Historical Dictionary of Lutheranism Günther Gassmann, Mark W. Oldenburg, 2011-10-10 The Reformation of the 16th century was a complex and multifaceted political social cultural and religious process Most historians agree however that in the framework of this process it was the religious and theological efforts to reform and renew the late medieval church decadent and irrelevant in many ways that were the initiating forces that set a broad historical movement in motion Among these reforming religious and theological forces the Lutheran reform movement was the most important and influential one It was the historical impact of the theological genius of the Wittenberg professor Martin Luther 1483 1546 that profoundly changed and shaped the face of Europe and beyond Today Lutheranism has become a worldwide communion of churches that stretches from Germany to Siberia Papua New Guinea Madagascar and Surinam The second edition of the Historical Dictionary of Lutheranism presents information on major theological issues historical developments of Lutheranism worldwide Lutheran ecumenical and missionary involvement and activities worship and liturgy spirituality social ethics inter religious and Jewish relations Lutheranism and the arts theology and important representatives of Lutheranism This is done through a detailed chronology an introductory essay an appendix of Lutheran Churches a bibliography and hundreds of cross referenced dictionary entries This book is an excellent access point for students researchers and anyone wanting to know more about Lutheranism

Homiletical Theology David Schnasa Jacobsen, 2015-02-13 Karl Barth famously argued that all theology is sermon preparation But what if all sermon preparation is actually theology This book pursues a thoroughgoing theological vision for the practice of preaching as a way of doing theology The idea is not just that homiletics is the realm of theological application That would leave preaching in the position of simply implementing a theology already arrived at Instead the vision in these pages is of a form of theology that begins with preaching itself its practice its theories and its contexts Homiletical theology is thus a unique way of doing theology even a constructive theological task in its own right Homiletician David Schnasa Jacobsen has assembled several of the leading lights of contemporary homiletics to help to see its task ever more deeply as theological yet in profoundly diverse ways Along the way readers will not only discover how homileticians do theology homiletically but will deepen the way in which they understand their own preaching as a theological task

An Apostle for Atheists Ole Jakob Løland, 2023-12-28 What is a modern philosopher to make of Paul the apostle What do non Christian philosophers in Europe gain from reading ancient letters from Christianity's first great ideologue and letters addressed to groups of people lost to time To ask this question is to acknowledge that despite religious faith being regarded by many as a stage that our modern societies have left behind contemporary philosophers are confronted with questions such as multiculturalism and religious fundamentalism in the wake of immigration and the increasing presence of religious minorities The Letters of Paul have gained the interest of several philosophers and the interpretations of the apostle have taken many forms Looking closely at Paul's letters which have gained most interest from atheist philosophers The First Letter to the Corinthians and the Letter to the Romans this book offers an overview of the various ways they have been understood It pays close attention also to the readings of Paul in the three thinkers Friedrich Nietzsche and Sigmund Freud canonized as two of the great pillars of the modern critique of religion with Spinoza as one of their important predecessors Confronting these readings with insights not only from the more recent philosophical readings of the apostle but also from historical critical scholarship on the Bible this book lifts the veil over a new picture of the apostle as a figure with potential value for non Christians and atheists An Apostle for Atheists leaves us with ideas that compel us to reconsider Paul's negative reputation for secular modernity and appreciate him as a figure of a radically new politics as well as a renewed psychoanalysis

Reading Christian Theology in the Protestant Tradition Kelly Kapic, Hans Madueme, 2018-01-25 Reading Christian Theology in the Protestant Tradition offers a distinctive approach to the value of classic works through the lens of Protestantism While it is anachronistic to speak of Christian theology prior to the Reformation as Protestant it is wholly appropriate to recognize how certain common Protestant concerns can be discerned in the earliest traditions of Christianity The resonances between the ages became both informative and inspiring for Protestants who looked back to pre reformation sources for confirmation challenge and insight Thus this book begins with the first Christian theologians covering nearly 2000 years of theological writing from the Didache Justin Martyr and Origen to James Cone Jos M guez Bonino and Sallie McFague Five major periods of church history are represented in 12 key works each carefully explained and interpreted by an expert in the field

