Masculinities In The Making From The Local To The Global:

Masculinities in the Making James W. Messerschmidt, 2016 In *Masculinities in the Making* James W. Messerschmidt unravels the mysteries surrounding the question of how masculinities are actually made. One of the most respected scholars on the subject of masculinities, Messerschmidt brings together three seemingly disparate groups: wimps, genderqueers, and US presidents to examine what insight each has to offer our understanding of masculinities. The book is unique in its coverage, including a revised structured action theory, an intersectional analysis of sex, gender, and sexuality, and an examination of the differences among masculinities from the local to the global. Messerschmidt provides a fresh, accessible, and provocative argument that significantly advances our knowledge on masculinities. *Routledge International Handbook of Masculinity Studies* Lucas Gottzén, Ulf Mellström, Tamara Shefer, 2019-11-20 The *Routledge International Handbook of Masculinity Studies* provides a contemporary critical and scholarly overview of theorizing and research on masculinities, as well as emerging ideas and areas of study that are likely to shape research and understanding of gender and men in the future. The forty-eight chapters of the handbook take an interdisciplinary approach to a range of topics on men and masculinities related to identity, sex, sexuality, culture, aesthetics, technology, and pressing social issues. The handbook's transnational lens acknowledges both the localities and global character of masculinity. A clear message in the book is the need for intersectional theorizing in dialogue with feminist, queer, and sexuality studies in making sense of men and masculinities. Written in a clear and direct style, the handbook will appeal to students, teachers, and researchers in the social sciences and humanities, as well as professionals, practitioners, and activists. *Gender, Masculinity and Video Gaming* Marcus Maloney, Steven Roberts, Timothy Graham, 2019-11-23 This book examines gender attitudes in Reddit's popular video gaming community, subreddit r/gaming. Video gaming has long been understood as a masculinised social space, and while increasing numbers of girls and women now engage in the pastime, boys and men remain the predominant social actors. Furthermore, the gaming community has been widely identified as a prime case study in broader concerns around toxic masculinity and gendered online harassment. However, there is also underexamined evidence of a growing movement in the community coming forward to voice its collective opposition. Utilising an innovative combination of computational and qualitative methods, the research undertaken here exposes this fuller picture, revealing significant contestation and a spectrum of attitudes that mark out this popular gaming community as a battleground for gender equality. Students and scholars across a range of disciplines, including gender studies, media studies, cultural studies, sociology, games studies, and computer sciences, will find this book of interest. *Young Working-Class Men in Transition* Steven Roberts, 2018-06-27 *Young Working-Class Men in Transition* uses a unique blend of concepts from the sociologies of youth and masculinity, combined with Bourdieusian social theory, to investigate British young working-class men's transition to adulthood. Indeed, utilising data from biographical interviews, as well as an ethnographic observation of social media activity, this volume provides novel insights by following

young men across a seven year time period Against the grain of prominent popular discourses that position young working class men as in crisis or as adhering to negative forms of traditional masculinity this book consequently documents subtle yet positive shifts in the performance of masculinity among this generation Underpinned by a commitment to a much more expansive array of emotionality than has previously been revealed in such studies young men are shown to be engaged in school open to so called women s work in the service sector and committed to relatively egalitarian divisions of labour in the family home Despite this class inequalities inflect their transition to adulthood with the toxicity of neoliberalism rather than toxic masculinity being core to this reality Problematising how working class masculinity is often represented *Young Working Class Men in Transition* both demonstrates and challenges the portrayal of working class masculinity as a repository of homophobia sexism and anti feminine acting It will appeal to students and researchers interested in fields such as youth studies masculinity studies gender studies sociology of education and sociology of work

Messerschmidt, 2018-04-09 The concept of hegemonic masculinity formulated by Raewyn Connell more than three decades ago has been the driving force behind the expanding field of masculinities studies *Hegemonic Masculinity Formulation Reformulation and Amplification* provides the first comprehensive overview of the concept from its original conception to how it has evolved over time The book also examines some of the most powerful ways the concept is being used in contemporary gender studies *Hegemonic Masculinity* describes the development of the concept the actual formulation and initial applications of the concept the eventual reformulation and subsequent applications of that reformulation and finally the amplification of the reformulated concept of hegemonic masculinity The book also includes a chapter theorizing why and how hegemonic masculinities are constructed and the

concluding chapter chronicles the prospects for social change toward more egalitarian gender relations Hegemonic Masculinity Formulation Reformulation and Amplification brings together for the first time in one volume the history of the concept as well as a discussion and examination of some of the most important research accomplished on hegemonic masculinity over the last thirty years **A Man's World?** Bob Pease, Keith Pringle, 2001 Men face common issues but are experiencing them all over the world in very different contexts and are coming up with different priorities and strategies to address them This new series provides a vehicle for understanding this diversity *Masculinity and Aspiration in an Era of Neoliberal Education* Garth Stahl, Joseph Nelson, Derron Wallace, 2017-03-16 This collection investigates the ways in which boys and young men negotiate neoliberal discourse surrounding aspiration and how neoliberalism shapes their identities Expanding the field of masculinity studies in education the contributors offer international comparisons of different subgroups of boys and young men in primary secondary and university settings A cross sectional analysis of race gender and class theory is employed to illuminate the role of aspiration in shaping boys identities which adds nuance to their complex identity work in neoliberal times *Trans Men in Malaysia* Vizla Kumaresan, 2025-10-01 Cutting across the disciplines of trans gender studies and psychology this book examines the psychological decision making process behind twenty three Malaysian trans men s journeys navigating masculinity from childhood through adulthood Using interviews and grounded theory methodology the author analyses how trans men reclaim and redefine a form of resilient masculinity that seeks to divorce itself from patriarchal definitions done through the exploration of relationships with their identities and de linking male identity from masculinity The book examines how trans men redefine their masculinity while maintaining proximity to femininity Trans men unpack expectations of masculinity from Malaysian perspective on race and gender to centre their decision making on their own values and beliefs *The Male Body in Representation* Carmen Dextl, Silvia Gerlsbeck, 2022-03-21 This international and multidisciplinary volume focuses on the male body and constructions of gender in a variety of cultural productions and formats Locating the subject matter in relevant theoretical fields it looks at representations of male bodies in various contexts through paranoid and reparative lenses Organized into four major sections the contributions assembled in this book feature engaging readings of non conforming bodies fashionable bodies passing bodies and pioneering bodies that to different degrees foreground their critical and creative potentials In its full scope the book acknowledges the plurality of gendered experiences and the diversity of male bodies The Male Body in Representation Returning to Matter adds to Cultural Studies scholarship interested in the body and gender in general and contributes to the fields of Masculinity and Body Studies in particular **Violence Against Women in South Asian Communities** Ravi K.
