Edited with a Memoir, Revised Text, and Notes by W. D. Christie. (The Globe Edition.).** John Dryden,1870 *Poems on various occasions; and translations from several authors. John Dryden, 2003 John Dryden 1631-1700 was the leading writer of his day and a major cultural spokesman following the restoration of Charles II in 1660. His work includes political poems, satire, religious apologies, translations, critical essays, and plays. This authoritative edition brings together a unique combination of Dryden's poetry and prose: all the major poems in full, literary criticism, and translations to give the essence of his work and thinking. The collection includes the poems *MacFlecknoe* and *Absalom and Achitophel* as well as Dryden's classical translations, his versions of Homer, Horace, and Ovid, are reproduced in full. There are also substantial selections from Dryden's Virgil, Juvenal, and other classical writers. Fables Ancient and Modern taken from Chaucer, Ovid, Boccaccio, and Homer; his last and possibly greatest work also appears in full.

The Broadview Anthology of Seventeenth-Century Verse Alan Rudrum, Joseph Black, Holly Faith Nelson, 2020-12-24 The publication of *The Broadview Anthology of Seventeenth-Century Verse and Prose* is a literary event: this comprehensive volume is the first anthology of the period to reflect the breadth of seventeenth-century studies in recent decades. Over one hundred writers are included, from John Chamberlain at the beginning of the century to Elisabeth Singer Rowe at its end. There are generous selections from the work of all major writers, and a representation of the work of virtually every writer of significance. The work of women writers figures prominently, with extensive selections not only from canonical writers such as Behn and Bradstreet but also from other writers such as Katherine Philips and Margaret Cavendish, who have been receiving considerable scholarly attention in recent years. The anthology is broadly inclusive, with writing from America as well as from the British Isles. Memoirs, letters, political texts, travel writing, prophetic literature, street ballads, and pamphlet literature are all here, as is a full representation of the literary poetry and prose of the period, including the poetry of Jonson, the prose of Bacon, the metaphysical poetry of Donne, Herbert, Marvell, and others; the lyric verse of Herrick; and substantial selections from the poetry and prose of Milton and Dryden. While *Samson Agonistes* is included in its entirety, Milton's epic poems have been excluded in order to allow space for other works not so readily accessible elsewhere. The editors have included complete works wherever possible. A headnote by the editors introduces each author, and each selection has been newly annotated.
