**China's Evolving Industrial Policies and Economic Restructuring** Zheng Yongnian,Sarah Y. Tong,2014-07-11 In the past three decades China has successfully transformed itself from an extremely poor economy to the world s second largest economy The country s phenomenal economic growth has been sustained primarily by its rapid and continuous industrialisation Currently industry accounts for nearly two fifth of China s gross domestic product and since 2009 China has been the world s largest exporter of manufactured products This book explores the question of how far this industrial growth has been the product of government policies It discusses how government policies and their priorities have developed and evolved examines how industrial policies are linked to policies in other areas such as trade technology and regional development and assesses how new policy initiatives are encouraging China s increasing success in new technology intensive industries It also demonstrates how China s industrial policies are linked to development of industrial clusters and regions

□□□□□□□□□□ ,2002 **Chinese Multinationals** Jean-Paul Larcon,2009 This book examines the rise of Chinese companies in international markets during the last two decades of rapid expansion of the Chinese economy The fruit of a collaboration between two leading business schools HEC Paris and the School of Economics and Management of Tsinghua University it provides a comprehensive overview of the strategies of Chinese multinationals in terms of international marketing and branding M As and international joint ventures management of technology organization and human resource management etc The strategies of several well known companies are described in detail including Baosteel Bird Haier Hisense Huawei Technologies Lenovo Nuchtech Petrochina TCL Tsingtao Brewery Wahaha Wanxiang etc *China's State Owned Enterprise Reforms* Leila Fernandez-Stembridge,Juan Antonio Fernandez,2007-01-24 Much has been written on China s State Owned Enterprises SOEs reform following the restructuring impact on China s economic reform process in the last decade However as a major root of social and economic change little has been discussed beyond a description of SOEs shortcomings and their overall impact on the economy This book provides a more in depth analysis of SOEs by assessing the transformation process of eleven specific industries with reference to the state of competition the influence of WTO

membership and the challenges these industries face in the future. Importantly, the authors also provide a personal perspective alongside the industry analysis with eleven case studies of firms actually undergoing this restructuring process, including interviews with crucial agents of reform such as CEOs and GMs. The provision of both a macro and business perspective of SOEs reforms provides the reader with a complete and accurate insight into the economic, social, and business reality of China today. China's State-Owned Enterprises Reforms will therefore be essential reading for those interested in the Chinese economy and Chinese business, as well as economists, foreign investors, MBA and EMBA students, and scholars specializing in emerging or transitional economies.
