Home is where We Start from Donald Woods Winnicott, 1986 One of the most gifted and creative psychoanalysts of his generation D W Winnicott made lasting contributions to our understanding of the minds of children *Home is where We Start from* Donald Woods Winnicott, 1986 *Home is where We Start from* Donald Woods Winnicott, D. W. Winnicott, 1990 This collection brings together some of psychoanalyst D W Winnicott's most important work contributing to our understanding of the minds of children The essays range in topic from The Concept of a Healthy Individual and The Value of Depression to Delinquency as a sign of Hope All reveal Winnicott's vision of the ways in which the developing self interacts with the family and the larger society Reading Winnicott Lesley Caldwell, Angela Joyce, 2011-02 Reading Winnicott brings together a selection of papers by the psychoanalyst and paediatrician Donald Winnicott providing an insight into his work and charting its impact on the well being of mothers babies children and families With individual introductions summarising the key features of each of Winnicott's papers this book not only offers an overview of Winnicott's work but also links it with Freud and later theorists Areas of discussion include the relational environment and the place of infantile sexuality aggression and destructiveness illusion and transitional phenomena theory and practice of psychoanalysis of adults and children As such Reading Winnicott will be essential reading for all students wanting to learn more about Winnicott's theories and their impact on psychoanalysis and the wider field of mental health **The Collected Works of D.W. Winnicott** Donald Woods Winnicott, 2016-12-31 Donald Woods Winnicott 1896-1971 was one of Britain's leading psychoanalysts and pediatricians The author of some of the most enduring theories of the child and of child analysis he coined terms such as the good enough mother and the transitional object known to most as the security blanket Winnicott's work is still used today by child and family therapists social workers teachers and psychologists and his papers and clinical observations are routinely studied by trainees in psychiatry and clinical psychology Beyond the expected audiences of psychoanalysts and psychoanalytic psychotherapists Winnicott also wrote for parents teachers social workers childcare specialists pediatricians psychologists art and play therapists and others in the field of child development Now for the first time virtually all of Winnicott's writings are presented chronologically in 12 volumes edited and annotated by leading Winnicott scholars The Collected Works of D W Winnicott brings together letters clinical case reports child consultations psychoanalytic articles and papers including previously unpublished works on topics of continuing interest to contemporary readers such as delinquency antisocial behavior corporal punishment and child care The Collected Works begins with an authoritative General Introduction by editors Lesley Caldwell and Helen Taylor Robinson while each of the volumes features an original introduction examining that volume's major themes and written by an international Winnicott scholar and psychoanalyst Throughout The Collected Works editorial annotations provide historical context and background information of scholarly and clinical value The final volume contains new and illuminating appendices comprehensive bibliographies of

