The Uses of Poetry Denys Thompson,1978-07-20 This is an account of the part played by poetry in the life of man from earliest times to the present Older than prose it was the vehicle for his technology history philosophy and science it helped him feel at home in his environment it was the social element between him and his fellows Mr Thompson explores these many facets in the earlier chapters of his book and then goes on to consider the impact of printing when in his view poetry became subtler but ceased to be a popular possession However as Mr Thompson shows poetry could still be of value in helping people to cope with the strains of living in assimilating the implications of vast new fields of knowledge and in keeping alive the idea of humanity in a dehumanising age

Taste and Experience in Eighteenth-Century British Aesthetics Dabney Townsend,2022-06-02 Taste and Experience in Eighteenth Century Aesthetics acknowledges theories of taste beauty the fine arts genius expression the sublime and the picturesque in their own right distinct from later theories of an exclusively aesthetic kind of experience By drawing on a wealth of thinkers including several marginalised philosophers Dabney Townsend presents a novel reading of the century to challenge our understanding of art and move towards a unique way of thinking about aesthetics Speaking of a proto aesthetic Townsend surveys theories of taste and beauty arising from the empiricist shift in philosophy A proto aesthetic was shaped by the philosophers who followed Locke and accepted that theories of taste and beauty must be products of experience alone Francis Hutcheson David Hume Alexander Gerard and Thomas Reid were among the most important advocates joined by others who re thought traditional topics Featuring chapters tracing its philosophical principles issues raised by the subjectivity of the empiricist approach and the more academic proto aesthetic formed toward the end of the century Townsend argues that Lockean empiricism laid the foundations for what we now call aesthetics

Prosodic Morphology in Mandarin Chinese Shengli Feng,2017-12-14 It is not entirely clear if modern Chinese is a monosyllabic or disyllabic language Although a disyllabic prosodic unit of some sort has long been considered by many to be at play in Chinese grammar the intuition is not always rigidly fleshed out theoretically in the area of Chinese morphology In this book Shengli Feng applies the theoretical model of prosodic morphology to Chinese morphology to provide the theoretical clarity regarding how and why Mandarin Chinese words are structured in a particular way All of the facts generated by the system of prosodic morphology in Chinese provide new perspectives for linguistic theory as well as insights for teaching Chinese and studying of Chinese poetic prosody

Cosmos Alexander von Humboldt,1900

Cosmos v.2, 1884 Alexander von Humboldt,1880

The Cartographic Imagination in Early Modern England D K Smith,2013-04-28 Working from a cultural studies perspective author D K Smith here examines a broad range of medieval and Renaissance maps and literary texts to explore the effects of geography on Tudor Stuart cultural perceptions

He argues that the literary representation of cartographically related material from the late fifteenth to the early seventeenth century demonstrates a new strain not just of geographical understanding but of cartographic manipulation which he terms the cartographic imagination. Rather than considering the effects of maps themselves on early modern epistemologies, Smith considers the effects of the activity of mapping, the new techniques, the new expectations of accuracy and precision which developed in the sixteenth century on the ways people thought and wrote. Looking at works by Spenser, Marlowe, Raleigh and Marvell among other authors, he analyzes how the growing ability to represent physical space accurately brought with it not just a wealth of new maps but a new array of rhetorical techniques, metaphors and associations which allowed the manipulation of texts and ideas in ways never before possible. **The Athenaeum**, 1855. The Universal Biographical Dictionary; Or, An Historical Account of the Lives, Characters, and Works of the Most Eminent Persons ... Particularly the Natives of Great Britain and Ireland ... A New Edition, Brought Down to the Present Time John Watkins (LL.D.), 1827.