The Grace of Christ, Third Edition Eric Roessing, 2023-09-28 The purpose of this book is to communicate as clearly as possible Paul's gospel of God in its depth from

what I have learned over five decades of studying Paul's letters and theology. But regardless of how much I have gained from teachers past and present, the bottom line is that the things freely given us by God in Paul's gospel can only be known by the Spirit of God through comparing Paul's Spirit-taught words with Spirit-taught words. 1 Cor 2:12-13. Luther's grasp of how justification in Christ and thus faith in Christ is central is verified by what Paul says in Rom 1:16-17 that in the gospel God's saving righteousness is revealed from Christ's faith to our faith. The message of this book can be summed up as follows: The life of the person in Christ is to be one of trust in Christ for righteousness before God and through that faith, obedience to Christ as Lord. This life is possible because Christ-believers have died with Christ to the lordship of the Sin and the law and are alive to God in Christ. Jesus owned by him as Lord, being one spirit with him. *500 Jahre der Reformation in der Slowakei* Maros Nicak, 2019. Die Theologie Martin Luthers wurde eine inspirierende Basis für die stliche Peripherie der deutschen Reformation im Gebiet der heutigen Slowakei. So rief die wittenbergische Reformation eine spezifische Entwicklung der religiös-politischen Ereignisse in Oberungarn hervor. Der sich enorm verbreitende Protestantismus wurde seitens der habsburgischen Rekatholisierung jedoch systematisch unterdrückt. Die einzelnen Beiträge reflektieren nicht nur die Reformationsgeschichte in Oberungarn, sondern sie beschäftigen sich auch mit der wittenbergischen Hermeneutik, philosophischen Theologie und mit der durch die Reformation geprägten Pädagogik. **Since the Beginning** Kyle R. Greenwood, 2018-09-04. Few passages in the Hebrew Bible have been subject to more scrutiny than Genesis 1 and 2. In this volume, a diverse international team of experts guides readers through interpretations of the Genesis creation stories throughout history, inviting them to consider perspectives from the earliest times to the present. The book offers an accurate description of how these chapters have been read through the centuries, explaining each interpretive approach in its own terms. Each chapter includes sidebars and suggestions for further reading. **A New Creation in Christ** T. Michael Christ, 2024-08-08. What is the most important book on sanctification? For John Murray, it was Walter Marshall's *The Gospel Mystery of Sanctification*. William Cowper praised Marshall: "I think Marshall one of the best and most spiritual expositors of Scripture." The Marrow men also commended Marshall. Even Andrew Murray believed *Gospel Mystery* to be the one book admitted by all to be the standard on sanctification. Marshall's enduring value is well established, yet scarcely any resources explain Marshall's theology. T. Michael Christ's *A New Creation in Christ* fills this void by exploring Marshall's theology in the context of the antinomian and neonomian controversies of Marshall's day. At a time when interlocutors were pushing one another to further extremes, Marshall achieves balance because he grounds sanctification in the believer's union with Christ and deploys two limiting concepts that discourage using one error to refute the other. He insists both that some measure of assurance of salvation must precede actual works of holiness, refuting neonomianism, and that holiness is a necessary part of salvation, countering antinomianism. *A New Creation in Christ* explores how these limiting concepts translate into practical help for those who, as Marshall says, pursue holiness under the guilt and power of indwelling sin. *Slavoj Žižek and*

Christianity Sotiris Mitralaxis, Dionysios Skliris, 2018-07-18 Slavoj Žižek's critical engagement with Christian theology goes much further than his seminal *The Fragile Absolute* 2000 or his *The Puppet and the Dwarf* 2003 or even his discussion with noted theologian John Milbank in *The Monstrosity of Christ* 2009 His reading of Christianity utilising his signature elements of Lacanian psychoanalysis and Hegelian philosophy with modern philosophical currents can be seen as a genuinely original contribution to the philosophy of religion This book focuses on these aspects of Žižek's thought with either philosophy and cultural theory or Christian theology serving as starting points of enquiry Written by a panel of international contributors each chapter teases out various strands of Žižek's thought concerning Christianity and religion and brings them into a wider conversation about the nature of faith These essays show that far from being an outright rejection of Christian thought and intellectual heritage Žižek's work could be seen as a perverse affirmation thereof Thus what he has to say should be of direct interest to Christian theology itself Touching on thinkers such as Badiou Lacan Chesterton and Schelling this collection is a dynamic reading and re-reading of Žižek's relationship to Christianity As such scholars of theology the philosophy of religion and Žižek more generally will all find this book to be of great interest

A Biblical-Theological Introduction to the New Testament Michael J. Kruger, 2016-05-31

Introductions to the New Testament often take a defensive stance focusing on historical critical issues but failing to address the interests and needs of pastors and Bible teachers However with an emphasis on the theology key themes and overall message of each book in the New Testament this collaborative effort of nine biblical scholars takes a more positive and pastorally relevant approach Written from a distinctly Reformed covenantal and redemptive historical perspective this theologically rich expositional resource will equip readers to study and teach each book in the New Testament with clarity and insight
