## **Mccoubrey And Whites Textbook On Jurisprudence:**

**McCoubrey & White's Textbook on Jurisprudence** James Penner, Nigel D. White, H. McCoubrey, Emmanuel Melissaris, 2012-08-30 This textbook provides an introduction to and analysis of the major theories and controversies of jurisprudence Starting with an overview of the nature of jurisprudence then moving on to examine the theories and main protagonists in more detail it is an ideal text for undergraduate students studying the subject for the first time

**McCoubrey & White's Textbook on Jurisprudence** H. McCoubrey, James E. Penner, Nigel D. White, 2002

**International Conflict and Security Law** Richard Burchill, Nigel D. White, Justin Morris, 2005-06-23 Hilaire McCoubrey wrote extensively in the area of armed conflict law and on the issues of collective security law and the law relating to arms control Although he died at the early age of 46 in 2000 he had contributed significantly to the separate study of these areas but also to the idea of studying the issues as a whole subject The collection covers difficult and controversial issues in the area of conflict and security law The contributors drawn both from academe and practice provide expert analysis of many aspects of the law governing armed conflict and collective security As well as providing a fitting tribute to the main aspects of Hilaire's contribution to knowledge the volume provides a coherent reconsideration and development of key aspects of conflict and security law at a time when that law is being applied breached debated or reformed on almost a daily basis

Understanding Jurisprudence Raymond Wacks, 2012-02-02 Perfect for the student new to jurisprudence this book provides an illuminating introduction to the central questions of legal theory An experienced teacher of jurisprudence Professor Wacks approach is both accessible and entertaining providing the ideal base for further study Law Express: Jurisprudence (Revision Guide) Julia J.A. Shaw, 2014-08-01 The Law Express series is tailored to help you revise effectively Understand essential concepts remember and apply key theories and make your answers stand out *Textbook on*

*Jurisprudence* H. McCoubrey, 1999 **Tax Law, Religion, and Justice** Allen Calhoun, 2021-03-08 This book asks why tax policy is both attracted to and repelled by the idea of justice Accepting the invitation of economist Henry Simons to acknowledge that tax justice is a theological concept the work explores theological doctrines of taxation to answer the presenting question The overall message of the book is that taxation is an instrument of justice but only when taxes take into account multiple goods in society the requirements of the government the property rights of society's members and the material needs of the poor It is argued that this answer to the presenting question is a theological and ethical answer in that it derives from the insistence of Christian thinkers that tax policy take into account material human need *necessitas* Without the *necessitas* component of the tax balance tax systems end up honoring only one of the three components of the tax equation and cease to reflect a coherent idea of justice The book will be of interest to academics and researchers working in the areas of tax law economics theology and history **Lex Populi** William P. MacNeil, 2007 This is a book about jurisprudence or legal philosophy The legal philosophical texts under consideration are to say the least unorthodox Tolkien

Buffy the Vampire Slayer Harry Potter Million Dollar Baby and other cultural products are all referenced as exemplary instances of what the author calls *lex populi* people's or pop law There more than anywhere else will one find the leading issues of legal philosophy These issues however are heavily coded for few of these pop cultural texts announce themselves as expressly legal Nonetheless *Lex Populi* reads these texts jurisprudentially that is with an eye to their hidden legal philosophical meanings enabling connections such as Tolkien's Ring as Kelsen's grundnorm vampire slaying as legal language's semiosis Hogwarts as substantively unjust and a seriously injured young woman as termination's rights bearer In so doing *Lex Populi* attempts not only a jurisprudential reading of popular culture but a popular rereading of jurisprudence removing it from the legal experts in order to restore it to the public at large a *lex populi* by and for the people

