History, Fiction Or Science? A. T. Fomenko, 2005 The author posits that all generally accepted chronology before the 16th century is in error by hundreds or thousands of years **History** Anatoly T. Fomenko, 2003-10-01 History Fiction or Science is the most explosive tractate on history ever written however every theory it contains no matter how unorthodox is backed by solid scientific data The book is well illustrated contains over 500 graphs copies of ancient manuscripts and countless facts attesting to the falsity of the chronology used nowadays which never cease to amaze the reader Eminent mathematician proves that Jesus Christ was born in 1053 and crucified in 1086 The Old Testament refers to mediaeval events Apocalypse was written after 1486 Does this sound uncanny This version of events is substantiated by hard facts and logic validated by new astronomical research and statistical analysis of ancient sources to a greater extent than everything you may have read and heard about history before The dominating historical discourse in its current state was essentially crafted in the XVI century from a rather contradictory jumble of sources such as innumerable copies of ancient Latin and Greek manuscripts whose originals had vanished in the Dark Ages and the allegedly irrefutable proof offered by late mediaeval astronomers resting upon the power of ecclesial authorities Nearly all of its components are blatantly untrue For some of us it shall possibly be quite disturbing to see the magnificent edifice of classical history to turn into an ominous simulacrum brooding over the snake pit of mediaeval politics Twice so in fact the first seeing the legendary millenarian dust on the ancient marble turn into a mere layer of dirt one that meticulous unprejudiced research can eventually remove The second and greater attack of unease comes with the awareness of just how many areas of human knowledge still trust the three elephants of the consensual chronology to support them Nothing can remedy that except for an individual chronological revolution happening in the minds of a large enough number of people *A History of the Warfare of Science with Theology in Christendom* Andrew Dickson White, 1896 [A History of the warfare of science with theology in Christendom v. 1](#) Andrew Dickson White, 1901 [A History of the Warfare of Science with Theology in Christendom](#) Andrew Dickson White, 2012-02-01 Originally published London D Appleton 1896 With new introduction *A History of the Warfare of Science with Technology in Christendom* Andrew Dickson White, 1960 [Bulletin of Books in the Various Departments of Literature and Science Added to the Public Library of Cincinnati During the Year...](#) Public Library of Cincinnati and Hamilton County, 1879 **The Johns Hopkins University Studies in Historical and Political Science** Anonymous, 2025-09-22 Reprint of the original first published in 1886 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *Aeronautics and Space Bibliography of Adult Aerospace Books and Materials* National Aerospace Education Council (U.S.), 1963 **The Transactions of the Academy of Science of St. Louis** Anonymous, 2025-07-18 Reprint of the original first published in 1886 The Antigonos publishing house specialises in the publication of reprints of
