edition features Heidi's latest work on the new literacies and provides enhanced versions of strategies designed to help educators integrate critical language skills into their daily operational curriculum. These strategies include Revising and expanding the role of all teachers so that they see themselves as classical language and contemporary literacy teachers. Separating vocabulary into three distinctive types with distinctive instructional approaches to sustain and extend independent language development. Building creative and visual notetaking and sketchnoting strategies. Designing media projects for every class level and employing a consistent editing and revision policy for writing assignments. Using a formal approach to develop speaking skills through four discussion types to increase civil public discourse. Employing direct technical instruction that promotes the use of the human voice and body as a speaking and communication instrument. Using Curriculum Mapping to develop formal benchmark assessments for active literacy and new literacy cultivation in every subject and on every level. Each chapter is focused on a specific strategy and includes practical examples so you can easily implement the ideas no matter what grade level or subject area you teach.

Making a Difference Linda Sullivan-Dudzic, Donna K. Gearn, Kelli Leavell, 2010-01-06 It's time to build a bridge between early childhood programs and the K-3 system to ensure continued success for all children. This is the ultimate how-to manual for administrators and teachers who wish to maintain and maximize the gains children make in preschool. Sally Wingle, Preschool Teacher, Chelsea Community Preschool, MI. A great guide pointing in the right direction for starting a program. With the U.S. Department of Education's emphasis on early childhood education and new monies available from the stimulus plan, this book is a valuable resource. Cindy Luna, Principal, Northside ISD, San Antonio, TX. A 10-step plan for linking early childhood education to the K-3 system. The national push for improving young children's early learning experiences is no longer just about preschool. Now the focus is on strategic planning to increase achievement by reaching out to community early childhood education providers, establishing a strong PreK-3 foundation that connects early childhood education standards and goals to a K-3 system and ensuring that young learners receive high-quality instruction before kindergarten. Drawing on more than 20 years' success with a PreK-3 system in Washington state, the authors present a 10-step field-tested model that demonstrates how early childhood professionals and K-12 school leaders can outline a clear implementation plan for an integrated PreK-3 system that identifies both families and children's needs. Shares developmental information about individual learning skills and social-emotional development as children transition to kindergarten. Aligns resources, curriculum, instruction, and assessments. Anticipates challenges and celebrates successes. Invites input from superintendents, state officials, Head Start leaders, and Title I directors.
