and positive classroom environment Rather than try to identify who needs empathy start with the premise that all learners deserve empathy because it is a prerequisite for learning and growth In Teaching with Empathy Lisa Westman explores three types of empathy affective cognitive and behavioral and clarifies how they intertwine with curriculum learning environment equity practices instruction and assessment and grading and reporting Through her own experience as an instructional coach Westman shares tips and tools real world classroom examples powerful stories and even a bit of herself as she guides you to a better understanding of yourself and others Ultimately you ll learn what s possible when you let compassion and acceptance inform all aspects of your daily practice
