In a large size format with lay flat binding for easy photocopying, the book includes dozens of reproducible lesson plans, instructional activities, assessment forms, and other tools. Purchasers get access to a Web page where they can download and print the reproducible materials. New to This Edition: Differentiation 2.0: the approach has been fine-tuned based on field testing, new research findings, and current standards and response to intervention frameworks. Many additional reproducible tools, such as coaching templates and the Informal Decoding Inventory. Beyond lesson plans and materials, the second edition offers more guidance for designing instruction and grouping students, making it a one-stop resource. Reproducible tools now available to download and print.

Daily Lesson Plans Walter Lowrie Hervey, Melvin Hix, 1912 **Kindergarten and First Grade**, 1919 University of Virginia Record, 1913 **Equity Warriors** George S. Perry (Jr.), George S. Perry, Jr., Joan Richardson, 2022-01-14 Equity leadership is a complex and often perilous endeavor, particularly in our current era of political polarization. The fundamental and paradoxical challenge is advancing equity in a system that was never designed to serve all children. Deep systemic change will happen only when educators and their community partners understand how the interlocking systems in education operate and learn how to crack the codes that have perpetuated those systems. A number of books on equity leadership focus on single improvement strategies, such as equity audits, equitable grading practices, and cultural competence. However, there are few guides to navigating the complex barriers to implementing deep-rooted change. The proposed title is unique in that it honors the complexity of such change but at the same time equips leaders with actionable strategic moves to advance an equity agenda. And while knowing these moves is important, knowing when to make the moves is critical. The moves are non-linear, interconnected, and sometimes overlapping, possibly ambiguous, and always situational.
