**Greater Community Spirituality** Marshall Vian Summers,2013-09-28 In the Greater Community of Worlds the idea of God is presented differently than it is in this world In the Greater Community the idea of God must be translatable from one society to another where the customs and the rituals the ideas and the areas of specific application will be unique to each world s spiritual awareness and devotional practices All that can be translated is the pure experience of Knowledge the experience of Universal Mind profound awareness and total relationship This is the experience which will be presented in this book an experience of translatable spirituality that is shared between intelligent life everywhere Its application is universal Its experience is universal Its communication is universal The direction that it establishes for sentient beings everywhere is universal Greater Community Spirituality encompasses a larger panorama of life and includes all that has been created here and beyond in all dimensions in all frameworks So complete is it that you cannot fathom its Mystery exhaust its Wisdom or penetrate its Knowledge But you can be the recipient of these things and you can translate them into your own experience and apply them here at great benefit to yourself and to others The world is now emerging into a Greater Community of Worlds Therefore it is necessary for Greater Community Spirituality to be presented here to enable humanity to prepare mentally emotionally and spiritually for the great change that is coming and the great opportunities that this change represents To learn about the Greater Community you must learn of its reality This then is a blessing that you may receive a Greater reality a Greater religion and a Greater God     *Preparing for the Greater Community* Marshall Vian Summers,2020-06-30 Contact has begun yet it is not Contact of a beneficial form for humanity We are facing an alien Intervention into human affairs and this represents a threat to our freedom and survival as a race And yet it also represents a great opportunity Our isolation in the universe is now over and humanity s emergence into the Greater Community has begun This is perhaps the greatest event in human history and it is happening right now in our time Yet we are unaware and unprepared In addition Contact is occurring at a time when we are racing towards a dangerous and uncertain future in our world Humanity is outstripping the Earth of its life giving resources at an alarming rate changing the climate of the world and destroying the natural environment as never before At the same time political social and religious conflict and division are escalating fracturing the human family when instead we must be working to find a real and functioning unity to ensure our collective survival We are divided and this makes us vulnerable to outside influence and intervention from the universe around us     **The Allies of Humanity Book Two** Marshall Vian Summers,2013-09-28 This second set of Briefings from The Allies of Humanity completes a crucial message regarding our vulnerability and potential within the Greater Community the larger physical universe in which we live Communicated by a small group of extraterrestrial observers the Briefings reveal

the true nature and purpose of an extraterrestrial Intervention that has been underway in our world for quite some time This group of observers represents the Allies of Humanity an association of free races in the universe who support the preservation of Knowledge and freedom throughout the Greater Community The Allies distinguish themselves from the intervening forces that are here by maintaining their distance and not engaging directly with us Instead they offer us their wisdom about the realities of life in the universe and a warning about the dangers and consequences of premature human ET contact The arrival of The Allies Briefings was the result of a rare convergence of three powerful forces the extraterrestrial the Divine and the human It was these essential forces that joined to enable The Allies Briefings to be delivered in a form and in a language that can be understood by everyday people In this one book each of these voices is represented the extraterrestrial in the Allies Briefings the Divine in the Teachers Commentaries and the human in the Message from Marshall Vian Summers It was in December 2000 that Marshall received the entire six briefings of The Allies of Humanity Book Two Human Unity Freedom and the Hidden Reality of Contact within 24 hours The Briefings were delivered very quickly for a reason The Allies threatened with being discovered by the Intervention had to give their second set of Briefings to Marshall as quickly as possible before escaping to a distant location far from our Solar System The Allies describe this situation in their Preface to the Second Set of Briefings which is included in this volume Since that time Marshall along with the support of a growing number of courageous people has endeavored to study and to bring The Allies of Humanity Briefings and message to the attention of as many people as possible This ongoing work represents a vital mission and relies upon the contributions of readers everywhere in order to continue Whether or not any further Briefings will be sent here by the Allies is as yet uncertain But what is certain is that the information contained in these two sets of Briefings provides the missing pieces to our understanding of the extraterrestrial presence in the world today and what we must do to begin to prepare The Allies emphasize that these Briefings provide us everything that we need to know to begin this preparation with a clear understanding of our situation We cannot afford to make the same mistakes that so many native peoples have made throughout the course of our own human history regarding their first encounters with explorers from the outside We at New Knowledge Library are proud to be able to present what may prove to be one of the most important documents ever published for the advancement well being and future of humanity We recognize that some people may reject this information out of hand because of its possible association with channeled ET messages However given the high degree of his personal integrity and the extraordinary quality and relevance of his writings Marshall s work stands apart Truly the revelations that have come to us through his work may ultimately prove to be as significant as other Divinely inspired messages in the past that have impacted the course of human history We encourage you the reader to seriously explore the crucial message presented in all of these Briefings in both Book One and Book Two and to share this message with others These Briefings represent a unique and greatly needed communication to all the people of our world at this critical turning point New
