definition which in fact did not exist A year later Mansfield inserted a similar definition into the common law for the first time also misdescribing it as a long accepted definition and soon misdescribed the unique rules for prosecuting sedition as having an equally ancient pedigree Blackstone and Mansfield were not declaring the law as it had long been but were leading a counter revolution about the breadth of freedoms of press and speech and cloaking it as a summary of a narrow common law doctrine that in fact was nonexistent That conflict of revolutionary view and counter revolutionary view continues today For over a century a neo Blackstonian view has been dominant or at least very influential among historians Contrary to those narrow claims this book concludes that the broad understanding of freedoms of press and speech was the dominant context of the First Amendment and of Fox s Libel Act and that it enjoyed greater historical support *The Latter-Day Saints' Millennial Star* ,1860 **A Dictionary of the English Language** Robert Gordon Latham,1882 An Abridged History of Greek Literature Alfred Croiset,Maurice Croiset,1904 The American Monthly Magazine and Critical Review ,1817
