Google Maps Hacks Schuyler Erle:

Google Maps Hacks Rich Gibson, Schuyler Erle, 2006-01-17 Foreword by Jens Lars Rasmussen Google Maps Tech Leads

Google Maps Hacks Rich Gibson, Schuyler Erle, 2006-01-17 Want to find every pizza place within a 15 mile radius Where the dog parks are in a new town The most central meeting place for your class club or group of friends The cheapest gas stations on a day to day basis The location of convicted sex offenders in an area to which you may be considering moving The applications serendipitous and serious seem to be infinite as developers find ever more creative ways to add to and customize the satellite images and underlying API of Google Maps Written by Schuyler Erle and Rich Gibson authors of the popular Mapping Hacks Google Maps Hacks shares dozens of tricks for combining the capabilities of Google Maps with your own datasets Such diverse information as apartment listings crime reporting or flight routes can be integrated with Google s satellite imagery in creative ways to yield new and useful applications The authors begin with a complete introduction to the standard features of Google Maps The adventure continues with 60 useful and interesting mapping projects that demonstrate ways developers have added their own features to the maps After that s given you ideas of your own you learn to apply the techniques and tools to add your own data to customize and manipulate Google Maps Even Google seems to be tacitly blessing what might be seen as unauthorized use but maybe they just know a good thing when they see one With the tricks and techniques you ll learn from Google Maps Hacks you ll be able to adapt Google s satellite map feature to create interactive maps for personal and commercial applications for businesses ranging from real estate to package delivery to home services transportation and more Includes a foreword by Google Maps tech leads Jens and Lars Rasmussen **Google**

Hacks Rael Dornfest, Paul Bausch, Tara Calishain, 2006-08-03 Everyone knows that Google lets you search billions of web pages But few people realize that Google also gives you hundreds of cool ways to organize and play with information Since we released the last edition of this bestselling book Google has added many new features and services to its expanding universe Google Earth Google Talk Google Maps Google Blog Search Video Search Music Search Google Base Google Reader and Google Desktop among them We ve found ways to get these new services to do even more The expanded third edition of Google Hacks is a brand new and infinitely more useful book for this powerful search engine You ll not only find dozens of hacks for the new Google services but plenty of updated tips tricks and scripts for hacking the old ones Now you can make a Google Earth movie visualize your web site traffic with Google Analytics post pictures to your blog with Picasa or access Gmail in your favorite email client Industrial strength and real world tested this new collection enables you to mine a ton of information within Google s reach And have a lot of fun while doing it Search Google over IM with a Google Talk bot Build a customized Google Map and add it to your own web site Cover your searching tracks and take back your browsing privacy Turn any Google query into an RSS feed that you can monitor in Google Reader or the newsreader of your choice Keep tabs on blogs in new useful ways Turn Gmail into an external hard drive for Windows Mac or Linux Beef up your web pages with

search ads news feeds and more Program Google with the Google API and language of your choice For those of you concerned about Google as an emerging Big Brother this new edition also offers advice and concrete tips for protecting your privacy Get into the world of Google and bend it to your will Introduction to Neogeography Andrew Turner,2006-12-18 Neogeography combines the complex techniques of cartography and GIS and places them within reach of users and developers This Short Cut introduces you to the growing number of tools frameworks and resources available that make it easy to create maps and share the locations of your interests and history Learn what existing and emerging standards such as GeoRSS KML and Microformats mean how to add dynamic maps and locations to your web site how to pinpoint the locations of your online visitors how to create genealogical maps and Google Earth animations of your family s ancestry or how to geotag and share your travel photographs **Pro Web 2.0 Mashups** Raymond Yee,2008-04-25 How many times have you seen a web site and said This would be exactly what I wanted if only If only you could combine the statistics here with data from your company s earnings projections If only you could take the addresses for those restaurants and plot them on one map How often have you entered the date of a concert into your calendar with a single click instead of retyping How often do you wish that you could make all the different parts of your digital world your e mail your word processor documents your photos your search results your maps your presentations work together more seamlessly After all it s all digital and malleable information shouldn t it all just fit together In fact below the surface all the data web sites and applications you use could fit together This book teaches you how to forge those latent connections to make the Web your own by remixing information to create your own mashups A mashup in the words of the Wikipedia is a web site or web application that seamlessly combines content from more than one source 1 into an integrated experience Learning how to draw content from the Web together into new integrated interfaces and applications whether for yourself or for other others is the central concern of this book Maps and Memes Gwilym Lucas Eades,2015-01-01 Maps and cartography have long been used in the lands and resources offices of Canada s indigenous communities in support of land claims and traditional use studies Exploring alternative conceptualizations of maps and mapmaking Maps and Memes theorizes the potentially creative and therapeutic uses of maps for indigenous healing from the legacies of residential schools and colonial dispossession Gwilym Eades proposes that maps are vehicles for what he calls place memes units of cultural knowledge that are transmitted through time and across space Focusing on Cree Inuit and northwest coast communities the book explores intergenerational aspects of mapping landscape art practice and identity Through decades of living in and working with indigenous communities Eades has constructed an ethnographically rich account of mapping and spatial practices across Canada His extended participation in northern life also informs this theoretically grounded account of journeying on the land for commemoration and community healing Interweaving narrative accounts of journeys with academic applications for mapping the phenomena of indigenous suicide and suicide clusters Maps and Memes lays the groundwork for understanding current

struggles of indigenous youth to strengthen their identities and foster greater awareness of traditional territory and place
