Four Shades of Gray Simon Peter Rowberry, 2022-04-05 This first book length analysis of Amazon's Kindle explores the platform's technological, bibliographical and social impact on publishing. Four Shades of Gray offers the first book length analysis of Amazon's Kindle and its impact on publishing. Simon Peter Rowberry recounts how Amazon built the infrastructure for a new generation of digital publications then considers the consequences of having a single company control the direction of the publishing industry. Exploring the platform from the perspectives of technology, texts and users, he shows how the Kindle challenges traditional notions of platforms as discrete entities. He argues that Amazon's influence extends beyond disruptive technology to embed itself in all aspects of the publishing trade yet despite industry pushback he says the Kindle has had a positive influence on publishing. Rowberry documents the first decade of the Kindle with case studies of Kindle Popular Highlights, an account of the digitization of books published after 1922 and a discussion of how Amazon's patent filings reflect a shift in priorities. Rowberry argues that while it was initially convenient for the book trade to outsource ebook development to Amazon, doing so has had adverse consequences for publishers in the mid and long term, limiting opportunities for developing an inclusive and forward thinking digital platform. While it has forced publishers to embrace digital forms, the Kindle has also empowered some previously marginalized readerships. Although it is still too early to judge the long term impact of ebooks compared with that of the older technologies of clay tablets, the printing press and offset printing, the shockwaves of the Kindle continue to shape publishing.

Communication and Networking Tai-hoon Kim, Hojjat Adeli, Wai-chi Fang, Thanos Vasilakos, Adrian Stoica, Charalampos Z. Patrikakis, Gansen Zhao, Javier Garcia Villalba, Yang Xiao, 2011-11-29 The two volume set CCIS 265 and 266 constitutes the refereed proceedings of the International Conference FGICN 2011 held as Part of the Future Generation Information Technology Conference FGIT 2011 Jeju Island Korea in December 2011. The papers presented were carefully reviewed and selected from numerous submissions and focus on the various aspects of future generation communication and networking.

The Book F. J. F. Suarez, H. R. Woudhuysen, 2013-10-24 A concise edition of the highly acclaimed Oxford Companion to the Book, this book features the 51 articles from the Companion plus 3 brand new chapters in one affordable volume. The 54 chapters introduce readers to the fascinating world of book history. Including 21 thematic studies on topics such as writing systems, the ancient and the medieval book and the economics of print as well as 33 regional and national histories of the book, offering a truly global survey of the book around the world, the Oxford History of the Book is the most comprehensive work of its kind. The three new articles specially commissioned for this spin off cover censorship, copyright and intellectual property and book history in

the Caribbean and Bermuda All essays are illustrated throughout with reproductions diagrams and examples of various typographical features Beautifully produced and hugely informative this is a must have for anyone with an interest in book history and the written word *E-books in Libraries* Kate Price, Virginia Havergal, 2011 Despite the fact that e books have been in existence for decades in various guises and added to library collections for several years now there has been a noticeable lack of published manuals on the subject This is doubtless owing to the rapidly evolving nature of the market There is now a plethora of different types of digital object that may be termed e books and a bewildering number of business and access models to match Moreover the pace of change shows no sign of abating but there is an increasing amount of popular interest in e books and what is needed is practical information to assist library and information professionals managing collections of e books and doing their best to inform their users right now The book is divided into five parts The production and distribution of e books Planning and developing an e book collection Delivering e books to library readers Engaging readers with e books The future of e books Virginia Havergal BA Hons MSc MEd FIFL is a Learning Centres and e Resources Manager for Petroc a further education college in Devon Prior to this role she was an e Learning Advisor with JISC with a particular focus on Learning Resources Kate Price BA Hons MA MCLIP is Head of E Strategy and Resources at the University of Surrey