Winnicott's publications and letters documentation of his lectures and broadcasts and a selection of his drawings This extraordinary publication will be an essential resource for Winnicott admirers the world over and those interested in the history and origins of the fields of child development and psychoanalysis *Psychoanalysis in the Age of Totalitarianism* Matt Ffytche, Daniel Pick, 2016-05-20 Psychoanalysis in the Age of Totalitarianism provides rich new insights into the history of political thought and clinical knowledge In these chapters internationally renowned historians and cultural theorists discuss landmark debates about the uses and abuses of the talking cure and map the diverse psychologies and therapeutic practices that have featured in and against tyrannical modern regimes These essays show both how the Freudian movement responded to and was transformed by the rise of fascism and communism the Second World War and the Cold War and how powerful new ideas about aggression destructiveness control obedience and psychological freedom were taken up in the investigation of politics They identify important intersections between clinical debate political analysis and theories of minds and groups and trace influential ideas about totalitarianism that took root in modern culture after 1918 and still resonate in the twenty first century At the same time they suggest how the emergent discourses of totalitarian society were permeated by visions of the unconscious Topics include the psychoanalytic theorizations of anti-Semitism the psychological origins and impact of Nazism the post war struggle to rebuild liberal democracy state funded experiments in mind control in Cold War America coercive re education programmes in Eastern Europe and the role of psychoanalysis in the politics of decolonization A concluding trio of chapters argues in various ways for the continuing relevance of psychoanalysis and of these mid century debates over the psychology of power submission and freedom in modern mass society Psychoanalysis in the Age of Totalitarianism will prove compelling for both specialists and readers with a general interest in modern psychology politics culture and society and in psychoanalysis The material is relevant for academics and post graduate students in the human social and political sciences the clinical professions the historical profession and the humanities more widely The Facilitating Partnership Jeffrey S. Applegate, Jennifer M. Bonovitz, 1995-04 A young mother suspected of abusing her toddler a severely behavior disordered teenager who faces expulsion from his community residence a depressed and illiterate homeless man who fears psychiatric evaluation These clients populate the caseloads of most mental health professionals who often view them as too crisis ridden deprived and overwhelmed with concrete needs to benefit from an in depth approach to their problems However without this kind of treatment such people continually reappear at social service agencies their core psychological issues left unaddressed and their life situations unraveling What can psychoanalytic theory offer practitioners working with these challenging clients Although the helping professions have enjoyed a long and fruitful association with psychoanalysis often the application of this theory has focused on treating motivated articulate financially secure clients in private practice In The Facilitating Partnership Jeffrey Applegate and Jennifer Bonovitz show how D W Winnicott's therapeutic ideas and technique are particularly relevant to a agency based psychodynamic treatment of clients whose

histories of deprivation and trauma historically have made them unlikely and reluctant candidates for in depth clinical services Winnicott s concepts are especially powerful in capturing the silent supportive sustaining relationship based dimensions of clinical work and the authors provide an accessible language for explicating these invaluable activities Through extensive case vignettes Applegate and Bonovitz demonstrate that interventions emerging from Winnicott s key concepts the good enough mother the holding environment can bolster clients ego strengths and coping capacities while promoting their psychosocial development in ways that help them profoundly alter maladaptive life patterns A Jason Aronson Book

**In Search of the Real** Dodi Goldman,1993 The originality of Winnicott s thought and his originality as a person as inseparable This book explores the way in which a search for an experiencing that feels real is evident in both Winnicott s life and work He believes deeply that individuals possess a unique innate authenticity One feels most alive and free when in touch with this core sense of real self

**Longing for Home** M. Jan Holton,2016-06-28 What is it about the concept of home that makes its loss so profound and devastating and how should the trauma of exile and alienation be approached theologically M Jan Holton examines the psychological social and theological impact of forced displacement on communities in the Congo and South Sudan and on indigenous Batwa tribespersons in Uganda as well as on homeless U S citizens and on U S soldiers returning from the wars in Afghanistan and Iraq She draws on ethnographic work in Africa extensive research in practical theology sociology and psychology as well as on professional work and personal experiences in America and abroad In doing so she explores how forced displacement disrupts one s connection with the home place and the profound characteristics it fosters that can help people lean toward flourishing spiritually and psychologically throughout their lifetime Displacement invites a social alienation that can become deeply institutionalized threatening the moral well being of us all Longing For Home offers a frame for understanding how communities can respond to refugees and various homeless populations by cultivating hospitality outside of their own comfort zones This essential study addresses an urgent interreligious global concern and Holton s thoughtful and compelling work offers a constructive model for a sustained practical response

**The Complexities of Home in Social Work** Carole Zufferey,Christopher Horsell,2022-03-08 Home is a complex and multifaceted concept This book revisions how home is used in social work literature by showing how it is positioned as being discursively represented materially experienced and embodied and multiply imagined as symbolic and existential Drawing on multidisciplinary understandings of home and intersectionality it analyses the privileging and disadvantaging social policies and complex interactional practices that contribute to one s sense of home including homelessness mobility and the politics and complexities of homeownership Providing social workers with practice considerations for different areas of social work this book analyses how to makes and build a sense of home and community belonging for a broad range of client groups It will be of interest to all academics and students of social work sociology public policy housing policy gender studies and human geography

