Going Blind Jonathan Penner, 1977 How To Go Blind and Not Lose Your Mind Mike Harmer, 2005-08-01 How To Go Blind And Not Lose Your Mind discusses the process of losing your sight and ways to deal with it Written through the eyes of a person who has been through the process and survived How To Go Blind And Not Lose Your Mind begins at the diagnosis walks you through the stages of sight loss and explores emotional and physical problems associated with going blind It describes low vision legal blindness loss of independence and what it may mean to you You will find what help and visual aids are available There are physical and emotional problems with loss of sight however you can still keep your vision about living and enjoy a full happy life This book gives more than just hope it is the vision you need while losing your sight **Going Blind** Mara Faulkner, OSB, 2012-03-15 Finalist for the 2010 Minnesota Book Award presented by the Friends of the Saint Paul Public Library Mara Faulkner grew up in a family shaped by Irish ancestry a close to the bone existence in rural North Dakota and the secret of her father's blindness along with the silence and shame surrounding it Dennis Faulkner had retinitis pigmentosa a genetic disease that gradually blinded him and one that may blind many members of his family including the author Moving and insightful Going Blind explores blindness in its many permutations within the context of the author's family more broadly as a disability marked by misconceptions and as a widely used cultural metaphor Mara Faulkner delicately weaves her family's story into an analysis of the roots and ramifications of the various metaphorical meanings of blindness touching on the Catholic Church of the 1940s and 1950s Japanese internment the Germans from Russia who dominated her hometown and the experiences of Native people in North Dakota Neither sentimental nor dispassionate the author asks whether it's possible to find gifts when sight is lost **Angela's Ashes** Frank McCourt, 1998-12-17 A Pulitzer Prize winning 1 New York Times bestseller Angela's Ashes is Frank McCourt's masterful memoir of his childhood in Ireland now with a new introduction by Patrick Radden Keefe When I look back on my childhood I wonder how I managed to survive at all It was of course a miserable childhood the happy childhood is hardly worth your while Worse than the ordinary miserable childhood is the miserable Irish childhood and worse yet is the miserable Irish Catholic childhood So begins the luminous memoir of Frank McCourt born in Depression era Brooklyn to recent Irish immigrants and raised in the slums of Limerick Ireland Frank's mother Angela has no money to feed the children since Frank's father Malachy rarely works and when he does he drinks his wages Yet Malachy exasperating irresponsible and beguiling does nurture in Frank an appetite for the one thing he can provide a story Frank lives for his father's tales of Cuchulain who saved Ireland and of the Angel on the Seventh Step who brings his mother babies Perhaps it is story that accounts for Frank's survival Wearing rags for diapers begging a pig's head for Christmas dinner and gathering coal from the roadside to light a fire Frank endures poverty near starvation and the casual cruelty of relatives and neighbors yet lives to tell his tale with eloquence exuberance and remarkable forgiveness Angela's Ashes imbued on every page with Frank McCourt's astounding humor and compassion is a

glorious book that bears all the marks of a classic **Becoming Someone New** Enoch Lambert, John Schwenkler, 2020-07-17 Suppose you're offered an opportunity to experience something that is unlike anything you have ever encountered but that's all you know aside from the fact that the experience is physically safe and morally acceptable. How do you decide whether to take up the offer? Several philosophers have recently argued that we are in similar situations for more of our decisions than we usually recognize. Are they right? What resources can we draw on to create such situations? Are they enough to satisfy our aims of making the best decisions we can, especially in high stakes situations? This volume brings together philosophers and psychologists to investigate the phenomenon of transformative change and a host of fascinating questions it prompts. Taking their departure from seminal work on transformative choice and experience by L. A. Paul and Edna Ullmann-Margalit, the authors pursue fundamental questions concerning the nature of rationality, the limits of the imagination, and the metaphysics of the self. They also strike out into new areas including value theory, aesthetics, moral and political philosophy. Several chapters present the results of experimental investigation into the psychology of transformation, self-concept, and moral learning.

The Pavlac Legacy Herman Edel, 2009-07-22 The Pavlac Legacy is an adventure based on the true facts of a journey that reaches out to the people of Prague, Berlin, London, New York, Boston, Washington, Cincinnati, and finally those of Aspen, Colorado. In 1865, a Torah is created by a poor scribe and his young son. It is done at the behest of a fellow countryman, the very wealthy and important Prague resident David Pavlac. This great gift first binds the two families, and then through the years involves people of many religious persuasions, people of royalty, people of great wealth, and the poorest of people. Young loves blossom, and later old loves provide the needed strength to keep moving forward. Wars and hatred and death slowly but relentlessly change the lives of all in an ever-growing circle of people. Tears vie with laughter as each new adversity unfolds. The ability to rise and fight finds few with the courage to stand and battle. But others, be they young or old, emerge who accept the challenge. The 1865 creation finds its ultimate home in the mountains of Aspen, and with that comes survival and a sense of future hope.
