The Routledge Companion to Masculinity in American Literature and Culture Lydia R. Cooper, 2021-12-26. Recently, the U.S. has seen a rise in misogynistic and race-based violence perpetrated by men expressing a sense of grievance from incels to alt-right activists. Grounding sociological, historical, political, and economic analyses of masculinity through the lens of cultural narratives in many forms and expressions, *The Routledge Companion to Masculinity in American Literature and Culture* suggests that how we examine the stories that shape us in turn shapes our understanding of our current reality and gives us language for imagining better futures. Masculinity is more than a description of traits associated with particular performances of gender. It is more than a study of gender and social power. It is an examination of the ways in which gender affects our capacity to engage ethically with each other in complex human societies. This volume offers essays from a range of established global experts in American masculinity as well as new and upcoming scholars in order to explore not just what masculinity once meant, has come to mean, and may mean in the future in the U.S.; it also articulates what is at stake with our conceptions of masculinity. *The Men's Section* Elana Maryles Sztokman, 2011. A provocative look at the inner world of Orthodox Jewish men who attend partnership synagogues. *The Radical Fiction of Ann Petry* Keith Clark, 2013-06-03. This welcome study delivers a long overdue analysis of the works of Ann Petry, 1908-1997, a major mid-twentieth-century African American author. Primarily known as the sole female member of the Wright School of Social Protest, Petry has been most recognized for her 1946 novel *The Street* about a woman's struggle to raise her son in a hard-scrabble Harlem neighborhood. Keith Clark moves beyond assessments of Petry as a sort of literary descendent of Richard Wright to acclaim her innovative approaches to gender performance, sexuality, and literary technique. Engaging a variety of disciplinary frameworks, including gothic criticism, masculinity and gender studies, queer theory, and psychoanalytic theory, Clark offers fresh readings of Petry's

three novels and collection of short stories Clark explores for example Petry's use of terror in *The Street* where both blacks and whites appear physically and psychically monstrous He also identifies the use of dark comedy and the macabre in her startling depictions of race class gender construction and sexual identity in the stories *The Bones of Louella Brown* and *The Witness* Petry's overlooked second novel *Country Place* set in a deceptively serene bucolic Connecticut hamlet camouflages a world as palsied and nightmarish as the Harlem of her previous work While confirming the black feminist dimensions of Petry's writing Clark also assesses the writer's representations of an array of black and white masculine behaviors some socially sanctioned others transgressive and taboo in her unheralded masterpiece *The Narrows* and her widely anthologized short story *Like a Winding Sheet* Expansive in scope *The Radical Fiction of Ann Petry* foregrounds and analyzes Petry's unique concerns and agile techniques re-introducing and situating her among more celebrated male contemporaries

Engendering Violence in Papua New

Guinea Margaret Jolly, Christine Stewart, Carolyn Brewer, 2012-07-01 This collection builds on previous works on gender violence in the Pacific but goes beyond some previous approaches to domestic violence or violence against women in analysing the dynamic processes of engendering violence in PNG Engendering refers not just to the sex of individual actors but to gender as a crucial relation in collective life and the massive social transformations ongoing in PNG conversion to Christianity the development of extractive industries the implanting of introduced models of justice and the law and the spread of HIV Hence the collection examines issues of troubled masculinities as much as battered women and tries to move beyond the black and white binaries of blaming either tradition or modernity as the primary cause of gender violence It relates original scholarly research in the villages and towns of PNG to questions of policy and practice and reveals the complexities and contestations in the local translation of concepts of human rights It will interest undergraduate and graduate students in gender studies and Pacific studies and those working on the policy and practice of combating gender violence in PNG and elsewhere

Defending Democracy and Securing Diversity Christian Leuprecht, 2013-09-13 Old sergeants say we're here to defend democracy not to practice it. But are they right? The special mandate with which defence and security organizations are tasked imposes unique constraints with respect to the accommodation of diversity which differs from those faced by any other public or private organization. Yet the compound effect of demographic political economic social and legal pressures is making diversity as inevitable in the defence and security sector as in any other organization in advanced industrialized democracies. Owing in part to a dearth of research on the way the defence and security sectors can leverage diversity to enhance their functional imperatives such sectors have been reticent about diversity. The chapters in this volume strive to enlighten the debate by laying out the concepts clarifying theoretical issues and providing empirical evidence. The case studies draw on Canada Guyana the Netherlands South Africa and the United Kingdom. They examine ethno cultural gender and sexual minority diversity in a variety of missions including Bosnia Herzegovina and Afghanistan. The chapters are notable for their methodological pluralism and interdisciplinary range including political science sociology anthropology and psychology. Although scholarly in nature the book is readily accessible to professionals and practitioners alike. This book was published as a special issue of *Commonwealth and Comparative Politics*.

