While product identification numbers in the clearing markets section, denominated in dollars, are helpful in locating the position, it's not ideal. That's because they change every time you enter a trade. If the market is high on the trading day, the identification number is a seven-digit value. If the market is

Warning is provided as part of the site's expert report to be followed and users are advised that support is provided as a service to the reader. The service is not intended to be a substitute for professional advice and should not be used as such.

The warranty provides you the assurance that should you find the product under repair within the warranty period, it will be replaced. However, there are several conditions that apply. For example, the warranty does not cover the cost of shipping the product to the repair shop. Should the equipment be returned, it may be required to change the performance level of the original factory specifications. The warranty also includes a limit on the number of times the equipment may be repaired. Finally, the warranty does not cover the cost of shipping the equipment to the repair shop. It is important to read the warranty carefully to understand the conditions and limitations.

Only qualified, experienced operators, strictly trained according to local law, should be allowed to operate the machine. Moreover, only strictly trained personnel should be allowed to inspect - correct the machine.

All information, figures and specifications in this manual are based on the latest product information available at the time of publication. This will be corrected to cover changes as they come to light.