**Understanding Jurisprudence** Raymond Wacks, 2005 Law in Perspective Michael Head, Scott Mann, 2008 Chiefly written as a textbook for 1st year university law students this book encourages critical responsible and creative thinking about law as a system of ideas and a social institution Explore the relationship between law logic and science A Real Mind Patricia Mindus, 2009-09-18 This comprehensive presentation of Axel Hagerström 1868-1939 fills a void in nearly a century of literature providing both the legal and political scholar and the non expert reader with a proper introduction to the father of Scandinavian realism Based on his complete work including unpublished material and personal correspondence selected exclusively from the Uppsala archives *A Real Mind* follows the chronological evolution of Hagerström's intellectual enterprise and offers a full account of his thought The book summarizes Hagerström's main arguments while enabling further critical assessment and tries to answer such questions as If norms are neither true nor false how can they be adequately understood on the basis of Hagerström's theory of knowledge Did the founder of the Uppsala school uphold emotivism in moral philosophy What consequences does such a standpoint have in practical philosophy Is he really the inspiration behind Scandinavian state absolutism *A Real Mind* places the complex web of issues addressed by Hagerström within the broader context of 20th century philosophy stretching from epistemology to ethics His philosophy of law is examined in the core chapters of the book with emphasis on the will theory and the relation between law and power The narrative is peppered with vignettes from Hagerström's life giving an insightful and highly readable portrayal of a thinker who put his imprint on legal theory The appendix provides a selected bibliography and a brief synopsis of the major events in his life both private and intellectual Does God Believe in Human Rights? Nazila Ghanea-Hercock, Alan Andrew Stephens, Raphael Walden, 2007 Where can religions find sources of legitimacy for human rights How do and how should religious leaders and communities respond to human rights as defined in modern International Law When religious precepts contradict human rights standards for example in relation to freedom of expression or in relation to punishments which should trump the other and why Can human rights and religious teachings be interpreted in a manner which brings reconciliation closer Do the modern concept and system of human rights undermine the very vision of society that religions aim to impart Is a reference

to God in the discussion of human rights misplaced Do human fallibilities with respect to interpretation judicial reasoning and the understanding of human oneness and dignity provide the key to the undeniable and sometimes devastating conflicts that have arisen between and within religions and the human rights movement In this volume academics and lawyers tackle these most difficult questions head on with candour and creativity and the collection is rendered unique by the further contributions of a remarkable range of other professionals including senior religious leaders and representatives journalists diplomats and civil servants both national and international Most notably the contributors do not shy away from the boldest question of all summed up in the book's title The thoroughly edited and revised papers which make up this collection were originally prepared for a ground breaking conference organised by the Clemens Nathan Research Centre the University of London Institute of Commonwealth Studies and Martinus Nijhoff Brill

*Royal Regulation of Loans and Sales in Medieval England* Gwen Seabourne, 2003 Financial legislation demonstrates the advancing role of law in the later middle ages

The Policy of Law Mauro Zamboni, 2007-11-19 The book focuses on the relationship between law and politics as perceived by the legal community and more specifically the transformation of politics into law After exploring the relationship between law and politics as considered by the major modern schools of legal theory the focus moves to the regions of interaction in which law and politics meet termed the policy of law The policy of law is characterized in this work as the stage of the law making process at which values entrenched in political decisions are transformed into legal concepts in order to fit the existing legal system The space labeled as policy of law is today mainly but not exclusively the domain of legal actors Consequently the identification of a branch of the legal discipline specifically devoted to the investigation of the transformations of values into law is given the policy of law analysis Finally whether and to what extent the policy of law analysis can be encompassed within the traditional legal discipline and more particularly as a part of jurisprudence is explored Zamboni ranges broadly and knowledgeably over vast areas of legal theory But it is no mere taxonomising his argument is valuable and original It is clear learned and never boring Zenon Bankowski University of Edinburgh

Thinking Critically About Law Amy R Codling, 2025-06-02 You arrive at university to embark upon your journey to think like a lawyer but is simply knowing the law enough to gain you the best marks What do you need to do exactly to achieve a first class law degree and promising professional career For top marks what do your lecturers mean when they say you need to deepen your critical analysis to answer assessment questions When should you put your own viewpoints forward When and how should you draw upon the work of others What do your examiners mean when they give you feedback saying that your work is too descriptive This book explores what it means to think critically and offers practical tips and advice for students to develop the process skill and ability of thinking critically while studying law as well as beyond that in the workplace The second edition of *Thinking Critically About Law* utilises art music poetry and prose to explore essential questions about studying law and what it means to think critically offering practical tips and advice for students looking to develop critical thinking skills in relation to law

Updates reflect seismic changes that have taken place both in law teaching and in society more generally. These include the Covid 19 pandemic, social movements sparked by the murders of Sarah Everard and George Floyd, moves to decolonise the law curriculum and the introduction of the SQE qualification. There is also an innovative foreword by Professor Russell Sandberg, a new chapter on the topic of how to think critically during discussions, a new section on Thinking Critically About Law in the Future, as well as a renewed emphasis on the health and well-being of students. Other student-focused resources will be available as support materials. Thinking Critically about Law is a crucial companion for those studying law at A Level and undergraduate level, as well as being relevant to postgraduate students, newly qualified lawyers and tutors of law.

