Stages of Life Brian E. Brown, 2024-11-27

Stages of Life is a workbook written for men who are struggling to find their pathway to life due to absent fathers in the home and a lack of knowledge about navigating through the normal phases of life In today s society it has become difficult for men to figure out their significance and with the rise of single parent households with the mother being the dominant force in the home due to no male presence it can change the role of men in society and hinder their growth process while causing them to be dependent on their mothers care way past their normal age standard Some men grow up in an environment where they are also unable to get guidance and support on what it means to be masculine walking with good posture being a leader or a protector and to be responsible for your life The absence of a father figure or a good male role model leaves the young man in a place of searching for his identity This is why Stages of Life was written in order to help men bring clarity to their understanding of who they are and why they were created to fulfill a purpose in life The workbook will explain the three

The Best Way to Learn and Teach God's Word David Hawkins, 2021-04-12 An effective method for learning God's Word is to use a systematic strategy that involves seven consecutive steps A good way to remember the order in which these seven steps should be taken is by referring to the acrostic PRIME AT When you PRIME AT God's Word you are preparing to better understand and use God's Word The seven steps outlined in the acrostic are Pray Read Interpret Meditate Explore Apply and Teach You should Pray that the Holy Spirit will guide your learning of God's Word Read different versions of the Bible Interpret scripture in your own words Meditate on the meaning and purpose of the scripture Explore commentaries study guides and other biblical references Apply God's Word to your life Teach others what you have learned An effective way to teach God's Word is to engage people in active learning This is best done by designing a pedagogical method that addresses the following questions What do you want people to be able to do when they have finished the lesson What will they need to know in order to do what should be done How can you facilitate their learning How do you assess learning Establishing a set of learning outcomes is required to answer the first question To answer the second question one must identify the body of knowledge that must be acquired to accomplish the learning outcomes This requires identifying a set of learning objectives that must be achieved The best way to facilitate learning is to provide guided learning materials that address both learning outcomes and learning objectives and ask probing questions And finally some type of quiz or test needs to be developed in order to properly assess learning Teaching the Bible W.
