modern condition facing like the human species the problem of adapting to modernizing forces that relentlessly outpaced it Yet the dog in literary modernism does not function as a stand in for the human In this book Karalyn Kendall Morwick examines the human dog relationship in modernist works by Virginia Woolf Jack London Albert Payson Terhune J R Ackerley and Samuel Beckett among others Drawing from the evolutionary theories of Charles Darwin and the scientific literary and philosophical work of Donna Haraway Temple Grandin and Carrie Rohman she makes a case for the dog as a coevolutionary and coadapting partner of humans As our coevolutionary partners dogs destabilize the human not the autonomous self transparent subject of Western humanism the human is instead contingent shaped by its material interactions with other species By demonstrating how modernist representations of dogs ultimately mongrelize the human this book reveals dogs status both as instigators of the crisis of the modern subject and as partners uniquely positioned to help humans adapt to the turbulent forces of modernization Accessibly written and convincingly argued this study shows how dogs challenge the autonomy of the human subject and the humanistic underpinnings of traditional literary forms It will find favor with students and scholars of modernist literature and animal studies Animals and Society Keith Tester,2014-08-21 Animals and Society uses a variety of historical sources and a coherent social theory to tell the story of the invention of animal rights It moves from incidents like the medieval execution of pigs to a discussion of the politics and strategies of modern rights organisations The book also presents radical interpretations of nineteenth century animal welfare laws and the accounts of the Noble Savage The insights generated by social science are always at the core of the discussion and the author draws on the work of Michel Foucault Norbert Elias Claude Levi Strauss and Mary Douglas This wide ranging and accessible book provides a fascinating account of the relations between humans and animals It raises far reaching questions about the philosophy history and politics of animal rights *Imperial Beast Fables* Kaori Nagai,2020-07-28 This book coins the term imperial beast fable to explore modern forms of human animal relationships and their origins in the British Empire Taking as a starting point the long nineteenth century fascination with non European beast fables it examines literary reworkings of these fables such as Rudyard Kipling s Jungle Books in relation to the global politics of race language and species The imperial beast fable figures variably as a key site where the nature and origins of mankind are hotly debated an emerging space of conservation in which humans enclose animals to manage and control them a cage in which an animal narrator talks to change its human jailors and a vision of animal cosmopolitanism in which a close kinship between humans and other animals is dreamt of Written at the intersection of animal studies and postcolonial studies this book proposes that the beast fable embodies the ideologies and values of the British Empire while also covertly critiquing them It therefore finds in the beast fable the possibility that the multitudinous animals it gives voice to might challenge the imperial networks which threaten their existence both in the nineteenth century and today **Islam Between East and West: New Reflections** Alija Izetbegovic, Incarcerated by the Communist regime in Yugoslavia for five arduous years Alija Izetbegovic penned these

treasured philosophical reflections on diverse topics such as freedom politics history religion and morality Confined to his cell in Fo a Prison Sarajevo he filled thirteen notebooks with these wonderful pearls of wisdom and managed to smuggle them out with the help of a fellow inmate These notes are now presented for the first time as part of a series Notes from Prison is Alija Izetbegovic s spiritual escape to freedom and makes for an outstandingly unique read both in form and content
