MARRIAGE AND CIVILIZATION

HOW MONOGAMY
MADE US HUMAN

WILLIAM TUCKER

Marriage And Civilization How Monogamy Made Us Human

Dan Reiter

Marriage And Civilization How Monogamy Made Us Human:

Marriage and Civilization William Tucker, 2014-02-03 In his stunning new book *Marriage and Civilization* author William Tucker looks at the evidence from biology evolution anthropology history and culture to come to a remarkable conclusion it was the monogamous pairing of male and female unusual among mammals that led to human evolution Moreover it is monogamous marriage that has shaped Western Civilization giving us our sense of justice undergirded Western democracy and is the greatest institution we have for perpetuating human freedom and happiness Yet marriage is now under threat and perhaps not in ways that people suspect We could actually see the de facto abolition of marriage with the state taking many of the responsibilities formerly assumed by the nuclear family Among Tucker's many eye opening observations How primitive polygamy was a retrogression from the original monogamous structure of the human family Why monogamy was essential to the development of ancient Greek democracy Why it was the Catholic Church not the Bible or Christianity in general that was the great defender of monogamous marriage in Western Civilization Why polygamous societies from primitive farming communities to the Mongols to the Muslim world to the early Mormons are internally violent and have bloody borders Why same sex marriage utterly irrelevant in evolutionary terms is a distraction from the real marriage debate we should be having The prospects for monogamous marriage and the dangers if it collapses *Marriage and Civilization* might be the most important provocative and talked about book of the year

Marriage and Civilization William Tucker, 2014-02-03 Marriage built civilization Will its collapse lead to our downfall In *Marriage and Civilization* Tucker takes readers on a journey through the history of the human race to demonstrate how a pattern of life long monogamous pairings has enabled humans to build modern civilization Drawing extensively on biological anthropological and historical evidence Tucker makes the case that marriage is not only a desirable institution for societies it's actually the bedrock of civilization Tucker also examines America and the world's current marriage crisis and the factors that have led to the decline of marriage the dramatic rise of divorce and the epidemic of single parenthood He draws bold predictions about what could happen to American society if marriage collapses entirely and he sketches out the threat from polygamous groups such as fundamental Muslim sects Polygamy Tucker argues not only generates discontent and disorder within a society but promotes violence against others Monogamous marriage is vital not only to our domestic well being but our survival in the face of violent enemies

The Oxford Handbook of Law and Anthropology Marie-Claire Foblets, Mark Goodale, Maria Sapignoli, Olaf Zenker, 2022-04-01 The *Oxford Handbook of Law and Anthropology* is a ground breaking collection of essays that provides an original and internationally framed conception of the historical theoretical and ethnographic interconnections of law and anthropology Each of the chapters in the Handbook provides a survey of the current state of scholarly debate and an argument about the future direction of research in this dynamic and interdisciplinary field The structure of the Handbook is animated by an overarching collective narrative about how law and anthropology have and

should relate to each other as intersecting domains of inquiry that address such fundamental questions as dispute resolution normative ordering social organization and legal political and social identity The need for such a comprehensive project has become even more pressing as lawyers and anthropologists work together in an ever increasing number of areas including immigration and asylum processes international justice forums cultural heritage certification and monitoring and the writing of new national constitutions among many others The Handbook takes critical stock of these various points of intersection in order to identify and conceptualize the most promising areas of innovation and sociolegal relevance as well as to acknowledge the points of tension open questions and areas for future development Understanding the Culture Jeff Myers, 2017-03-01 Addressing issues such as gender identity abortion technology and poverty Dr Myers challenges readers to ask How can an authentic Christian worldview provide a compassionate effective witness in culture today Dr Myers first shows readers what they can learn from Christian history and why today's issues might not be as new as they seem Then he takes them through the significant topics that affect them every day offering biblical ideas for conversing with others in an increasingly hostile culture This capstone book to a groundbreaking worldview trilogy equips readers to apply a bold Christian witness to their relationships with loved ones neighbors and colleagues Relationships 5.0 Elyakim Kislev, 2022 Accessible and compelling Relationships 5.0 reveals the ongoing epochal change in human relationships towards technology meant to fulfill emotional intellectual and physical needs that have until now been met by other humans Big Brains and the Human Superorganism Niccolo Leo Caldararo, 2017-09-05 This book examines why humans have big brains what big brains enable us to do and how specialized brains are associated with eusociality in animals It explores why brains expanded so slowly and then why they stopped growing This book whittles down the theories on brain size evolution to a few that represent testable hypotheses to identify logical and practical explanations for the phenomenon At the core of this book is data derived from original previously unpublished research on brain size in a number of social mammals This data supports the idea that evolution of the brain in humans is the result of social interaction This book also traces the products of the social brain ideology religion urban life housing and learning and adapting to dense complex social interactions It uniquely compares brain evolution in social animals across the animal kingdom and examines the nature of the human brain and its evolution within the social and historical context of complex human social structures **Love Unfolded** Abdur Rahim, 2019-08-08 Where there is love there is life But what love is To understand love at the deepest level we need to know what love is and how it is explained This book attempts to share inspiring insights anecdotal experiences and perhaps incomplete yet valuable materials and viewpoints of general and notable people across the global cultures over time which is presented precisely easy to read and understand to the readers on the matter of love marriage and sexual behavior towards fulfilling the life's most intrinsic desire and happiness The book is for the general public of all sections of global society and culture The three key messages readers shall take away from this book They are a love is the essence b marriage is a bond

