Marshall McLuhan And Northrop Frye Apocalypse And Alchemy:

Marshall McLuhan and Northrop Frye B.W. Powe, 2014-04-30 Marshall McLuhan and Northrop Frye are two of Canada's central cultural figures, colleagues and rivals whose careers unfolded in curious harmony even as their intellectual engagement was antagonistic. Poet, novelist, essayist and philosopher B. W. Powe, who studied with both of these formidable and influential intellectuals, presents an exploration of their lives and work in *Marshall McLuhan and Northrop Frye: Apocalypse and Alchemy*. Powe considers the existence of a unique visionary tradition of Canadian humanism and argues that McLuhan and Frye represent fraught but complementary approaches to the study of literature and to the broader engagement with culture. Examining their eloquent but often acid responses to each other, Powe exposes the scholarly controversies and personal conflicts that erupted between them and notably the great commonalities in their writing and biographies. Using interviews, letters, notebooks and their published texts, Powe offers a new alchemy of their thought in which he combines the philosophical hallmarks of McLuhan's "The medium is the message" and Frye's "the great code". **Marshall McLuhan and Northrop Frye** Bruce W. The Reception of Northrop Frye, 2021-08-31 The widespread opinion is that Northrop Frye's influence reached its zenith in the 1960s and 1970s after which point he became obsolete his work buried in obscurity This almost universal opinion is summed up in Terry Eagleton's 1983 rhetorical question *Who now reads Frye* In *The Reception of Northrop Frye* Robert D Denham catalogues what has been written about Frye books articles translations dissertations and theses and reviews in order to demonstrate that the attention Frye's work has received from the beginning has progressed at a geomantic rate Denham also explores what we can discover once we have a fairly complete record of Frye's reception in front of us such as Hayden White's theory of emplotments applied to historical writing and Byron Almén's theory of musical narrative The sheer quantity of what has been written about Frye reveals that the only valid response to Eagleton's rhetorical question is a very large and growing number the growth being not incremental but exponential

My Cosmic Trigger Matt Vaughn, 2024-07-11 High strangeness denotes happenings so uncanny they are deemed utterly absurd It involves the intersection of multiple paranormal phenomena revealing an eerie undergirding of reality MY COSMIC TRIGGER is a deep dive into the subject covering its history theories and notable researchers analyzing mechanisms behind this cosmic enigma The author's personal experiences provide a penetrating understanding of the phenomenon by demonstrating how and why extramundane weirdness manifests on a personal level helping people navigate their own synchromystic initiation with a sense of clarity fostering a constructive relationship with odd occurrences not a destabilizing one and enabling readers to successfully pull their own cosmic trigger

The Divine Daughter Andrew Gilchrist, 2019-03-27 Ever feel swept up in a sea of novelty When did the new become more important than the true Andrew Gilchrist found a remedy to today's nausea of novelty in the most familiar elements of narrative and music He has composed a new arrangement from the ideas of Marshall McLuhan Northrop Frye Bernard Lonergan and Jordan Peterson weaving together a promising relationship between what we believe and how we live This book starts a conversation at the crossroads of art literature religion and psychology And it begins with the oldest of stories A boy fell in love with a girl and sung her a song Each chapter in this book charts a series of helpful symbols and sounds drawing attention to the melodies rhythms and tempos that make up our most common experiences The scientific revolution gave birth to a new understanding of the relationship between observer and observed lover and beloved That birth has changed the song However we have not welcomed this new daughter into the family with a proper name or fully recognized her part in our spiritual development With her wisdom we too might find hope and delight in the back and forth journey between tradition and innovation Could her compelling voice and playful character help us prepare for the greatest roles of our lives

Havers, 2025-09-15 The Medium Is Still the Message presents Marshall McLuhan history s foremost philosopher of media as the indispensable guide for understanding the impact of technologies McLuhan 1911 1980 shows that media are not simply tools of communication they create new environments with transformational effects on politics economics culture identity religion and nature Grant N Havers argues that McLuhan s key insight the medium is the message is even more relevant today as humanity grapples with the unintended effects of new media As McLuhan demonstrated a lack of understanding about the power of media technologies allows these entities to become idols that enslave their makers At the same time they encourage human beings to act like gods who can reinvent reality itself all the while leading to the decline of literacy the weakening of democracy the resurgence of tribalism within the global village and the elusive search for identity in cyberspace The Medium Is Still the Message ultimately offers good news using McLuhan s insights human beings can escape the technological cave that they have fashioned for themselves **The Lure of Communication** Andrea Lombardinilo, 2024-02-29 This book addresses the convergence of sociology communication and rhetoric with particular reference to the contemporary expressive and social patterns of mass communication Using rhetoric as a meta conceptual apparatus for the sociology of communication this book offers an original and comprehensive critique of historical social theory alongside 20th century communication researchers The author demonstrates the symbiotic relationship between the rhetorical structures of the media sphere and the new narrative formats in which cultural representation merges into social and civil observation This book will be of interest to academics and students studying sociology communication and cultural studies *Buying Happiness* Bettina Liverant, 2018-06-01 The idea of Canada as a consumer society was largely absent before 1890 but familiar by the mid 1960s This change required more than rising incomes and greater impulses to buy it involved the creation of new concepts Buying Happiness explores the ways public thinkers represented conceptualized and institutionalized new ideas about consumption and consumer behaviours Topics include the state s creation of the first cost of living index in 1914 15 the development of consumer consciousness during the Depression and the ways in which popular magazines encouraged an ethic of cautious consumerism in the postwar period Bettina Liverant s fresh approach connects

