The Chinese Communist Youth League Konstantinos

Tsimonis,2025-10-01 The Chinese Communist Youth League is the largest youth political organization in the world with over 80 million members Former Chinese President Hu Jintao was a firm supporter of the League and believed that it could play a bigger role in winning the hearts and minds of Chinese youth by actively engaging with their interests and demands Accordingly he provided the League with a new youth work mandate to increase its capacity for responsiveness under the slogan keep the Party assured and the youth satisfied This original investigation of the hitherto unexamined organization uses a combination of interviews surveys and ethnography to explore how the League implemented Hu s mandate at both local and national levels exposing the contradictory nature of some of its campaigns By doing so it also sheds light on the reasons for Xi Jinping s turn against the League during his first term in office The Chinese Communist Youth League Juniority

and Responsiveness in a Party Youth Organization develops the original concept of juniority to capture the complex ways that generational power is institutionalized alienating young people from official political processes with significant implications for China's political development The book will be of interest to researchers and students of Chinese politics as well as to scholars of comparative youth politics and sociology Coming Together Attila Gyucha, 2019-02-28 Archaeologists anthropologists and classicists discuss how urbanization first emerged in strikingly different sociopolitical contexts in North America Europe and the Near East The pursuit for universally applicable definitions of the terms urban and city has frequently distracted scholars from scrutinizing processes of how ancient nucleated settlements evolved and developed Based on the premise that similar social dynamics to a great extent governed nucleation trajectories throughout human history *Coming Together* focuses on both prehistoric aggregated and early urban settlements Drawing from a variety of theoretical and methodological approaches archaeologists anthropologists and classicists discuss how nucleation unfolded in strikingly different sociopolitical contexts in North America Europe and the Near East The major themes of the volume are nucleation's origins pathways to sustainability and the transformative role of these sites in sociopolitical and cultural change

Spaces of Engagement Syed Furrukh Zad Ali Shah, 2018 This study reflects on discourses politics and culture of islamophobia with reference to Muslim diaspora communities in a post migration Western European context It argues that islamophobia is the product as well as carries the agency of Muslim diaspora enclave/exclave phenomenon These socio-spatial encounters are not to be seen as divisive but are to be understood as productive to seek to negotiate a transnational multi-cultural public space for integration It is in this context that this study has sought to relocate European Islamophobia in Muslim diaspora enclaves Dissertation Series Islam in the Existence of Europe Islam in der Lebenswelt Europa Vol 11 Subject Islamic Studies Middle East Studies Muslim Studies *Drinking Dilemmas* Thomas Thurnell-Read, 2015-12-14 Drinking and drunkenness have become a focal point for political and media debates to contest notions of responsibility discipline and risk yet at the same time academic studies have highlighted the positive aspects of drinking in relation to sociability belonging and identity These issues are at the heart of this volume which brings together the work of academics and researchers exploring social and cultural aspects of contemporary drinking practices These drinking practices are enormously varied and are spatially and culturally defined The contributions to the volume draw on research settings from across the UK and beyond to demonstrate both the complexity and diversity of drinking subjectivities and practices Across these examples tensions relating to gender social class age and the life course are particularly prominent Rather than align to now long established moral discourses about what constitutes good and bad drinking sociological approaches to alcohol foreground the vivid lived nature of alcohol consumption and the associated experiences of drunkenness and intoxication In doing so the volume illuminates the controversial yet important social and cultural roles played by drink for individuals and groups across a range of social contexts Emerging Technologies in Computing Mahdi H. Miraz, Peter S. Excell, Andrew

