some form of psychological or personal challenges For instance when the sacral chakra is blocked it tends to manifest as digestive discomfort or changes in appetite And since the sacral chakra is directly related to the core creativity and identity of a person the most common reasons for blockages aren't far fetched Common examples include little to no time spent on self development and unsatisfying careers An understanding of the nature and importance of every chakra will help them identify and locate disruptions as they occur On the flip side there is a possibility of working out a way to restore balance to the chakras In the same vein these blockages can be removed regardless of their place of occurrence From meditating to chakra yoga to lifestyle changes all geared towards unblocking the chakras one can do many things to clear problems in the chakra system Many thanks for purchasing this book I believe the content has opened your eyes to the reality of mental and spiritual health helping you find balance and live a whole and satisfying life Warmest regards Amelie Novak
