Mario Botta Volume Iii 1990 1997 Complete Works:

Mario Botta Irena Sakellaridou,2000 This volume presents the work of the Swiss born architect who worked as an assistant to such architecture giants as Le Corbusier and Louis I Kahn before starting his own firm in 1970 and achieving international fame Botta s characteristic respect for topographical conditions and regional sensibilities his deft craftsmanship and the importance of geometric order in his work are evidenced in thirty projects that range from smaller residential buildings to such grandiose projects as the Church of San Giovanni Battista the Jean Tinguely Museum and most famously the San Francisco Museum of Modern Art This detailed study also includes the designs he created for furniture and the stage Mario Botta Architectural Poetics is a thorough survey of the architectural and design work that launched Botta into the pantheon of modern architecture BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Sacred Buildings Rudolf Stegers,2008-05-16 The building of religious structures represents a rare opportunity for the architect to concentrate on the creation of volume space and form Sacred architecture is far less determined than other building tasks by functional requirements norms and standards As a rule it is free to unfold as pure architecture Thus in design terms this building task offers enormous freedoms to the architect At the same time however the special atmospherics of sacred spaces call on the part of the architect for a highly sensitive treatment of religion and the relevant cultural and architectural traditions In a systematic section this volume introduces the design technical and planning fundamentals of building churches synagogues and mosques In its project section it also presents about seventy realized structures from the last three decades Drawing upon his in depth knowledge of the subject and his many years of publishing experience the author offers a valuable analysis of the conceptual and formal aspects that combine to create the religious impact of spaces e g the ground plan the shapes of the spaces the incidence of light and materiality *Mario Botta* Gabriele Cappellato,2008

Prayers in Stone Mario Botta,2005 *Mario Botta* Mario Botta,2001

Key Houses of the Twentieth Century Colin Davies,2006 Featuring over 100 of the most significant and influential houses of the twentieth century For each of the houses included there are numerous accurate scale plans showing each floor together with elevations sections and site plans where appropriate All of these have been specially drawn for this book and are based on the most up to date information and sources

The Oxford Dictionary of Architecture James Stevens Curl,Susan Wilson,2015-02-26 Containing over 6 000 entries from Aalto to Zwinger and written in a clear and concise style this authoritative dictionary covers architectural history in detail from ancient times to the present day It also includes concise biographies of hundreds of architects from history excluding living persons from Sir Francis Bacon and Imhotep to Liang Ssu ch eng and Francis Inigo Thomas The text is complemented by over 260 beautiful and meticulous line drawings labelled cross sections and diagrams These include precise drawings of typical building features making it easy for readers to identify particular period styles This third edition of The Oxford Dictionary of Architecture has been extensively revised and expanded with over 900 new entries

including hundreds of definitions of garden and landscape terms such as Baroque garden floral clock hortus conclusus and Zen garden design Each entry is followed by a mini bibliography with suggestions for further reading The full bibliography to the first edition previously only available online has also been fully updated and expanded and incorporated into this new edition This is an essential work of reference for anyone with an interest in architectural and garden history With clear descriptions providing in depth analysis it is invaluable for students professional architects art historians and anyone interested in architecture and garden design and provides a fascinating wealth of information for the general reader
