A large black silhouette of Sherlock Holmes is the central focus. He is wearing his iconic deerstalker hat and a cape, and is shown in profile, smoking a pipe. The background is a solid blue color. To the left of the silhouette is a stylized street lamp. To the right, in the background, is a smaller silhouette of a man in a top hat. The ground is represented by a pattern of light and dark blue shapes, suggesting cobblestones or a similar texture.

His Last Bow (Sherlock Holmes #8) Arthur Conan Doyle, 2020-06 This fairly slight volume contains eight fascinating Holmes stories each of them a fairly decent length utterly perfect to curl up with on a chilly December evening I adore the character of Holmes it matches exactly the mood that Doyle creates so perfectly in each story The tension and fear that lies beneath a rarefied Englishness the dense fogs that swirl outside the windows of Baker Street while a great mind is figuring out the unfathomable In my personal favourite The Adventure of the Devil's Foot Holmes and Watson find themselves in a

tiny Cornish village where a woman has been apparently terrified to death and two of her brothers left raving mad In the final title story a tale not narrated by Watson the two old friends are brought back together some time after Holmes retirement it is August 1914 Although rather different in tone to the preceding stories it is a nice quiet finale His Last Bow (Sherlock Holmes #8) A. to where Conan Doyle was born Sherlock Holmes has inspired many tribute novels and TV series Unusual for a Sherlock Holmes story His Last Bow is a short spy story as opposed to a detective centered mystery It is also told in the third person as opposed to the first No one is entirely sure why However it is said that the story could have been designed to boost public morale during the First World War because of its portrayal of British and German spies The story opens with two German spies Von Bork and Baron von Herling discussing the British government and the intelligence they've gathered They're saying that the British are deceiving because they appear soft and docile when in fact they're very tricky to deal with The British are very good at laying traps for diplomats and spies to walk into unawares Von Bork has spent four years gathering intelligence in England and he's about to return to Germany with his findings It's the eve of the First World War and he believes his notes will help Germany secure victory Von Herling tells Von Bork that he can expect a heroic welcome back in Berlin because he's exceeded their expectations The military secrets he's uncovered are sure to destroy Britain Von Herling asks him why he hasn't left for Berlin yet and Von Bork explains he's waiting on a final crucial piece of intelligence without which he won't be satisfied An informant is bringing him British naval signals so the Germans will be able to anticipate British strategy and take out their ships Von Herling impressed with Von Bork's dedication wishes him well He then leaves on his own business Von Herling seems surprised when he leaves at how ill prepared Britain is for the war Von Bork however knows this is not the case the British are far too clever for that He knows the Germans can't take anything for granted and he must take care to make it out of the country with all his papers intact The informant Altamont appears with a copy of the signals He's concerned by how unsecured Von Bork's book of files seems to be but Von Bork explains there's a code he even tells him what it is August 1918 Altamont asks him what he'll do about his staff once he heads back to Germany Von Bork hasn't thought about them and that upsets Altamont too Altamont reveals that one of Von Bork's favored informants has been caught there's no telling what he'll admit to the British For his safety Altamont wants Von Bork to get him out of the country immediately Von Bork tells him to make for Rotterdam where he'll get safe passage to New York Now it's time to inspect Altamont's documents Before Von Bork opens them Altamont knocks him out with a chloroform rag It turns out that he's Sherlock Holmes in disguise Holmes keeps an eye on Von Bork's rumored informants ensuring they get caught once they have proven to be spies He also now has the passcode to Von Bork's briefcase so he can take all this evidence to the British police
