Lewis, Benjamin Litherland, Pat Cullum, 2019-08-30 This book aims to further a debate about aspects of playing and gaming in connection with history Reaching out to academics professionals and students alike it pursues a dedicated interdisciplinary approach Rather than only focusing on how professionals could learn from academics in history the book also ponders the question of what academics can learn from gaming and playing for their own practice such as gamification for teaching or using play as a paradigm for novel approaches into historical scholarship Playing and gaming are thus understood as a broad cultural phenomenon that cross pollinates the theory and practice of history and gaming alike *The Keys to Bread and Wine* Abigail Agresta, 2022-07-15 How did medieval people think about the environments in which they lived In a world shaped by God how did they treat environments marked by religious difference The Keys to Bread and Wine explores the answers to these questions in Valencia in the later Middle Ages When Christians conquered the city in 1238 it was already one of the richest agricultural areas in the Mediterranean thanks to a network of irrigation canals constructed under Muslim rule Despite this constructed environment drought flooding plagues and other natural disasters continued to confront civic leaders in the later medieval period Abigail Agresta argues that the city's Christian rulers took a technocratic approach to environmental challenges in the fourteenth century but by the mid fifteenth century relied increasingly on religious ritual reflecting a dramatic transformation in the city's religious identity Using the records of Valencia's municipal council she traces the council's efforts to expand the region's infrastructure in response to natural disasters while simultaneously rendering the landscape within the city walls more visibly Christian This having been achieved Valencia's leaders began by the mid fifteenth century to privilege rogations and other ritual responses over infrastructure projects But these appeals to divine aid were less about desperation than confidence in the city's Christianity Reversing traditional narratives of technological progress The Keys to Bread and Wine shows how religious concerns shaped the governance of the environment with far reaching implications for the environmental and religious history of medieval Iberia *History of My Message* Claude Nicolas, 2022-06-10 My book is relative to the message I wrote in a very early of the Sunday Easter April 15 2001 about Jesus Christ and to testimonies that prove his willingness to be with us in any circumstance that overtakes our possibilities And now where Israeli and Palestinian youths are joining engaging in conflict resolution I think my message of Peace and plan of Peace for them can encourage Jewish Christian and Muslim through a human fraternity to embrace the Trinity One manifesting in this way the symbol of David's Star I pray everyday for this union in peace *La historia de Airbnb* Gallagher Leigh, 2018-10-19 C mo tres chicos comunes trastornaron una industria ganaron miles de millones y crearon gran controversia El nico libro sobre la creaci n y crecimiento de la plataforma de hospedaje m s grande del mundo Airbnb comenz como una loca idea de sus cofundadores Brian Chesky Joe Gebbia y Nathan Blecharczyk hoy en d a ha irrumpido la industria hotelera de 500 mil millones de d lares y su valuaci n de 30 mil millones de d lares es mayor que la del
