Barber,1974 *The Reign of Arthur* Christopher Gidlow,2005-05-19 Did King Arthur really exist The Reign of Arthur takes a fresh look at the early sources describing Arthur s career and compares them to the reality of Britain in the fifth and sixth centuries It presents for the first time both the most up to date scholarship and a convincing case for the existence of a real sixth century British general called Arthur Where others speculate wildly or else avoid the issue Gidlow remaining faithful to the sources deals directly with the central issue of interest to the general reader does the Arthur that we read of in the ninth century sources have any link to a real leader of the fifth or sixth century Was Arthur a powerful king or a Dark Age general co ordinating the British resistance to Saxon invaders Detailed analysis of the key Arthurian sources contemporary testimony and archaeology reveals the reality of fragmented British kingdoms uniting under a single military command to defeat the Saxons There is plausible and convincing evidence for the existence of their war leader and in this challenging and provocative work Gidlow concludes that the Dark Age hypothesis of Arthur War leader of the Kings of the Britons not only fits the facts it is the only way of making sense of them **King Arthur In History And Legend** William Lewis Jones,2025-08-22 Reproduction of the

The History of Merlin and King Arthur Geoffrey of Monmouth,2014-07-15 Geoffrey of Monmouth wrote his *Historia Regum Britanniae* History of the Kings of Britain in about 1136 AD His book includes the first account of the Arthurian legend that survives apart from very brief mentions of Arthur in earlier chronicles This edition makes Geoffrey s history of Arthur accessible to a general audience for the first time It includes only the parts of Geoffrey s *Historia* that are about Merlin or Arthur omitting its lengthy histories of other kings which do not interest today s readers It breaks up Geoffrey s text into shorter chapters and it adds subheadings that make the narrative easier to follow Geoffrey lets us see King Arthur s place in history much more clearly than later versions of the legends telling us that Arthur fought the Saxons after the Romans left Britain He also includes stories of Merlin s early life that are left out of later accounts This edition uses Aaron Thompson s 1718 translation of the *Historia* as revised and corrected by J A Giles in 1842 This edition also includes drawings by the famous illustrator Howard Pyle making it a beautiful book as well as a book that will fascinate anyone who is interested in the stories of King Arthur and wants to learn more about them

King Arthur Charles River Charles River Editors,Jesse Harasta,2017-12-20 Includes pictures of important places and historic illustrations and art depicting the figures of the Arthurian legend Profiles the historic figures who scholars speculate may be the person King Arthur was based on Explains the mythological and folklore origins of the Arthurian legend and how the legend evolved over time King Arthur is one of the most famous names in history and his name still evokes visions of fantasy chivalry bravery and more even today Arthur remains a pop culture fixture around the globe made famous in various Arthurian tales written by writers like Chretien de Troyes Arthur came to embody the ideals of the Middle Ages strength chivalry bravery and more Along the way his Excalibur sword the Holy Grail his queen and more have all become household words Arthur has long been identified as a folk hero and there are countless tales that comprise the Arthurian legend but was there an actual person that the original stories were based on People still search for the seeds of truth in the Knights of the Round Table and the historical figure that inspired the Arthurian tales Of course as with all great myths and even those with a kernel of truth behind them there is no real Arthur Arthur is now comprised of the works written by diverse storytellers most of which have built upon the ancient