However there is surprisingly little scholarship available on contemporary bodybuilding. *Critical Readings in Bodybuilding* is the first collection to address the contemporary practice of bodybuilding especially the way in which the activity has become increasingly more extreme and to consider much neglected debates of gender eroticism and sexuality related to the activity. Featuring the leading scholars of bodybuilding and the body as well as emerging voices this volume will be a key addition to the fields of Sociology Sport Studies and Cultural Studies.

Feminist Issues Nancy Mandell, 2004
Sells like Teen Spirit Ryan Moore, 2009-12-01 This account of modern rock music skillfully articulates the brutal social truths that compel young people to create meaning and subculture out of chaos. Donna Gaines author of *Teenage Wasteland* In *Sells Like Teen Spirit* Ryan Moore tells the story of how music and youth culture have changed along with the economic political and cultural transformations of American society over four decades. By attending concerts hanging out in dance clubs and after hour bars and examining the do it yourself music scene Moore gives a riveting first hand account of the sights sounds and smells of teen spirit. Moore traces the histories of punk hardcore heavy metal glam thrash alternative rock grunge and riot grrrl music and relates them to wider social changes that have taken place. Alongside the thirty images of concert photos zines flyers and album covers in the book Moore offers original interpretations of the music of a wide range of bands including Black Sabbath Black Flag Metallica Nirvana and Sleater Kinney. Written in a lively

witty style Sells Like Teen Spirit suggests a more hopeful attitude about the ways that music can be used as a counter to an overly commercialized culture showcasing recent musical innovations by youth that emphasize democratic participation and creative self expression even at the cost of potential copyright infringement Brilliantly situates the histories of several musical styles within the political economic and social changes that led to the development of an assortment of rock subgenres engaging *Journal of Youth and Adolescence* *Sociology of Sport Journal*, 2006 **Masculinities and Literary Studies** Josep M. Armengol, Marta Bosch Vilarrubias, Àngels Carabí, Teresa Requena, 2017-02-03 If much of the existing masculinity scholarship has traditionally been grounded in a specific discipline this project provides an innovative methodological approach to the subject of literary masculinities by proving the applicability of interdisciplinary masculinity scholarship namely sociology social work psychology economics political science ecology etc to the literary analysis bridging the traditional gap between the Social Sciences and the Humanities in radically new and profound ways *Reading Canadian Women's and Gender History* Nancy Janovicek, Carmen Nielson, 2019-01-01 Inspired by the question of what's next in the field of Canadian women's and gender history this broadly historiographical volume represents a conversation among established and emerging scholars who share a commitment to understanding the past from intersectional feminist perspectives It includes original essays on Quebecois Indigenous Black and immigrant women's histories and tackles such diverse topics as colonialism religion labour warfare sexuality and reproductive labour and justice Intended as a regenerative retrospective of a critically important field this collection both engages analytically with the current state of women's and gender historiography in Canada and draws on its rich past to generate new knowledge and areas for inquiry **Imagining Masculinities** Katarzyna Kosmala, 2023-04-14 This book examines the intersections between debates in critical studies of men and masculinities and debates on visual representation investigating representations of men and masculinities in contemporary culture and examples of visual art that deconstruct those representations It attends to various spaces associated with heteronormativity including the visible domains of working life leisure and public discourses as well as less visible domains such as private spaces lifestyle desire and sexual agency **Reading Acts in the Discourses of Masculinity and Politics** Eric Barreto, Matthew L. Skinner, Steve Walton, 2017-01-12 This book looks at the Acts of the Apostles through two lenses that highlight the two topics of masculinity and politics Acts is rich in relevant material whether this be in the range of such characters as the Ethiopian eunuch Cornelius Peter and Paul or in situations such as Timothy's circumcision and Paul's encounters with Roman rulers in different cities Engaging Acts from these two distinct but related perspectives illuminates features of this book which are otherwise easily missed These approaches provide fresh angles to see how men masculinity and imperial loyalty were understood experienced and constructed in the ancient world and in earliest Christianity The essays present a range of topics some engage with Acts as a whole as in Steve Walton's chapter on the way Luke Acts perceives the Roman Empire while others focus on particular sections passages and even certain figures

such as in an Christopher Stroup's analysis of the circumcision of Timothy Together the essays provide a tightly woven and deeply textured analysis of Acts The dialogue form of essay and response will encourage readers to develop their own critiques of the points raised in the collection as a whole
