This Much I Know About Love Over Fear ... John Tomsett, 2015-06-15 *This Much I Know about Love Over Fear* is a compelling account of leading a values driven school where people matter above all else Weaving autobiography with an account of his experience of headship John Tomsett explains how in an increasingly pressurised education system he creates the conditions in which staff and students can thrive Too many of our state schools have become scared soulless places John Tomsett draws

on his extensive experience and knowledge and calls for all those involved in education to find the courage to develop a leadership wisdom which emphasises love over fear Creating a truly great school takes patience Ultimately truly great schools don't suddenly exist You grow great teachers first who in turn grow a truly great school There is a huge fork in the road for head teachers one route leads to executive headship across a number of schools and the other takes head teachers back into the classroom to be the head teacher John strongly believes that if the head teacher is not teaching or engaged in helping others to improve their teaching in their school then they are missing the point The only thing head teachers need obsess themselves with is improving the quality of teaching both their colleagues and their own This Much I Know about Love Over Fear is an authentic personal narrative of teaching leadership and discovering what really matters It gets to the heart of what is valuable in education and offers advice for those working in schools Chaos to Control Ciara Conlon,2012 Chaos to Control helps you understand how to work more productively focus on what matters and use technology to your advantage so you can get more done in less time with less stress Chaos to Control Is written by personal productivity coach Ciara Conlon who blogs at www.ciaraconlon.com Helps you sharpen your ability to focus to help achieve your personal and professional goals Brings together theories and practical advice from the most recent and well regarded writers on optimism and positivity as key ingredients of productivity Gives tips on decreasing physical and mental clutter Advises on how to use technology so that it is saving you time not wasting your time including how to use social networking sites effectively Explains why productive leaders are fundamental to organisational success Helps you to move from being overwhelmed to a calm state of control Outlines personal habits that can enhance productivity including exercise meditation learning to say no About the author Ciara Conlon is a productivity coach author and blogger With the smart use of technology and the introduction of simple and productive habits she has transformed her life from disorganised chaos to an efficient workable flow Her blog <http://www.ciaraconlon.com> focuses on how to increase your personal productivity and simplify your life to achieve greater happiness and success **The British National Bibliography** Arthur James Wells,2005 **Out of the Shadows** David K.
