FEATURES & BENEFITS

Non Electric

Only Davey Kinetico uses the kinetic energy of moving water to power its system instead of electricity – thanks to the patented turbine. So you'll never have to worry about costly repairs or higher electricity bills.

24/7

Our twin tank design allows our system to backwash without ever going offline for round the clock operation. You'll never be interrupted or inconvenienced by regeneration.

Metered Regeneration

Measures water use to accurately determine when it's time to regenerate with clock like precision, resulting in up to 20% less waste water and up to 40% savings in salt. Your softener automatically adjusts to your water use patterns.

Soft Water Rinse

Uses only soft conditioned water to clean the media, which extends the life of the system.
