INTRODUCTION

Read this manual carefully to learn how to use safely and service your machine correctly. Failure to do so could result in personal injury or machine damage.

This manual should be considered a permanent part of your machine and should remain with the machine when you sell it.

This machine is of heavy design. Obvious marks in this manual are shown. Use only marks between and below the operator.

Significant and critical data are identified by being in the direction of forward motion.

When product identification numbers in the machine function section. Accurately record all the numbers to help in locating the machine about a 10 meter. Your dealer may mark these numbers when you order parts. If this manual is kept on the machine, pass the identification numbers to a secure place off the machine.

Warning is provided as part of Hitachi's support program for customers who operate and maintain their equipment as described in this manual. The warning is included in the safety section which you should read immediately after you read.

The warranty provides you the assurance that Hitachi will stand to produce when before you after the warranty period. In some circumstances, Hitachi also provides best improvements, other related things to the customer, even if the product is out of warranty. Should the equipment be altered, or modified to change its performance beyond the original factory specifications, the warranty will become void and all other equipment may be denied being full service under specifications or otherwise engineering machine will not be full service.

Only qualified, experienced operators should be trained according to local law should be allowed to operate the machine. Moreover, only officially trained personnel should be allowed to inspect, service the machine.

All information, functions and specifications in this manual are based on the latest product information available at the time of publication. The right is reserved to make changes at any time without notice.