**Law Express: Jurisprudence** Julia J.A. Shaw, 2018-07-12. JOIN OVER HALF A MILLION STUDENTS WHO CHOSE TO REVISE WITH LAW EXPRESS. Revise with the help of the UK's bestselling law revision series. Features Review essential cases, statutes and legal terms before exams. Assess and approach the subject by using expert advice. **The Hong Kong Legal System** Stefan H. C. Lo, Kevin Kwok-yin Cheng, Wing Hong Chui, 2020. Offers an accessible overview of Hong Kong's legal system and guides first-year law students in legal research and methods.

**The Limits of Transnational Law** Guy S. Goodwin-Gill, Hélène Lambert, 2010-03-18. State authority and power have become diffused in an increasingly globalized world characterized by the freer trans-border movement of people, objects and ideas. As a result, some international law scholars believe that a new world order is emerging based on a complex web of transnational networks. Such a transnational legal order requires sufficient dialogue between national courts. This 2010 book explores the prospects for such an order in the context of refugee law in Europe, focusing on the use of foreign law in refugee cases. Judicial practice is critically analysed in nine EU member states with case studies revealing a mix of rational and cultural factors that lead judges to rarely use each other's decisions within the EU. Conclusions are drawn for the prospects of a Common European Asylum System and for international refugee law.

**Textbook on Jurisprudence** Hilaire McCoubrey, Nigel D. White, 1996. Students of jurisprudence often approach this complex subject with a sense of fear. This book provides a clear, user-friendly analysis of the major theories and controversies of jurisprudence. Whilst the subject is presented in sufficient detail for the student to gain an accurate understanding, they will not be left feeling confused and bewildered. The book starts by examining the nature of jurisprudence, then goes on to outline the content, implications and problems of the major legal theories. This third edition has been expanded to include material on Islamic jurisprudence and postmodern legal theory.

**A Treatise of Legal Philosophy and General Jurisprudence** Enrico Pattaro, Corrado Roversi, 2016-07-13. A Treatise of Legal Philosophy and General Jurisprudence is the first ever multivolume treatment of the issues in legal philosophy and general jurisprudence from both a theoretical and a historical perspective. The work is aimed at jurists as well as legal and practical philosophers.

Edited by the renowned theorist Enrico Pattaro and his team this book is a classical reference work that would be of great interest to legal and practical philosophers as well as to jurists and legal scholar at all levels The work is divided in two parts The theoretical part published in 2005 consisting of five volumes covers the main topics of the contemporary debate the historical part consisting of six volumes Volumes 6 8 published in 2007 Volumes 9 and 10 published in 2009 Volume 11 published in 2011 and Volume 12 forthcoming in 2016 accounts for the development of legal thought from ancient Greek times through the twentieth century Volume 12 Legal Philosophy in the Twentieth Century The Civil Law World Volume 12 of A Treatise of Legal Philosophy and General Jurisprudence titled Legal Philosophy in the Twentieth Century The Civil Law World functions as a complement to Gerald Postema s volume 11 titled Legal Philosophy in the Twentieth Century The Common Law World and it offers the first comprehensive account of the complex development that legal philosophy has undergone in continental Europe and Latin America since 1900 In this volume leading international scholars from the different language areas making up the civil law world give an account of the way legal philosophy has evolved in these areas in the 20th century the outcome being an overall mosaic of civil law legal philosophy in this arc of time Further specialists in the field describe the development that legal philosophy has undergone in the 20th century by focusing on three of its main subjects namely legal positivism natural law theory and the theory of legal reasoning and discussing the different conceptions that have been put forward under these labels The layout of the volume is meant to frame historical analysis with a view to the contemporary theoretical debate thus completing the Treatise in keeping with its overall methodological aim namely that of combining history and theory as a necessary means by which to provide a comprehensive account of jurisprudential thinking