**Winnicott and Labor's Eclipse of Life** Nathan

Gerard,2023-09-11 Nathan Gerard draws upon the pathbreaking insights of pediatrician and psychoanalyst D W Winnicott to offer a new set of ideas in the novel domain of contemporary work life and its discontents Locating Winnicott within a broad landscape of critical scholarship that dissects work s perils the book positions Winnicott as both a radical critic and creative advocate for building a different kind of work life one that might make room for the presence of self By shuffling the discourse on neoliberal subjectivity to reclaim what Winnicott calls unit status of the separate self Gerard differentiates Winnicott from the relational tradition by advocating for Winnicott s non relational aspects Through such analysis the book reveals how work and home have become two sides of the same impoverished coin each contributing to a legitimately bad environment that perpetuates self absence and annihilates one s unique sense of feeling real and alive Winnicott and Labor s Eclipse of Life will be of interest to readers of Winnicott and psychoanalysis organization and management studies and anyone hoping to deepen their engagement with the dynamics of contemporary work life Psyche and Ethos Amanda Anderson,2018-03-21 We live in a psychological age Contemporary culture is saturated with psychological concepts and ideas from anxiety to narcissism to trauma While it might seem that concern over psychological conditions and challenges is intrinsically oriented toward moral questions about what promotes individual and collective well being it is striking that from the advent of Freudian psychoanalysis in the late nineteenth century up to recent findings in cognitive science psychology has posed a continuing challenge to traditional concepts of moral deliberation judgment and action all core components of moral philosophy and central to understandings of character and tragedy in literature Psyche and Ethos Moral Life After Psychology explores the nature of psychology s consequential effects on our understanding of the moral life Using a range of examples from literature and literary criticism alongside discussions of psychological literature from psychoanalysis to recent cognitive science and social psychology this study argues for a renewed look at the persistence of moral orientations toward life and the values of integrity fidelity and repair that they privilege Writings by Shakespeare Henry James and George Eliot and the powerful contributions of British object relations theorists in the post war period help to draw out the fundamental ways we experience moral time the forms of elusive duration that constitute loss grief regret and the desire for amends Acknowledging the power and necessity of psychological frameworks Psyche and Ethos aims to restore moral understanding and moral experience to a more central place in our understanding of psychic life and the literary tradition

*After-Education* Deborah P. Britzman,2012-02-01 In *After Education* Deborah P Britzman raises the startling question What is education that it should give us such trouble She explores a series of historic and contemporary psychoanalytic arguments over the nature of reality and fantasy for thinking through the force and history of education Drawing from the theories of Anna Freud and Melanie Klein she analyzes experiences of difficult knowledge pedagogy group psychology theory and questions of loneliness in learning education Throughout the book education appears and is transformed in its various guises as a nervous condition as social relation as authority as psychological knowledge as quality of psychical reality as fact

of natality as the thing between teachers and students as an institution and as a play between reality and fantasy **Donald Winnicott and the Politics of Care** Joanna Kellond, 2022-03-20 This book explores the significance of psychoanalyst Donald Winnicott's ideas for contemporary debates about care. Locating Winnicott in relation to a range of fields including psychology, philosophy, sociology, critical theory, and feminist theory, it examines the implications of his thinking for understanding and transforming the relationship between care and society. Winnicott was unique amongst psychoanalysts for the emphasis he placed on care in the development of subjectivity. The book unpacks Winnicott's understanding of care and assesses its relevance for conceptions of social responsibility, justice, and transformation. In a world where care is in crisis, how might we theorise the conditions necessary for the development of caring subjectivities and is it possible to infer a relationship between those conditions and progressive social change? This unique book will be of interest to readers in psychosocial studies, politics, and anyone concerned with thinking about the relationship between care and social transformation.

