The exam is extremely challenging and thorough test preparation is essential for success. Our study guide includes Practice test questions with detailed answer explanations. Step by step video tutorials to help you master difficult concepts. Tips and strategies to help you get your best test performance. A complete review of all MCAT test sections: Verbal Reasoning, Physical Science, Biological Sciences. MCAT is a registered trademark of the Association of American Medical Colleges which does not endorse this product or its methodology. The Mometrix guide is filled with the critical information you will need in order to do well on your MCAT exam: the concepts, procedures, principles, and vocabulary that the Association of American Medical Colleges (AAMC) expects you to have mastered before sitting for your exam. The Verbal Reasoning section covers Reading comprehension, Critical thinking skills. The Physical Science section covers General chemistry, Physics. The Biological Sciences section covers Biology, Digestive system, Excretory system, Muscle and skeletal systems, Respiratory system, Skin system, Reproductive system and development, Organic chemistry and much more. Our guide is full of specific and detailed information that will be key to passing your exam. Concepts and principles aren't simply named or described in passing but are explained in detail. The Mometrix MCAT study guide is laid out in a logical and organized fashion so that one section naturally flows from the one preceding it. Because it's written with an eye for both technical accuracy and accessibility, you will not have to worry about getting lost in dense academic language. Any test prep guide is only as good as its practice questions and answer explanations, and that's another area where our guide stands out. The Mometrix test prep team has provided plenty of MCAT practice test questions to prepare you for what to expect on the actual exam. Each answer is explained in depth in order to make the principles and reasoning behind it crystal clear. Many concepts include links to online review videos where you can watch our instructors break down the topics so the material can be quickly grasped. Examples are worked step by step so you see exactly what to do. We've helped hundreds of thousands of people pass standardized tests and achieve their education and career goals. We've done this by setting high standards for Mometrix Test Preparation guides, and our MCAT Prep Book MCAT Secrets Study Guide is no exception. It's an excellent investment in your future. Mcat Test Prep Guide Professor Rogers, 2017-10-21 Did you know that a recent study in a prestigious scientific journal showed that lack of preparation accounted for only 45% of the reason why students performed poorly on the MCAT test The researchers found that so called ancillary factors such as eating the wrong diet in the days leading up to the exam listening to the wrong music whilst studying and wearing the wrong type of clothes to the exam had just as much influence on student's grades as actually mastering the test material These ancillary factors are supremely important yet most test takers are blindly unaware of them That is why we wrote this guide to share the latest scientifically proven strategies and techniques that have been shown to significantly improve student's performance on the MCAT test In this guide you'll learn about The little known diet plan that has been shown to significantly improve test scores Paradigm shifting meditation and exercise routines that a select group of high achievers use to boost their performance on the MCAT test The relaxation techniques that past students who aced the MCAT test say they used when they felt stressed and anxious about the exam The specific type of music to listen to while studying we'll even tell you which specific artists to listen to How to dress for exam success hint flip flops are a terrible idea This guide is perfect for anyone preparing for the MCAT test who genuinely cares about their future and wants to do well It is almost irresponsible not to use all these scientifically proven tips and techniques to ace your exam