and c sex is the ultimate supreme pleasure of life Explaining these themes attempts have been made to broadly discuss about the topics bringing together various ideas from diverse sources historical periods cultures and philosophical perspectives along with contemporary empirical work from psychology sociology anthropology and neuroscience The readers not only will enjoy the many flavors of the substance of the book but also get the facts and analysis of why we approach love marriage relationships and observed or unobserved differences between men and women and what social historical cultural political evolutionary or biological factors might influence them Nonetheless the substance of the book tells the inner most words of every men and women that are being preserved since their young age Finally the book will be of good values and understanding with readers own journey of love marriage and relationship These are the reasons why the readers will buy the book The main objective of the book is to let the readers rethink about the changing pattern of love and relationships over time

Bioarchaeologists Speak Out Jane E. Buikstra, 2018-10-26 Bioarchaeologists who study human remains in ancient historic and contemporary settings are securely anchored within anthropology as anthropologists yet they have not taken on the pundits the way other subdisciplines within anthropology have Popular science authors frequently and selectively use bioarchaeological data on demography disease violence migration and diet to buttress their poorly formed arguments about general trends in human behavior and health beginning with our earliest ancestors While bioarchaeologists are experts on these subjects bioarchaeology and bioarchaeological approaches have largely remained invisible to the public eye Current issues such as climate change droughts warfare violence famine and the effects of disease are media mainstays and are subjects familiar to bioarchaeologists many of whom have empirical data and informed viewpoints both for topical exploration and also for predictions based on human behavior in deep time The contributions in this volume will explore the how and where the data has been misused present new ways of using evidence in the service of making new discoveries and demonstrate ways that our long term interdisciplinarity lends itself to transdisciplinary wisdom We also consider possible reasons for bioarchaeological invisibility and offer advice concerning the absolute necessity of bioarchaeologists speaking out through social media

Sex Matters Mona Charen, 2018-06-26 Author of the New York Times bestseller Useful Idiots and popular columnist Mona Charen takes a close reasoned look at the aggressive feminist agenda undermining the success and happiness of men and women across the country In this smart deeply necessary critique Mona Charen unpacks the ways feminism fails us at home in the workplace and in our personal relationships by promising that we can have it all do it all and be it all Here she upends the feminist agenda and the liberal conversation surrounding women s issues by asking tough and crucial questions such as Did women s full equality require the total destruction of the nuclear family Did it require a sexual revolution that would dismantle traditions of modesty courtship and fidelity that had characterized relations between the sexes for centuries Did it cause the broken dating culture and the rape crisis on our college campuses Did it require war between the sexes that would deem men the enemy of women Have the strides of feminism made women happier in their

home and work life The answer is No Sex Matters tracks the price we have paid for denying sex differences and stoking the war of the sexes family breakdown declining female happiness aimlessness among men and increasing inequality Marshaling copious social science research as well as her own experience as a professional as well as a wife and mother Mona Charen calls for a sexual ceasefire for the sake of women men and children Love and Freedom Jorge N. Ferrer,2021-06-24 In Love and Freedom Jorge Ferrer proposes a paradigm shift in how romantic relationships are conceptualized a step forward in the evolution of modern relationships In the same way that the transgender movement surmounted the gender binary Ferrer defines how a parallel step can and should be taken with the relational style binary This book offers the first systematic discussion of relationship modes beyond monogamy and polyamory as well as introduces the notion of relational freedom as the capability to choose one's relational style free from biological psychological and sociocultural conditionings To achieve these goals Ferrer first discusses a number of critical categories specifically monopride polyphobia and polypride monophobia that mediate the contemporary mono poly wars that is the predicament of mutual competition among monogamists and polyamorists The ideological nature of these mono poly wars is demonstrated through a review of available empirical literature on the psychological health and relationship quality of monogamous and polyamorous individuals and couples Then after showing how monogamy and polyamory ultimately reinforce each other Ferrer articulates three relational pathways to living in between through and beyond the mono poly binary fluidity hybridity and transcendence Moving beyond that binary opens a fuzzy liminal and multivocal relational space that Ferrer calls novogamy In this groundbreaking book readers will learn practical tools to not only transform jealousy but also enhance their relational freedom while being aware of key issues of diversity and social justice They will also learn novel criteria to evaluate the success of their intimate relationships and be introduced to a transformed vision of romantic love beyond both monocentrism and emerging polynormativities