**Discovering a Sermon** Robert C. Dykstra, 2001 *Finding Space* Ann Belford Ulanov, 2001-01-01 In *Finding Space*, Ann Belford Ulanov argues that depth psychology in general and the work of D. W. Winnicott in particular offer vital new ways in which to apprehend religious life, especially Christian religious life. Her inspiration is rooted in Winnicott's influence on her work as an analyst and how his ideas have enriched her own Christian faith and religious understanding. In addition, Ulanov feels Winnicott's focus on the intensity of aliveness is an antidote to the plight of contemporary religion that it can be passionless or rote and thereby irrelevant to so many people. She expands Winnicott's concept of transitional space between self and other to apply to the space between the human and divine. She explores the importance of the illusionist element of God images in creative approaches to the divine. Other topics include the paradox transitional reality holds with subjective and objective notions Christians have of God, the inclusion of the body, specifically sexuality and aggression, and the struggle for integration within the self in the search for relationship with God and the importance of the feminine. In an especially helpful appendix, Ulanov includes Winnicott's thoughts on matters pertinent to religious life and thought.

*Constructing Place* Sarah Menin, 2004-02-24 This book is a cutting edge study exploring the field of the conception and the tectonic making of place as it impinges on and thus changes the site in which it is set. **The Hidden Order of Intimacy** Avivah Gottlieb Zornberg, 2022-03-29 A masterly analysis of the Book of Leviticus, the newest volume in the award-winning series of commentaries on the Hebrew Bible by a celebrated biblical scholar keen on weaving together traditional Jewish exegesis, psychoanalysis, and postmodern criticism. The New York Times Book Review: The image of the Golden Calf haunts the commentaries that thread through Leviticus. This catastrophic episode in which the Israelites, freed from Egyptian slavery, and forty days after their momentous encounter with God at Mount Sinai, worship a pagan idol while Moses is receiving the Torah from God on the mountaintop, gives the mostly legalistic text a unique depth and resonance. According to midrashic tradition, the post-traumatic effects of the sin of the Golden Calf linger through the generations; the sin to be paid

off in small increments through time Post biblical perspectives view this as the diffusion of punishment as well as a way of addressing the on going phenomenon of idolatry itself These after effects of the Golden Calf incident are imaginatively explored in Avivah Zornberg s magnificent textual analysis She brings the rabbis of the Talmud medieval commentators Hasidic scholars philosophers psychoanalysts and literary masters from Aristotle and Rashi to the Baal Shem Tov Franz Rosenzweig Sigmund Freud and George Eliot into her pathbreaking discussion of the nature of reward and punishment good and evil Eros and Thanatos and humankind s intricate and ever fascinating encounter with the divine

**Treating Trauma** Toni V. Heineman, June M. Clausen, Saralyn C. Ruff, 2013-08-15 Clinicians working with traumatized youth face many challenges in supporting growth and development while addressing the many negative consequences of abuse and neglect When working with youth in foster care additional obstacles must be overcome changing placements overwhelmed substitute caregivers caseworker turnover complication with birth siblings and family and communication difficulties with and within the child welfare system Treating Trauma Relationship Based Psychotherapy with Children Adolescents and Young Adults presents a theoretically based and empirically supported framework for work with traumatized children youth and young adults who have spent time in foster care It offers vivid examples of cases from the work of clinicians of A Home Within a national non profit focused on meeting the emotional needs of current and former foster youth These nine case studies illustrate the vital role that relationships play in helping overcome the trauma of chronic unexpected and unexplained losses They describe the work with clients the collateral work and also the therapists personal experiences of treating this vulnerable population This work also explores the impact of secondary trauma on those working in an around the foster care system and addresses ways that therapists and others vulnerable to vicarious trauma can protect themselves as well as their clients In particular three chapters examine the power of peer consultation in sustaining therapeutic work with vulnerable and traumatized populations Methods of integrating evidence based approaches into treatment of youth with multiple mental health problems and unavailable parents are discussed and explored Essential elements of effective mental health interventions with traumatized foster youth are presented and illustrated

**D.W. Winnicott** Brett Kahr, 2018-05-08 A distillation of painstaking research into the life of Donald Winnicott tracing his life from his childhood in Plymouth through his career in paediatrics to his election as President of the British Psycho Analytic Society The author makes many interesting links between Winnicott s life and the development of his theories
