaver Hightower is assistant professor of English and postcolonial studies at the University of North Dakota

*The Latinx Files* Matthew David Goodwin, 2021-05-14 In *The Latinx Files* Matthew David Goodwin traces how Latinx science fiction writers are reclaiming the space alien from its xenophobic legacy in the science fiction genre The book argues that the space alien is a vital Latinx figure preserving Latinx cultures by activating the myriad possible constructions of the space alien to represent race and migration in the popular imagination The works discussed in this book including those of H G Wells Gloria Anzaldá Junot Díaz Andr M Carrington and many others often explicitly reject the derogatory correlation of the space alien and Latinxs while at other times they contain space aliens that function as a source of either enlightenment or horror for Latinx communities Throughout this nuanced analysis *The Latinx Files* demonstrates how the character of the space alien has been significant to Latinx communities and has great potential for future writers and artists

*Shamans/neo-Shamans* Robert J. Wallis, 2003 Robert J Wallis explores the interface between the new and prehistoric shamans of popular culture and anthropology drawing on interviews with a variety of practitioners particularly contemporary pagans in Britain and north America

*The New Arcadia* Monique Layton, 2015 SINCE BEING DISCOVERED IN 1767 Tahiti has faced a profound cultural upheaval From the start she has been branded with the irresistible dual myth of the Noble Savage's harmonious Arcadian life and of the vahine's amorous favours freely granted

People navigators missionaries whalers slavers and events deadly epidemics atomic testing and now tourism all have contributed over time to creating the modern Tahitian quandary trying to recover an idealized past and losing the benefits of modern life or continuing as a cog in the French administrative system and losing her soul Based on historical records sailors journals Ma ohi epic poetry European paintings folkloric events the film industry and novels by modern Tahitian writers this book follows the passage from Otaheite s paradisaal way of life through the disastrous encounter with European civilization ending with French Polynesia s modern prospects Most remarkable of all is the enduring Ma ohi culture s survival into the twenty first century

Gilpin,2021-07-27 Dem Haoles is an innovative and entertaining study of white privilege Set against the backdrop of Hawaii Dem Haoles explores how white people or haoles are portrayed and why The exploration is guided by the concept of images or archetypes employed to classify and dissect haole representation Dem Haoles mines normally mundane entertainment vehicles like romantic comedies and action hero dramas and reveals that these artifacts of popular culture are more than mindless entertainment They are in fact well camouflaged political messaging The focus on popular culture examined through image analysis makes Dem Haoles entertaining and informative The examination of popular media is detailed and thorough and will evoke deep nostalgic sentiments While the insightful analysis of images its mechanics and intent will provoke critical thinking Together this combination makes Dem Haoles a unique and rewarding experience that will both invalidate old perceptions about Hawaii and ruin the simple pleasure of mindless entertainment      **Margaret Atwood** Shannon Hengen,Ashley Thomson,2007-05-22 Authors Shannon Hengen and Ashley Thomson have assembled a reference guide that covers all of the works written by the acclaimed Canadian author Margaret Atwood since 1988 including her novels Cat s Eye The Robber Bride Alias Grace and the 2000 Booker Prize winner The Blind Assassin Rather than just including Atwood s books this guide includes all of Atwood s works including articles short stories letters and individual poetry Adaptations of Atwood s works are also included as are some of her more public quotations Secondary entries i e interviews scholarly resources and reviews are first sorted by type and then arranged alphabetically by author to allow greater ease of navigation The individual chapters are organized chronologically with each subdivided into seven categories Atwood s Works Adaptations Quotations Interviews Scholarly Resources Reviews of Atwood s Works and Reviews of Adaptations of Atwood s Works The book also includes a chapter entitled Atwood on the Web as well as extensive author and subject indexes This new bibliography significantly enhances access to Atwood material

**In It for the Long Haul** Glenn E. Ludwig, 2002-01-01 When pastors and congregations come together in ministry they generally do so with the hope that the relationship will be long lasting and dynamic The reality however is that long term pastorates are an increasingly rare phenomenon in congregations While there are many reasons that most pastors can only sustain their ministries in a parish for a relatively limited number of years Glenn Ludwig argues that this does not have to be the case if both pastors and congregations take deliberate steps toward an enduring friendship *Feminist Academics* Louise Morley, Val Walsh, 2002-11 This text explores questions of feminist interventions in academic institutions covering both the structure and culture of such places and the social divisions between women **Doing Critical Ethnography** Jim Thomas, 1993 In this volume Thomas unites two traditions in social science critical theory and qualitative research in an attempt to apply a critical worldview to the conventional logic of cultural inquiry Rather than standing in opposition to traditional ethnography it offers a style of considering the direct relationship between knowledge society and political action Thomas addresses the question If the duty of the researcher entails the righting of social wrongs as well as producing valid research results how is it possible to juxtapose the two goals He defines the rules and guidelines for a praxis oriented ethnographic tradition one both ideologically engaged and scientifically valid In addition he outlines the various types of critical ethnography explaining the tenets of each and how research can be carried out under these frameworks *Edge of the Sacred - Jung, Psyche, Earth* David Tacey, Does earth have spirit or soul This is a question being asked ever more frequently especially by those interested in the future of the natural world and the development of consciousness The alchemists said the greater part of the soul is outside the body and indigenous cultures have felt that soul or spirit resides in Nature and the physical environment Such notions have been dismissed by modernity as illusions but we are beginning to have second thoughts about the animation of the earth Science and rationality have not taught us how to love or care for the earth and in the modern era the environment has been disrespected The mythic bonds to Nature such as those found in Aboriginal Australian cultures appear to have real survival value because they bind us to the earth in a meaningful way When these bonds are destroyed by excessive rationality or a collapse of cultural mythology we are left alone outside the community of Nature and in an alienated state In this state we do real damage to the environment because it is no longer part of our spiritual body or moral responsibility Jung was one of the first thinkers of our time to consider the psychic influence of the earth and the conditioning of the mind by place Inspired by his writings and those of James Hillman the field

of ecopsychology has arisen as a powerful new area of inquiry Edge of the Sacred Jung Psyche Earth contributes to global ecopsychology from an Australian perspective
