This book contributes to an emerging field of study and provides new perspectives on the ways in which Gothic literature visual media and other cultural forms explicitly engage gender sexuality form and genre The collection is a forum in which the ideas of several well respected critics converge producing a breadth of knowledge and a diversity of subject areas and methodologies It is concerned with several questions including How can we discuss Gothic as a genre that crosses over boundaries constructed by a culture to define and contain gender and sexuality How do transgender bodies specifically mark or disrupt this boundary crossing In what ways does the Gothic open up a plural narrative space for transgenre explorations encounters and experimentation With this the volume's chapters explore expected categories such as transgenders

transbodies and transembodiments but also broader concepts that move through and beyond the limits of gender identity and sexuality such as transhistories transpolitics transmodalities and transgenres Illuminating such areas as the appropriation of the trans body in Gothic literature and film the function of trans rhetorics in memoir textual markers of transgenderism and the Gothic s transgeneric qualities the chapters offer innovative but not limited ways to interpret the Gothic In addition the book intersects with but also troubles non trans feminist and queer readings of the Gothic Together these diverse approaches engage the Gothic as a definitively trans subject and offer new and exciting connections and insights into Gothic Media Film Narrative and Gender and Sexuality Studies

Romanticism, Gender, and Violence Nowell Marshall, 2013-07-22 Combining queer theory with theories of affect psychoanalysis and Foucauldian genealogy Romanticism Gender and Violence Blake to George Sodini theorizes performative melancholia a condition where regardless of sexual orientation overinvestment in gender norms causes subjects who are unable to embody those norms to experience socially expected normal gender as something unattainable or lost This perceived loss causes an ambivalence within the subject that can lead to self inflicted violence masochism suicide or violence toward others sadism murder Reading a range of Romantic poetry and novels between 1790 1820 but ultimately moving beyond the period to show its contemporary cultural relevance through readings of Eliot s *The Mill on the Floss* Virginia Woolf s *Mrs Dalloway* Andrew Holleran s *Dancer from the Dance* and George Sodini s 2009 murder suicide case this study argues that we need to move beyond focusing on bullying teens and LGBT students and look at our cultural investment in gender normativity itself Doing so allows us to recognize that the relationship between non normative gender performance and violence is not simply a gay problem it is a human problem that can affect people of any sex sexuality age race or ethnicity and one that we can trace back to the Romantic period Bringing late 18th century novels into conversation with both canonical and lesser known Romantic poetry allows us to see that as people whose performance of gender occasionally exceeds the normal we too often internalize these norms and punish ourselves or others for our inability to adhere to them Contrasting paired chapters by male and female authors and including sections on failed romantic coupling melancholic femininities melancholic masculinities failed gender performance and madness and ending with a section titled *After Romanticism* this study works on multiple levels to complicate previous understandings of gender and violence in Romanticism while also offering a model for contemporary issues relating to gender and violence among people who fail to perform gender according to social norms

Roxanne Douglas,2025-08-13 This book moves the field of study of Arab women s writing on from the Anglophone preoccupation with the bravery that it takes to put pen to paper and instead focuses on what the pen actually does This book shows that Arab women writers innovate and utilise Gothic forms to live with the ghosts of foremothers who represent lost knowledges about violence and feminised heritage Examining contemporary Arab women s writing from the 1970s to the present through the lens of world literary systems and feminist theory this book details aesthetic patterns between decades nations and authors The works of canonical Arab feminist authors such as Nawal El Saadawi and Hanan Al Shaykh are put in conversation with those of contemporary authors such as Adania Shibli Joumana Haddad and Mansoura Ez Eldin These works are linked through their creative feminist theorisations of loss and living **The Future of the Nineteenth-Century**

Dream-Child Amy Billone,2016-06-10 This book investigates the reappearance of the 19th century dream child from the Golden Age of Children s Literature both in the Harry Potter series and in other works that have reached unprecedented levels of popular success today Discussing Harry Potter as a reincarnation of Lewis Carroll s Alice and J M Barrie s Peter Pan Billone goes on to examine the recent resurrection of Alice in Tim Burton s Alice and of Peter Pan in Michael Jackson and in James Bond Visiting trends that have emerged since the Harry Potter series ended the book studies revisions of the dream child in texts and films that have inspired mass fandom in the twenty first century Stephenie Meyer s Twilight E L James s 50 Shades of Grey and Suzanne Collins s The Hunger Games The volume argues that the 21st century desire to achieve dream states in relationship to eternal youth results from the way that dreams provide a means of realizing the fantastic yet alarming possibility of escaping from time This current identification with the dream child stems from the threat of political unrest and economic and environmental collapse as well as from the simultaneous technophilia and technophobia of a culture immersed in the breathless revolution of the digital age This book not only explores how the dream child from the past has returned to reflect misgivings about imagined dystopian futures but also reveals how the rebirth of the dream child opens up possibilities for new narratives where happy endings remain viable against all odds It will appeal to scholars in a wide variety of fields including Childhood Studies Children s YA Literature Cinema Studies Cultural Studies Cyberculture Gender Studies Queer Studies Gothic Studies New Media and Popular Culture **Gender and the Male Character in 21st Century Fairy Tale**

comprehensive critical analysis of vampires in contemporary popular literature and demonstrating how they engage with essential cultural preoccupations anxieties and desires Drawing from cultural materialism anthropology psychoanalysis literary criticism gender studies and postmodern thought Piatti Farnell re frames the concept of the vampire in relation to a distinctly twenty first century brand of Gothic imagination highlighting important aesthetic conceptual and cultural changes that have affected the literary genre in the post 2000 era She places the contemporary literary vampire within the wider popular culture scope also building critical connections with issues of fandom and readership In reworking the formulaic elements of the vampiric tradition and experimenting with genre bending techniques this book shows how authors such as J R Ward Stephanie Meyers Charlaine Harris and Anne Rice have allowed vampires to be moulded into enigmatic figures who sustain a vivid conceptual debt to contemporary consumer and popular culture This book highlights the changes conceptual political and aesthetic that vampires have undergone in the past decade simultaneously addressing how these changes in vampire identity impact on the definition of the Gothic as a whole
