A Student's Guide to Knowing More Than Your Martial Arts Master Len Losik, Ph.D., Len Losik Ph.D., 2016-09-23. *A Student's Guide to Knowing More Than Your Martial Arts Master* is not a how-to martial arts book; it's an academic passage through the gates of martial arts at a level beyond what today's Masters in 3 Years are taught. *A Student's Guide to Knowing More Than Your Martial Arts Master* is the result of the author's desire to increase all student's and instructor's knowledge beyond their own styles, information, and is for those who know little about martial arts or believe they do. This book comprises previously unpublished writings together with simplified and complex explanation to expand the reader's ability to utilize new found knowledge synthesized by the author from the traditional Korean, Okinawa, Chinese, and Japanese. Kata, Kuens, and Hyungs. The author begins by exploding some of the myths of Karate, Taekwondo, Shaolin Fighting Art, and Tang Soo Do as a noble art, and the reader can rest assured that those who take pride in breaking boards, smashing tiles, or those that boast of performing outlandish feats of stripping flesh or plucking out ribs are proving their training to create humility and humbleness did not work and are only doing carnival quality side show tricks. These individuals are playing in the leaves and branches of a great tree without the slightest concept of the existence of a trunk. In his descriptions of Karate, Taekwondo, Chuan Fa, and Tang Soo Do martial arts, the author defines the origins in the ancient methods of unarmed combat in China, Korea, and Japan and their explosive growth as independent fighting methods. The author included in this book and his many others, the need to formulate precisely the communications and explanations between Master and student for what is being taught and why, to establish a standard of academic knowledge of martial arts.
