Faxon Company,1974 **Readers' Guide to Periodical Literature** ,1916 Author and subject index to a selected list of periodicals not included in the Readers guide and to composite books Forthcoming Books Rose Arny,2003 Making Imperial Mentalities J. Mangan,2012-05-04 This book discusses the way in which those born into the British empire were persuaded to accept it often with enthusiasm The study compares the perceptions of people at home in the dominions and in the colonies Across the diversity of imperial territories it explores themes such as the diverse nature of political socialisation the various agents and agencies of persuasion reaction to the experience of dominance by dominant and dominated the paradoxical impact of the missionary and the subversive role of some women It also considers the significant issues of colonial adaptation resistance and rejection and the post imperial consequences of imperialism *Literary World; Choice Readings from the Best New Books, with Critical Reviews* ,1889 **Science, Democracy, and the American University** Andrew Jewett,2014-05-01 This book reinterprets the rise of the natural and social sciences as sources of political authority in modern America Andrew Jewett demonstrates the remarkable persistence of a belief that the scientific enterprise carried with it a set of ethical values capable of grounding a democratic culture a political function widely assigned to religion The book traces the shifting formulations of this belief from the creation of the research universities in the Civil War era to the early Cold War years It examines hundreds of leading scholars who viewed science not merely as a source of technical knowledge but also as a resource for fostering cultural change This vision generated surprisingly nuanced portraits of science in the years before the military industrial complex and has much to teach us today about the relationship between science and democracy Resources in Education ,1997 *Social Sciences and Humanities Index* ,1916 *"The" Athenaeum* ,1862 The Nation ,1872 *The Publishers' Trade List Annual* ,1905 **The National Basketball League** Murry R. Nelson,2009-06-08 The NBA has gained worldwide popularity with its high flying stars and slam dunking giants but the early professional hoops game was played below the rim This book provides the first history of the National Basketball League which held court from the mid 1930s until its merger with the Basketball Association of America in 1949 Originally formed in Akron and Indianapolis the league operated mainly in the Midwest but extended as far east as Rochester and Syracuse and west to Denver building major franchises with hometown loyalties Most of its stars were college graduates a major change from previous professional leagues and it was the first modern major professional league to integrate Features include photographs maps of league franchises and tables of team standings MVPs and scoring leaders The Reference Catalogue of Current Literature ,1906 *Reference Catalogue of Current Literature* ,1906 Paperbound Books in Print ,1991 *Literature for Young Adults* Joan L. Knickerbocker,2017-03-15 Young adults are actively looking for anything that connects them with the changes happening in their lives and the books discussed throughout Literature for Young Adults have the potential to make that connection and

motivate them to read It explores a great variety of works genres and formats but it places special emphasis on contemporary works whose nontraditional themes protagonists and literary conventions make them well suited to young adult readers It also looks at the ways in which contemporary readers access and share the works they re reading and it shows teachers ways to incorporate nontraditional ways of accessing and sharing books throughout their literature programs In addition to traditional genre chapters Literature for Young Adults includes chapters on literary nonfiction poetry short stories and drama cover art picture books illustrated literature and graphic novels and film It recognizes that while films can be used to complement print literature they are also a literacy format in their own right and one that young adults are particularly familiar and comfortable with The book s discussion of literary language including traditional elements as well as metafictional terms enables readers to share in a literary conversation with their students and others when communicating about books It will help readers teach young adults the language they need to articulate their responses to the books they are reading
