**How I Became Stupid** Martin Page, 2004-11-30 Ignorance is bliss or so hopes Antoine the lead character in Martin Page's stinging satire *How I Became Stupid* a modern day *Candide* with a Darwin Award like sensibility A twenty five year old Aramaic scholar Antoine has had it with being brilliant and deeply self aware in today's culture So tortured is he by the depth of his perception and understanding of himself and the world around him that he vows to denounce his intelligence by any means necessary in order to become stupid enough to be a happy functioning member of society What follows is a dark and hilarious odyssey as Antoine tries everything from alcoholism to stock trading in order to lighten the burden of his brain on his soul

*The Discreet Pleasures of Rejection* Martin Page, 2010-01-26 Another mordantly hysterical tale from the author of the cult favorite *How I Became Stupid* A funny yet poignant tour of one young man's existential crisis *The Discreet Pleasures of Rejection* is another short novel from France's Martin Page Virgil comes home from work one day to a message on his answering machine his girlfriend is breaking up with him This news should be devastating but instead it's deeply troubling because Virgil doesn't know the woman and doesn't have any memory of being in a relationship with her The event sends Virgil into a tailspin of unrelenting self analysis causing him to question his memory his sanity even his worth as a lover The seamless translation by Bruce Benderson perfectly captures Page's delicate witty style bringing this audacious gem of a novel to English speaking audiences

## **Citizenship and Crisis in Contemporary Brazilian Literature L.**

Lehnen, 2013-04-10 Considering how literary texts address the transformations that Brazil has undergone since its 1985 transition to democracy this study proposes that Brazilian contemporary literature is informed by the struggle for social civil and cultural rights and that literary production has created spaces for historically disenfranchised communities

**The Secret Lives of People in Love** Simon Van Booy, 2010-02-23 Breathtaking chillingly beautiful like postcards from Eden Van Booy's stories are somehow like paintings the characters walk out of and keep walking *Los Angeles Times* In his critically acclaimed debut collection of short stories *The Secret Lives of People in Love* Simon Van Booy explores the sway of fate and power of memory on the lives of lonely and vulnerable people With the same spare economical prose that he brought to his subsequent collection *Love Begins in Winter* winner of the 2009 Frank O'Connor Short Story Award Van Booy creates a profoundly humane and somber resonance with the assured hand of a first rate storyteller *Newsday* *The Secret Lives of People in Love* announces the arrival of a major new voice in fiction

**For Sure** France Daigle, 2013-07-05 *For Sure* is among other things a labyrinth a maze an exploration of the folly of numbers a repository a defense and an illustration of the Chiac language Written in dazzling prose which is occasionally interrupted by surprising bits of information biography and

definitions that appear on the page Daigle perfectly captures the essence of a place and offers us a reflection on minority cultures and their obsession with language It is also the continuing story of Terry and Carmen familiar to us from previous works their children Etienne and Marianne and all those who gravitate around the Babar the local bar in Moncton the Zablonskis Zed Pomme artists and ordinary people who question their place in the world from a distinct point of view that is informed by their geography and by their history politics and culture Masterfully translated from French by award winning translator Robert Majzels For Sure is the moving story of a family and a surprising staggeringly original work that represents a corner of our country Library Journal ,2004 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately *Book Review Index Cumulation* Dana Ferguson,2005-09 Book Review Index provides quick access to reviews of books periodicals books on tape and electronic media representing a wide range of popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications and newspapers Book Review Index is available in a three issue subscription covering the current year or as an annual cumulation covering the past year The Angel Chronicles Gd Thompson Sr,2013-03 The time was the great rift between fallen angels as humans it was the supposed time of the great freedom when there were no rules on earth And that time was when earth wasn t even called earth It was nothing to them and something in the same moment The fallen angels almost had the same kind of planet as Aubrahteery which they gave up It was warm and lit all the time There was no darkness no coldness and no desolation Until their dark hearts took over and began to change their surroundings What the fallen angels also didn t realize was that their new home verged changing with the reality of the darkness lying in the root of their hearts The fallen angels didn t realize that darkness and negativity carried a lot more dead weight with it which is ultimately what forged the slowing planet with all the fallen angels as humans upon her surface *American Book Publishing Record* ,2005 *Style and the Future of Composition Studies* Paul Butler,Brian Ray,Star Medzerian Vanguri,2020-11-02 Style and the Future of CompositionStudies explores style s potential for informing how students are taught to write well and its power as a tool for analyzing the language and discourse practices of writers and speakers in a range of contexts Many college writing teachers operate under the belief that style still refers primarily to the kinds of issues discussed in Strunk and White s popular but outdated book The Elements of Style This work not only challenges this view but also offers theories and pedagogies from diverse perspectives that help teachers and students develop strategic habits and mindsets to negotiate languages genres and discourse conventions The chapters explore the ways in which style directly affects and is affected by multiple sources of shifting disciplinary inquiry contributing new insights by drawing on research in cultural studies sociolinguistics discourse studies translingualism and writing across the curriculum as well as new

approaches to classical rhetorical theory The reemergence of stylistic inquiry can be used dynamically to produce new insights not only about emerging disciplinary interests but also about the study of style as a kind of language in and of itself Style and the Future of Composition Studies demonstrates that style deserves to be a central focus of writing teaching More than just the next style collection the book advocates for style s larger prominence in composition discussions generally It will be of interest to a broad range of students and scholars of writing studies as well as a wider set of readers in academe Contributors Cydney Alexis Laura Aull Anthony Box Jimmy Butts Mike Duncan William FitzGerald Melissa Goldthwaite Eric House TR Johnson Almas Khan Zak Lancaster Eric Leake Andrea Olinger Thomas Pace Jarron Slater Jonathan Udelson