Gasparatos, 2017-10-02 What is urban How can it be described and contextualised How is it used in theory and practice Urban processes feature in key international policy and practice discourses They are at the core of research agendas across traditional academic disciplines and emerging interdisciplinary fields However the concept of the urban remains highly contested both as material reality and imaginary construct The urban remains imprecisely defined Defining the Urban is an indispensable guide for the urban transdisciplinary thinker and practitioner Parts I and II focus on how Academic Disciplines and Professional Practices respectively understand and engage with the urban Included among others are Architecture Ecology Governance and Sociology Part III Emerging Approaches outlines how elements from theory and practice combine to form transdisciplinary tools and perspectives Written by eminent experts in their respective fields Defining the Urban provides a stepping stone for the development of a common language a shared ontology in the disjointed fields of urban research and practice It is a comprehensive and accessible resource for anyone with an interest in understanding how urban scholars and practitioners can work together on this complex theme Global Cities Greg Clark, 2016-11-29 Why have some cities become great global urban centers and what cities will be future leaders From Athens and Rome in ancient times to New York and Singapore today a handful of cities have stood out as centers of global economic military or political power In the twenty first century the number of truly global cities is greater than ever before reflecting the globalization of both economic and political power In Global Cities A Short History Greg Clark an internationally renowned British urbanist examines the enduring forces such as trade migration war and technology that have enabled some cities to emerge from the pack into global leadership Much more than an historical review Clark s book looks to the future examining the trends that are transforming cities around the world as well as the new challenges all global cities increasingly will face Which cities will be the global leaders of tomorrow What are the common issues and opportunities they will face What kinds of leadership can make these cities competitive and resilient Clark offers answers to these and similar questions in a book that will be of interest to anyone who lives in or is affected by the world s great urban areas **Responsible Management Education**

and the Challenge of Poverty Milenko Gudić, Carole Parks, Al Rosenbloom, 2017-09-08 End poverty in all its forms everywhere UN Sustainable Development Goal 1 There has never been a more urgent need to tackle the issue of global poverty and the need for businesses business schools and management programmes to address the issue is crucial as they educate and employ the leaders of tomorrow But with so many competing priorities on courses and considerable ground to cover it can be challenge to devote enough time and attention to poverty issues Responsible Management Education and the

Challenge of Poverty provides an invaluable guide for management educators who want to inspire a new generation of leaders to tackle global poverty challenges This expert collection shows educators how to teach poverty in management programmes with examples encouragement and guidance from course leaders and management academics The five sections of the book focus on frameworks for understanding course design and topic integration within courses extra curricular approaches or community based approaches contemporary issues and future directions The book is a companion volume to Socially Responsive Organizations and the Challenge of Poverty which shows a clear rationale for the inclusion of poverty in management education Showcasing innovative teaching module development and program design methods that integrate the issue of poverty into global business management courses and curricula this handbook shows educators how to design effective programmes and modules that get to the heart of poverty issues as they relate to management education It is essential reading for faculty members trainers and administrators who are interested in new ways to engage students with the complex relationship between poverty and business practice

Transformative Pathways to Sustainability Adrian Ely, 2021-09-02 Transformations to sustainability are increasingly the focus of research and policy discussions around the Sustainable Development Goals However the different roles played by transdisciplinary research in contributing to social transformations across diverse settings have been neglected in the literature Transformative Pathways to Sustainability responds to this gap by presenting a set of coherent theoretically informed and methodologically innovative experiments from around the world that offer important insights for this growing field The book draws on content and cases from across the Pathways Transformative Knowledge Network an international group of six regional hubs working on sustainability challenges in their own local or national contexts Each of these hubs reports on their experiences of transformation laboratory processes in the following areas sustainable agricultural and food systems for healthy livelihoods with a focus on sustainable agri food systems in the UK and open source seeds in Argentina low carbon energy and industrial transformations focussing on mobile enabled solar home systems in Kenya and social aspects of the green transformation in China and water and waste for sustainable cities looking at Xochimilco wetland in Mexico and Gurgaon in India The book combines new empirical data from these processes with a novel analysis that represents both theoretical and methodological contributions It is especially international in its scope drawing inputs from North and South mirroring the universality of the Sustainable Development Goals The book is of vital interest to academics action researchers and funders policy makers and civil society organisations working on transformations to sustainability The Open Access version of this book available at www.taylorfrancis.com/books/oa/edit/10.4324/9780429331930/transformative-pathways-sustainability-pathways-network has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

The Top Books of the Year Key Concepts In Urban Studies Sage Key Concepts Series The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
