Trading for Beginners and Dummies** Lisa H Gregory Ph D, 2021-01-24 Penny stocks are big business even though they  
sound small Tens of millions of people trade them and while some win and some lose none can argue the place of small  
stocks on the markets The broad appeal of these small shares is also notable Unlike most other investment vehicles that cater  
to very select niche audiences people from all walks of life are getting involved with penny stocks Whether you're a beginner  
learning the ropes or an experienced trader looking to get in early on tomorrow's up and coming corporations you'll find that

others just like you are already involved in the smallest stocks Of course the rules for penny stocks are a little different from other investment types There are certain risks and pitfalls that could cost you Thankfully most of these are easily avoidable especially if you've read *Invest in Penny Stocks* in its entirety You can protect yourself even more by performing Leeds Analysis on any penny stock you're interested in and by applying the same research to that company's competitors for comparison purposes Hopefully the tactics detailed in this book will get you over the penny stock phobia from which most investors suffer Involved in small stocks because they bought the wrong stocks at the wrong times and for the wrong reasons In contrast to this while dumb decisions and phobias keep some investors out of the penny stock arena there are many who've been playing the game right They're the ones investing in the right stocks at the right times and for the right reasons They're the ones using Leeds Analysis to research their options They're the ones making fortunes by trading penny stocks The good news is that you can get started easily If you've read through this entire book then you've been introduced to all the concepts needed to become a successful penny stock investor From paper trading to getting a good broker from the best markets to due diligence you've covered it all Most importantly you've been introduced to Leeds Analysis By applying it to investments that you may be interested in you'll be significantly ahead of other investors You'll avoid those common pitfalls that take some traders out of the game and profit from tremendous Delving into a company from a fundamental analysis perspective tells even more First there's the financials which reveal the health and momentum of a corporation from both past and present perspectives Then you can get even more granular and review the financial ratios which allow very valuable comparisons to other companies of all sizes and produce many very telling results Yet fundamental analysis goes even deeper From reading press releases to reviewing legal battles from researching the share structure to looking into insider trading you can learn almost everything there is to know about a company