A Research Agenda for Political Demography Sciubba, Jennifer D.,2021-08-27 Exploring how demographic dynamism continues to shape the character of societies this forward looking Research Agenda offers insights into how the human population has undergone fundamental demographic shifts and the impact these have had on how we organize ourselves politically the design of our economic systems and even our societal relationships

Just Married Stephen Macedo,2017-05-09 The case for marriage equality and monogamy in a democratic society The institution of marriage stands at a critical juncture As gay marriage equality gains acceptance in law and public opinion questions abound regarding marriage's future Will same sex marriage lead to more radical marriage reform Should it Antonin Scalia and many others on the right warn of a slippery slope from same sex marriage toward polygamy adult incest and the dissolution of marriage as we know it Equally many academics activists and intellectuals on the left contend that there is no place for monogamous marriage as a special status defined by law Just Married demonstrates that both sides are wrong the same principles of democratic justice that demand marriage equality for same sex couples also lend support to monogamous

marriage Stephen Macedo displays the groundlessness of arguments against same sex marriage and defends marriage as a public institution against those who would eliminate its special status or supplant it with private arrangements Arguing that monogamy reflects and cultivates our most basic democratic values Macedo opposes the legal recognition of polygamy but agrees with progressives that public policies should do more to support nontraditional caring and caregiving relationships Throughout Macedo explores the meaning of contemporary marriage and the reasons for its fragility and its enduring significance His defense of reformed marriage against slippery slope alarmists on the right and radical critics of marriage on the left vindicates the justice and common sense of the emerging consensus Casting new light on today s debates over the future of marriage Just Married lays the groundwork for a stronger institution

Living in Happiness in a Complex World Charles P. Nemeth,2020-02-29 In Living in Happiness in a Complex World Aristotle and Aquinas formulate a dependable and perennial recipe and rule for happiness Readers can compare and contrast these two approaches to human happiness that of Aristotle and Aquinas with more contemporary visions and then decide what works and what does not As a result readers encounter a series of delineated problems that inevitably lead to either happiness or distress such as drug and alcohol usage sexual gratification sexual promiscuity marriage or non marriage family natural family planning versus artificial interference materialism power and greed to name a few In the final analysis the text lays out two versions of how one encounters these problems and attractions and by the use of data empirical evidence about the current state of social conditions gives life to a classical vision for human happiness

Conservatism, Past and Present Tristan J. Rogers,2025-01-31 In Conservatism Past and Present A Philosophical Introduction Tristan J Rogers argues that philosophical conservatism is a coherent and compelling set of historically rooted ideas about conserving and promoting the human good Part I Conservatism Past presents a history of conservative ideas exploring themes such as the search for wisdom the limits of philosophy reform in preference to revolution the relationship between authority and freedom and liberty as a living tradition Major figures include Aristotle Saint Thomas Aquinas Edmund Burke G W F Hegel and Roger Scruton Part II Conservatism Present applies philosophical conservatism to contemporary conservative politics focusing on issues such as nationalism populism the family education and responsibility Rogers shows that conservatism has been defined differently at different times as a loose set of connected ideas reacting against the French Revolution as a kind of disposition or instinct in favor of the status quo and more recently as any ideas opposed to the political left But he also allows a set of questions to guide his argument for conservatism s merits What is conservatism Is it a coherent and attractive philosophy What are conservatives for And how is today s conservatism related to its past In his answers Rogers paints a compelling and coherent picture of an aligned and attractive set of ideas