changes in consumer consciousness with changes in the economy and behaviour As the figure of the consumer moved from the margins to the centre of social cultural and political analysis the values and concepts associated with consumerism were woven into the Canadian social imagination Toronto New Wave cinema and the anarchist-apocalypse David Christopher,2025-06-10 The Toronto New Wave TNW comprises a group of avant garde filmmakers working in Canada from the 1980s and into the new millennium whose innovative film works share significant affinities with anarchist themes and aesthetics Several of the TNW filmmakers openly identify as anarchists and or acknowledge a debt to anarchism in their production of highly apocalyptic narratives as part of their cinematic political projects However recognition of anarchism s progressive apocalyptic theoretical relevance has yet to be substantially taken up by scholarship in cinema analysis This analysis introduces an anarchist inflected analytical methodology to understand the apocalyptic revelatory political work these films attempt to accomplish in the perceptual space between the filmic texts and both their auteurs and potential viewers and to re locate the TNW within cinema history as an ongoing phenomenon with new significance in an apocalyptic era of digital distribution *The Oxford Handbook of Canadian Cinema* Janine Marchessault,Will Straw,2019-03-20 The chapters in *The Oxford Handbook of Canadian Cinema* present a rich diverse overview of Canadian cinema Responding to the latest developments in Canadian film studies this volume takes into account the variety of artistic voices media technologies and places which have marked cinema in Canada throughout its history Drawing on a range of established and emerging scholars from a range of disciplines this volume will be useful to teachers scholars and to a general readership interested in cinema in Canada Moving beyond the director focused approach of much previous scholarship this book is concerned with communities institutions and audiences for Canadian cinema at both national and international levels The choice of subjects covered ranges from popular genre cinema to the most experimental of artistic interventions Canadian cinema is seen in its interaction with other forms of art making and media production in Canada and at the international level Particular attention has been paid to the work of Indigenous filmmakers members of diasporic communities and feminist and LGBTQ artists The result is a book attentive to the complex social and institutional contexts in which Canadian cinema is made and consumed

Canadian Culinary Imaginations Shelley Boyd,Dorothy Barenscott,2022-03-30 In the twenty first century food is media it is not just on plates but in literature and on screens displayed in galleries studios and public places Canadian Culinary Imaginations provokes new conversations about the food related concepts memories emotions cultures practices and tastes that make Canada unique This collection brings together academics writers artists journalists and curators to discuss how food mediates our experiences of the nation and the world Together the contributors reveal that culinary imaginations reflect and produce the diverse bodies contexts places communities traditions and environments that Canadians inhabit as well as their personal and artistic sensibilities Arranged in four thematic sections Indigeneity and foodways urban suburban and rural environments cultural and national lineages and subversions of categories the essays in this collection

indulge a growing appetite for conversations about creative engagements with food and the world at large As the essays and images in Canadian Culinary Imaginations demonstrate food is more than sustenance as language and as visual and material culture it holds the power to represent and remake the world in unexpected ways **Shakespeare and the World of “Slings & Arrows”** Gary Kuchar,2024-10-15 Slings Arrows starring Susan Coyne Paul Gross Don McKellar and Mark McKinney as members of the New Burbage Theatre Festival was heralded by television critics as one of the best shows ever produced and one of the finest depictions of life in classical theatre Shakespeare scholars however have been ambivalent about the series at times even hostile In Shakespeare and the World of Slings Arrows Gary Kuchar situates the three season series in its cultural and intellectual contexts More than a roman clef about Canada s Stratford Festival he shows it is a privileged window onto major debates within Shakespeare studies and a drama that raises vital questions about the role of the arts in society Kuchar reads the television show ever fluctuating between faith and doubt in the power of drama as an allegory of Peter Brook s widely renowned account of modern theatre The Empty Space mirroring Brook s distinction between holy theatre a quasi sacred vocation and deadly theatre a momentary entertainment Combining contextualized interpretations of the series with subtle formalist readings Kuchar explains how Slings Arrows participates in a broader recuperation of humanist approaches to Shakespeare in contemporary scholarship The result is a demonstration of how and why Shakespeare continues to provide not just entertainment but equipment for living *Shakespeare and Canada* Irena R. Makaryk,Kathryn Prince,2017-03-08 Shakespeare in Canada is the result of a collective desire to explore the role that Shakespeare has played in Canada over the past two hundred years but also to comprehend the way our country s culture has influenced our interpretation of his literary career and heritage What function does Shakespeare serve in Canada today How has he been reconfigured in different ways for particular Canadian contexts The authors of this book attempt to answer these questions while imagining what the future might hold for William Shakespeare in Canada Covering the Stratford Festival the cult CBC television program Slings and Arrows major Canadian critics such as Northrop Frye and Marshall McLuhan the influential acting teacher Neil Freiman the rise of Qu b cois and First Nation approaches to Shakespeare and Shakespeare s place in secondary schools today this collection reflects the diversity and energy of Shakespeare s afterlife in Canada Collectively the authors suggest that Shakespeare continues to offer Canadians remembrance of ourselves This is a refreshingly original and impressive contribution to Shakespeare studies a considerable achievement in any work on the history of one of the central figures in the western literary canon *Arrival* Nick Mount,2017-09-02 The most important book to be written in more than 40 years about the rise of Canadian literature Arrival The Story of CanLit brims and crackles in equal measure with information and energy Winnipeg Free Press A Globe and Mail Top 100 Book National Post 99 Best Books of the Year In the mid twentieth century Canadian literature transformed from a largely ignored trickle of books into an enormous cultural phenomenon that produced Margaret Atwood Alice Munro Michael Ondaatje Mordecai Richler and so
