

Lesson 1

Dance, Dance, Dance

Grade Levels: K-2

Subjects: Math, Language Arts, Art

Learner Outcomes: The students will add whole numbers from 0-10 using manipulatives, pictures, and mental math.

Duration of Lesson: 45 minutes

Materials: CD or cassette player, Song [One Elephant](#) by Sharon, Lois, and Brahm

Technology Tools/Courseware: Computer, Scan Converter or LCD Display, Internet access

Teacher Notes: It is a good idea to make sure all students have an [internet permission form](#) on file. Although the children are not accessing the internet directly in this initial introduction, they will be doing so in the following sessions.

Procedures:

- Utilize the web site [Sign of Plus](#) and display to the entire group using the scan converter or LCD. Help children understand what the words of the song mean. Get them excited! Energized! Allow them to dance in place as you replay the song.
- Demonstrate the addition process using the children. Have 1 child come forward. Point out that there is ONLY 1 child there. Have another child come forward and call to their attention that **adding one more** child to one child equals two children. Continue to add one more until you have five children.
- Call to their attention the classification system used. For example you used only boys. Do the activity again and use only girls. Do the activity for a third time and use a mixture.
