American Poetry as Transactional Art Stephen Fredman, 2020-06-02 Explores the ways American poetry engages with visual art music fiction spirituality and performance art Many people think of poetry as a hermetic art as though poets wrote only about themselves or as if the subject of poetry were finally only poetry its forms and traditions Indeed much of what constitutes poetry in the lyric tradition depends on a stringently controlled point of view and aims for a timeless intransitive utterance Stephen Fredman's study proposes a different perspective American Poetry as Transactional Art explores a salient quality of much avant garde American poetry that has so far lacked sustained treatment namely its role as a transactional art Specifically Fredman describes this role as the ways it consistently engages in conversation talk correspondence going beyond the scope of its own subjects and forms its existential interactions with the outside world Poetry operating in this vein draws together images ideas practices rituals and verbal techniques from around the globe and across time not to equate them but to establish dialogue to invite as many guests as possible to the World Party which Robert Duncan has called the symposium of the whole Fredman invites new readers into contemporary poetry by providing lucid and nuanced analyses of specific poems and specific interchanges between poets and their surroundings He explores such topics as poetry's transactions with spiritual traditions and practices over the course of the twentieth century the impact of World War II on the poetry of Charles Olson and George Oppen exchanges between poetry and other art forms including sculpture performance art and ambient music the battle between poetry and prose in the early work of Paul Auster and in Lyn Hejinian's My Life The epilogue looks briefly at another crucial transactional occasion teaching American poetry in the classroom in a way that demonstrates that it is at the center of the arts and at the heart of American culture Historical Dictionary of Contemporary Art Ann Lee Morgan, 2016-12-05 The Historical Dictionary of Contemporary Art illuminates important artists styles and movements of the past 70 years Beginning with the immediate post World War II period it encompasses earlier 20th century masters including Pablo Picasso Henri Matisse Henry Moore Alberto Giacometti Joan Mir Jean Dubuffet Stuart Davis Georgia O Keeffe and other well known figures who remained creatively productive while also inspiring younger generations The book covers subsequent developments including abstract expressionism happenings pop art minimalism conceptual art arte povera feminist art photorealism neo expressionism and postmodernism as well as the contributions of such artists as Jackson Pollock Willem de Kooning Mark Rothko Helen Frankenthaler Joan Mitchell Robert Rauschenberg

Ninth Street Women Mary Gabriel, 2018-09-25 Five women revolutionize the modern art world in postwar America in this gratifying generous and lush true story from a National Book Award and Pulitzer Prize finalist Jennifer Szalai New York Times Set amid the most turbulent social and political period of modern times *Ninth Street Women* is the impassioned wild sometimes tragic always exhilarating chronicle of five women who dared to enter the male dominated world of twentieth century abstract painting not as muses but as artists From their cold water lofts where they worked drank fought and loved these pioneers burst open the door to the art world for themselves and countless others to come Gutsy and indomitable Lee Krasner was a hell raising leader among artists long before she became part of the modern art world's first celebrity couple by marrying Jackson Pollock Elaine de Kooning whose brilliant mind and peerless charm made her the emotional center of the New York School used her work and words to build a bridge between the avant garde and a public that scorned abstract art as a hoax Grace Hartigan fearlessly abandoned life as a New Jersey housewife and mother to achieve stardom as one of the boldest painters of her generation Joan Mitchell whose notoriously tough exterior shielded a vulnerable artist within escaped a privileged but emotionally damaging Chicago childhood to translate her fierce vision into magnificent canvases And Helen Frankenthaler the beautiful daughter of a prominent New York family chose the difficult path of the creative life Her gamble paid off At twenty three she created a work so original it launched a new school of painting These women changed American art and society tearing up the prevailing social code and replacing it with a doctrine of liberation In *Ninth Street Women* acclaimed author Mary Gabriel tells a remarkable and inspiring story of the power of art and artists in shaping not just postwar America but the future
