serving in their host country's armed forces is an issue of moral equity and operational effectiveness. Allowing immigrants to enlist ensures that the military represents the population it serves and encourages inclusivity and cultural change within the institution while also creating a more effective military force. *The Power of Diversity in the Armed Forces* investigates how different countries approach the inclusion or exclusion of immigrants in their armed forces and offers immigrant military participation as a pathway to citizenship and a way to foster greater societal integration and achieve a more equitable, diverse, and inclusive military. By surveying international perspectives on immigrant and non-citizen military participation in twelve countries, *The Power of Diversity in the Armed Forces* introduces and examines a new way to unlock the power of diversity in military organizations globally.
