Crow, 2005 I am interested only in expressing basic human emotions tragedy ecstasy doom Mark Rothko 1903 1970 said of his paintings If you are moved only by their colour relationships then you miss the point Throughout his career Rothko was concerned with what other people experienced when they looked at his canvases As his work shifted from figurative imagery to luminous fields of colour his concern expanded to the setting in which his paintings were exhibited      **The Oxford Encyclopedia of American Cultural and Intellectual History**, 2013 Over 600 A-Z articles on a wide range of topics in American cultural and intellectual History Explores American cultural and intellectual history from the colonial period to the present day Annotated bibliographies to highlight the major works in the field Expands and updates The Oxford Companion to United States History      Masterworks of American Painting at the De Young Timothy Anglin Burgard, Daniell Cornell, M.H. de Young Memorial Museum, Fine Arts Museums of San Francisco, 2005 Published on the occasion of the reopening of the de Young in Golden Gate Park San Francisco California October 2005 T p verso      **Art Journal**, 1960      *Abysmal* Gunnar Olsson, 2010-03-15 People rely on reason to think about and navigate the abstract world of human relations in much the same way they rely on maps to study and traverse the physical world Starting from that simple observation renowned geographer Gunnar Olsson offers in *Abysmal* an astonishingly erudite critique of the way human thought and action have become deeply immersed in the rhetoric of cartography and how this cartographic reasoning allows the powerful to map out other people's lives A spectacular reading of Western philosophy religion and mythology that draws on early maps and atlases Plato Kant and Wittgenstein Thomas Pynchon Gilgamesh and Marcel Duchamp *Abysmal* is itself a minimalist guide to the terrain of Western culture Olsson roams widely but always returns to the problems inherent in reason to question the outdated assumptions and fixed ideas that thinking cartographically entails A work of ambition scope and sharp wit *Abysmal* will appeal to an eclectic audience to geographers and cartographers but also to anyone interested in the history of ideas culture and art      From Picasso to Pollock Solomon R.