Morality Jonathan Sacks,2020-09-01 A distinguished religious leader s stirring case for reconstructing a shared framework of virtues and values With liberal democracy embattled public discourse grown toxic family life breaking down and drug abuse and depression on the rise many fear what the future holds In Morality

respected faith leader and public intellectual Jonathan Sacks traces today's crisis to our loss of a strong shared moral code and our elevation of self interest over the common good We have outsourced morality to the market and the state but neither is capable of showing us how to live Sacks leads readers from ancient Greece to the Enlightenment to the present day to show that there is no liberty without morality and no freedom without responsibility arguing that we all must play our part in rebuilding a common moral foundation A major work of moral philosophy Morality is an inspiring vision of a world in which we can all find our place and face the future without fear Untrue Wednesday Martin,2018-09-18 From the 1 New York Times bestselling author of Primates of Park Avenue a bold timely reconsideration of female infidelity that will upend everything you thought you knew about women and sex What do straight married female revelers at an all women's sex club in LA have in common with nomadic pastoralists in Namibia who bear children by men not their husbands Like women worldwide they crave sexual variety novelty and excitement In ancient Greek tragedies Netflix series tabloids and pop songs we've long portrayed such cheating women as dangerous and damaged We love to hate women who are untrue But who are they really And why in this age of female empowerment do we continue to judge them so harshly In Untrue feminist author and cultural critic Wednesday Martin takes us on a bold fascinating journey to reveal the unexpected evolutionary legacy and social realities that drive female faithlessness while laying bare our motivations to contain women who step out Blending accessible social science and interviews with sex researchers anthropologists and real women from all walks of life Untrue challenges our deepest assumptions about ourselves monogamy and the women we think we know From recent data suggesting women may struggle more than men with sexual exclusivity to the revolutionary idea that females of many species evolved to be promiscuous to Martin's trenchant assertion that female sexual autonomy is the ultimate metric of gender equality Untrue will change the way you think about women and sex forever Perspectives on Working Life Matthew Etherington,2021-02-24 This book serves to begin an important discussion about work an activity that consumes most of our lives Our work means a lot to us even to those who do not enjoy the toil This text investigates work from diverse worldviews theories and viewpoints including cultural religious humanist and Indigenous It operates on the premise that our work lives can be more deeply understood and appreciated when exposed to perspectives of reality that are different from our own Moving closer to understanding different ways of knowing and experiencing work will yield new insights about the intersection of relationships and crisis at work Daily Life in Postcolonial Africa Toyin Falola,2025-05-15 Delve into the ways Africa has transformed since the continent was freed from colonial rule In its exploration of the complex and ever changing fabric of African lives after the end of colonial power this book offers readers insight into how daily life has changed for Africans over the last 75 years and what it looks like today The book covers various aspects of the lives of the peoples of Africa in the post colonial era such as domestic life economic activities intellectual pursuits material culture political power leisure and spiritual engagements This addition to the Daily Life through History series recognizes the

anguish of previous experiences of colonial rule while simultaneously commemorating the optimism and liveliness of the present and future of Africa Discussing large moments Nelson Mandela s presidency or South Africa hosting the FIFA world cup to the small what a typical meal or holiday might look like for those across the continent this book is an homage to the eternal essence of Africa and its inhabitants Ultimately the volume provides readers a glimpse into the diverse lived experiences across this remarkable continent as it navigates the intricacies of post colonial existence and establishes its trajectory on the international platform

Atheism? Stephen E. Parrish, 2019-05-06 Does atheism have a monopoly on reason and science Many think so or simply assume so Atheism challenges the many hidden assumptions that have led to the popular belief that atheism is the default position for explaining reality Delving into the most basic and fundamental questions of existence this thought provoking book explains that atheism does not and cannot provide a secure foundation for thought and life Specifically it demonstrates that atheistic theories cannot explain the existence of an ordered universe the conundrums of consciousness and knowledge or why there is morality or beauty Rather than being the result of reason atheism is shown to be in effect a revolt against reason If you enjoy pondering the most basic issues that confront us in our world today then *Atheism* is the book for you

Understanding War and Peace Dan Reiter, 2023-07-20 Undergraduate multi author textbook by leading conflict scholars focusing on the roots of global conflicts and the various means used to resolve them

Marriage And Civilization How Monogamy Made Us Human Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has become much more apparent than ever. Marriage And Civilization How Monogamy Made Us Human Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Marriage And Civilization How Monogamy Made Us Human PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational

resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Marriage And Civilization How Monogamy Made Us Human PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Marriage And Civilization How Monogamy Made Us Human free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Marriage And Civilization How Monogamy Made Us Human Books

1. Where can I buy Marriage And Civilization How Monogamy Made Us Human books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
