Guerrilla Marketing Alexander L. Fattal, 2018-12-10 Brand warfare is real Guerrilla Marketing details the Colombian government's efforts to transform Marxist guerrilla fighters in the FARC into consumer citizens Alexander L Fattal shows how the market has become one of the principal grounds on which counterinsurgency warfare is waged and postconflict futures are imagined in Colombia This layered case study illuminates a larger phenomenon the convergence of marketing and militarism in the twenty first century Taking a global view of information warfare Guerrilla Marketing combines archival research and extensive fieldwork not just with the Colombian Ministry of Defense and former rebel communities but also with political exiles in Sweden and peace negotiators in Havana Throughout Fattal deftly intertwines insights into the modern surveillance state peace and conflict studies and humanitarian interventions on one hand with critical engagements with marketing consumer culture and late capitalism on the other The result is a powerful analysis of the intersection of conflict and consumerism in a world where governance is increasingly structured by brand ideology and wars sold as humanitarian interventions Full of rich unforgettable ethnographic stories Guerrilla Marketing is a stunning and troubling analysis of the mediation of global conflict

**The Age of Persuasion** Terry Edward O'Reilly, Mike Tennant, 2009 Stop to consider the culture of the 21st century Each morning you might hear a half dozen ads on the radio before your feet touch the floor Staggering out of bed you'll pass brand logos on your clothing and in your bathroom By the end of the day hundreds perhaps thousands of marketing messages have targeted you And yet so little is understood about how marketing affects our lives our society and our world Enter Terry O'Reilly and Mike Tennant the ad men behind The Age of Persuasion the popular radio show broadcast on the Canadian Broadcasting Corporation and Sirius Radio They have made it their mission to share the back room story of modern marketing entertaining asides and all think of advertisers as millions of ants in a colony each working hard and each with its own objective Except that in this colony every single ant is competing against the others That's the ad business Almost every ad you see hear and otherwise experience is competing for a piece of your imagination And like any cross section of humanity the vast worldwide advertising community is diverse composed of geniuses and idiots saints and buffoons and everything in between From the early players to the Mad Men of the 1960s and beyond O'Reilly and Tennant offer insights into a rapidly evolving industry Smart and funny The Age of Persuasion provides an entertaining and eye opening look at a world driven by marketing

*Adbusters*, 2005 □□□□, 2009 **Guerrilla marketing: contrainsurgencia y capitalismo en Colombia** Alexander L, Fattal, 2019-04-30 La guerra de marcas es una realidad innegable y el libro Marketing de Guerrilla pormenoriza los esfuerzos que ha realizado el gobierno colombiano para transformar los combatientes guerrilleros de las FARC en ciudadanos consumidores Alexander L Fattal muestra cómo en Colombia el mercado se ha convertido en uno de los principales campos de batalla en el cual se libra la guerra contrainsurgente y se imaginan los futuros del postconflicto Este multifacético estudio de caso presenta varios niveles de an

lisis dando luces sobre un fenómeno más amplio como es el de la convergencia del marketing y el militarismo en el siglo XXI. A partir de una visión global de la guerra de información Marketing de Guerrilla combina la investigación de archivo con un exhaustivo trabajo de campo no solo en el Ministerio de Defensa colombiano y con comunidades de exguerrilleros sino también con exiliados políticos en Suecia y negociadores de paz en La Habana. A lo largo del texto Fattal entrelaza hábilmente las miradas sobre el moderno estado de vigilancia y control, los estudios de paz y conflicto y las intervenciones humanitarias por una parte con un análisis crítico de las técnicas del marketing, la cultura del consumo y el capitalismo tardío por la otra. El resultado es un poderoso análisis de la intersección del conflicto y el consumismo en un mundo donde la gobernanza está cada vez más estructurada por la ideología de marcas y por las guerras vendidas como intervenciones humanitarias. Marketing de Guerrilla es un asombroso e inquietante análisis sobre la mediación del conflicto global lleno de reveladores e inolvidables relatos etnográficos.

*Translating Cuba* Robert S. Lesman, 2021-07-12. Cuban culture has long been available to English speakers via translation. This study examines the complex ways in which English renderings of Cuban texts from various domains (poetry, science fiction, political and military writing, music, film) have represented, reshaped or amended original texts. Taking in a broad corpus, it becomes clear that the mental image an Anglophone audience has formed of Cuban culture since 1959 depends heavily on the decisions of translators. At times a clear ideological agenda drives moves like strengthening the denunciatory tone of a song or excising passages from a political text. At other moments, translators' indifference to the importance of certain facets of a work (such as a film's onscreen text or the lyrics sung on a musical performance) impoverishes the English speaker's experience of the rich weave of self-expression in the original Spanish. In addition to the dynamics at work in the choices translators make at the level of the text itself, this study attends to how paratexts like prefaces, footnotes, liner notes and promotional copy shape the audience's experience of the text.
